the Poems of 'Ch' James I Wimsatt, 2009-03-01 On several counts one particular collection of French lyrics made in France in the late fourteenth century University of Pennsylvania MS 15 is the most likely repository of Chaucer's French poems It is the largest manuscript anthology extant of fourteenth century French lyrics in the formes fixes balade rondeaux virelay lay and five stanza chanson with by far the largest number of works of unknown authorship *Collected Poems* Ralph Nixon Currey, 2001 R N Currey's poetry records what happens to men in war and life This is a collection of poems by the poet and writer R N Currey Born in Mafeking in 1907 R N Currey was a soldier poet and at one time a school teacher in Colchester R N Currey is a poet who has pleased poets T S Eliot told him in 1945 that his collection *This Other Planet* was the best war poetry I have seen in these last six years Dylan Thomas was so taken with the wit of Pelican St James's Park that he recited it from memory on a traffic island in front of the BBC just after he had met R N Currey for the first time Roy Campbell Guy Butler and Jack Cope claimed his work for South Africa **A History of Fatigue** Georges Vigarello, 2022-10-14 Stress burn out mental overload the twentieth and twenty first centuries have witnessed an unrelenting expansion of the meaning of fatigue The tentacles of exhaustion insinuated themselves into every aspect of our lives from the workplace to the home from our relationships with friends and family to the most intimate aspects of our lives All around us are the signs of a burn out society a society in which fatigue has become the norm How did this happen This pioneering book explores the rich and little known history of fatigue from the Middle Ages to the present Vigarello shows that our understanding of fatigue the words used to describe it and the symptoms and explanations of it have varied greatly over time reflecting changing social mores and broader aspects of social and political life He argues that the increased autonomy of people in Western societies whether genuine or assumed the positing of a more individualized self and the ever expanding ideal of independence and freedom have constantly made it more difficult for us to withstand anything that constrains or limits us This painful contradiction causes weariness as well as dissatisfaction Fatigue spreads and becomes stronger imperceptibly permeating everything seeping into ordinary moments and unexpected places Ranging from the history of war religion and work to the history of the body the senses and intimacy this history of fatigue shows how something that seems permanently centered in our bodies has over the course of centuries also been ingrained in our minds in the end affecting the innermost aspects of the self

Controlling Readers Deborah L. McGrady, 2012-12-17 Guillaume de Machaut 1300 1377 was the master poet of fourteenth century France He established models for much of the vernacular poetry written by subsequent generations and he was instrumental in institutionalizing the lay reader In particular his longest and most important work the *Voir dit* calls attention to the coexistence of public and private reading practices through its intensely hybrid form sixty three poems and ten songs invite an oral performance while forty six private prose letters as well as elaborate illustration and references to its own materiality promote a physical encounter with the book In *Controlling Readers* Deborah McGrady uses Machaut's corpus as a case study to explore the impact of lay literacy on the culture of late medieval Europe Arguing that Machaut and

his bookmakers were responding to contemporary debates surrounding literacy McGrady first accounts for the formal invention of the lay reader in medieval art and literature then analyses Machaut and his bookmakers innovative use of both narrative and bibliographical devices to try to control the responses of his readers and promote intimate and sensual reading practices in place of the more common public performances of court culture McGrady's erudite and exhaustive study is key to understanding Machaut his works and his influence on the history of reading in the fourteenth century and beyond

Debating the Roman de la Rose Christine McWebb, 2013-10-08 Around the year 1400 the poet Christine de Pizan initiated a public debate in France over the literary truth and merit of the Roman of the Rose perhaps the most renowned work of the French Middle Ages She argued against what she considered to be misrepresentations of female virtue and vice in the Rose Her bold objections aroused the support and opposition of some of the period's most famous intellectuals notable Jean Gerson whose sermons on the subject are important literary documents The Quarrel of the Rose is the name given by modern scholars to the collection of these and other documents including both poetry and letters that offer a vivid account of this important controversy As the first dual language version of the Quarrel documents this volume will be of great interest to medievalists and an ideal addition to the Routledge Medieval Texts series Along with translations of the actual debate epistles the volume includes several relevant passages from the Romance of the Rose as well as a chronology of events and ample biography of source materials

The Writer's Gift or the Patron's Pleasure? Deborah McGrady, 2019-01-02 The Writer s Gift or the Patron s Pleasure introduces a new approach to literary patronage through a reassessment of the medieval paragon of literary sponsorship Charles V of France Traditionally celebrated for his book commissions that promoted the vernacular Charles V also deserves credit for having profoundly altered the literary economy when bypassing the traditional system of acquiring books through gifting to favor the commission When upturning literary dynamics by soliciting works to satisfy his stated desires the king triggered a multi generational literary debate concerned with the effect a work s status as a solicited or unsolicited text had in determining the value and purpose of the literary enterprise Treating first the king s commissioned writers and then canonical French late medieval authors Deborah McGrady argues that continued discussion of these competing literary economies engendered the concept of the writer s gift which vernacular writers used to claim a distinctive role in society based on their triple gift of knowledge wisdom and literary talent
