Evaluation Of National Health Systems:

Federal Evaluations , Contains an inventory of evaluation reports produced by and for selected Federal agencies including GAO evaluation reports that relate to the programs of those agencies *Health System Performance Assessment in the WHO European Region* Fekri O, Centers of Disease Control, Klazinga N, 2018-04-24 The practice of health systems performance assessment HSPA varies across the WHO European Region Consequently there is a need for baseline information about HSPA across Member States This review summarizes HSPA domains and indicators used by Member States in their HSPA or health system related reports The evidence for this review was extracted through a purposive scoping analysis of online and publicly available health systems documents e g national strategic plans for health or health systems national HSPA reports national health target reports published in English by WHO European Region Member States from 2002 to 2015 Each document was reviewed to extract instances on the use of HSPA indicators and to analyse these in terms of the 14 domains of the WHO 2007 health system framework Findings may be useful to identify similarities and differences in HSPA priorities across the Region inform future comparative assessments of health systems and provide preliminary information for potential areas that WHO may need to further support to strengthen health systems at both national and regional levels The efficacy and accessibility of an HSPA for health system partners and citizens will be increased if it is robust with well defined indicators that can be used for comparisons with other systems Decision makers responsible for overseeing HSPA management will benefit from this synthesis to further strengthen existing practices

Health Systems Performance Assessment Christopher J. L. Murray, David B. Evans, 2003-11-06 The World Health Report 2000 has generated considerable media attention controversy in some countries and debate in academic journals This volume brings together in one place the substance of many of these key debates and reports methodological advances and new empiricism reflecting the evolution of the WHO approach since the year 2000 Specifically the volume presents many differing regional and technical perspectives on key issues major new methodological developments and a quantum increase in the empirical basis for cross country performance assessment It also gives the full report of the Scientific Peer Review Group s exhaustive assessment of these new approaches *Health Systems in Transition Mexico* Miguel Á.
