**The Evaluation and Care of Severely Disturbed Children and Their Families** L. Hoffman, 2012-12-06 This book which proposes a developmental view of short term inpatient treatment for severely disturbed children is much needed in our field It is particularly relevant emotionally engaging and a pleasure to read because the writers who are the actual participants and leaders in the milieu program discuss their own experiences with a variety of children The principles of milieu therapy are beautifully described and its application to a diverse ethnic population of sick children is clearly delineated I congratulate Leon Hoffman and his co workers for bringing to the field of child psychiatry a timely and helpful work Irving N Berlin M D Professor of Psychiatry and Pediatrics Director Division of Child and Adolescent Psychiatry and Director Children s Psychiatric Center University of New Mexico School of Medicine Albuquerque New Mexico PREFACE Children who require hospital or residential treatment need an environment that provides a structure to their daily activities Much of the literature on milieu treatment is inadequate because of a lack of integration between the various theoretical frames of reference and their practical application Berlin has stressed the importance of a developmental frame of reference in the organization of a hospital child psychiatry unit The Mount Sinai Medical Center is a large urban institution located on the fringes of a New York City ghetto

**The Evaluation and Care of Severely Disturbed Children and Their Families** Leon Hoffman, 1982-04-01 In-patient Child Psychiatry Jonathan Green, Brian Jacobs, 2013-04-15 Essential Reading for clinicians managers and researchers in child psychiatry this authoritative book provides accessible coverage of essential theory as well as clear practical guidance to inpatient child psychiatric treatment This method of treatment has fallen out of fashion in recent years in favour of community based care but remains a useful setting for treating more seriously ill patients Bringing together contributions from across the profession this book covers the state of the art in current clinical treatment and sets a bold new agenda for the future arguing that inpatient child psychiatric units retain great potential for creative effective relevant treatment Issues in Educational Placement James M. Kauffman, Daniel P. Hallahan, Terry A. Astuto, John Wills Lloyd, 2019-08-07 Placement of students with disabilities in the least restrictive environment has become a central issue in special education To date no comprehensive treatment of placement issues is available especially for students with emotional and behavioral disorders who present particularly difficult placement problems This book combines data and discussions intended to further the understanding of how and why decisions are made to place students with emotional or behavioral disorders in particular educational environments This volume establishes the problem of placement in a contemporary and historical context reviews the literature on placement of students with emotional or behavioral disorders and discusses placement options and concerns about multicultural issues post secondary education law and regulation demands on teachers and policy choices Its goals are to improve understanding of decision processes leading to placement set the stage for improvements in pupils lives in school and elsewhere and stimulate research on the many placement issues
