Evaluation Use and Decision-Making in Society Christina A. Christie, Anne Vo, 2015-06-01 This volume addresses a fundamental and highly debated issue in the evaluation field the use of evaluation information for decision making Chapter authors honor the contributions of Professor Marvin C Alkin to the evaluation use literature and advance our thinking on the topic by exploring a wide range of issues related to the theoretical and practical challenges of using evaluation information to make informed evidence based decisions Readers will come away from this volume with a new and clearer understanding of the theoretical contextual methodological and political dimensions of use and with direction for practice Chapters are written by leading evaluation scholars including Ernest House Stewart Donaldson and Tarek Azzam Eric Barela Richard D Nunneley Jr Jean A King Kelli Johnson and Laura Pejsa Eleanor Chelimsky Michael Quinn Patton and Wanda D Casillas Rodney K Hopson and Ricardo L Gomez Evaluation Use and Decision Making in Society A Tribute to Marvin C Alkin will be of great interest to evaluation students scholars and practitioners This volume has scholarly application for those who desire a state of the art resource for the latest insights and perspectives on one of the most pressing issues that the evaluation field faces today while also serving as a useful guide for both novice and experienced evaluation practitioners It is appropriate for use in a variety of evaluation courses including Introduction to Evaluation and Procedural Issues in Evaluation as well as topical seminars such as Evaluation Use and Decision Making

Evaluation Roots Marvin C. Alkin, 2004-02-19 Concern for evaluation theoretical prescriptions emerged about 40 years ago giving it a history that is both recent enough to be part of the living experience of many of today s theorists and old enough to afford an opportunity for an analysis of how the field has evolved over time This book examines current evaluation theories and traces their evolution with the point of view that theories build upon theories and therefore evaluation theories are related to each other Initially all evaluation was derived from social science research methodology and accountability concerns The way in which these evaluation roots grew to form a tree helps to provide a better understanding of evaluation theory Thus the book uses an evaluation theory tree as its central metaphor The authors posit that evaluation theories can be classified by the extent to which they focus on methods uses or valuing these three approaches form the major limbs of the tree In addition to the authors overview which analyzes the evaluation theory tree and connections among theories the book contains essays by most of the leading evaluation theorists In these pieces the evaluators comment on their own development and give their views of their placement upon the tree

Evaluation Models D.L. Stufflebeam, George F. Madaus, T. Kellaghan, 2005-12-19

This is an up to date revision of the classic text first published in 1983 It includes a historical perspective on the growth of evaluation theory and practice and two comparative analyses of the various alternative perspectives on evaluation It also includes articles representing the major schools of thought about evaluation written by the leaders who have developed these schools and models The final section describes and discusses the Standards for Program Evaluation and the reformation of program evaluation

Interactive Evaluation Practice Jean A. King, Laurie Stevahn, 2012-04-12 You re about to start your first evaluation project Where do you begin Or you re a practicing evaluator faced with a challenging situation How do you proceed How do you handle the interactive components and processes inherent in evaluation practice Use *Interactive Evaluation Practice* to bridge the gap between the theory of evaluation and its practice Taking an applied approach this book provides readers with specific interactive skills needed in different evaluation settings and contexts The authors illustrate multiple options for developing skills and choosing strategies systematically highlighting the evaluator s three roles as decision maker actor and reflective practitioner Case studies and interactive examples stimulate thinking about how to apply interactive skills across a variety of evaluation situations From beginning to end this book is an indispensable resource for those responsible for the evaluation process In essence here s a chance to learn from masters about acquiring mastery What could be more useful Michael Quinn Patton Author of *Utilization Focused Evaluation* At long last a book that explicitly addresses the importance of interpersonal dynamics in evaluation practice Hallie Preskill Executive Director Strategic Learning and Evaluation Center FSG As an evaluator who frequently interacts with a variety of stakeholders and who provides graduate level evaluation training I find *Interactive Evaluation Practice* to be an exceptional addition to the evaluation literature and a useful guide to interacting with various stakeholder groups Chris L S Coryn Western Michigan University

Encyclopedia of Evaluation Sandra Mathison, 2005 All humans are nascent evaluators Evaluation has been with us throughout history and in its modern form has moved from the margins to the centers of organizations agencies educational institutions and corporate boardrooms No longer a specialized part time activity evaluation has become institutionalized a common practice and indeed an important commodity in political and social life The *Encyclopedia of Evaluation* is an authoritative first of its kind who what where why and how of the field of evaluation Covering professional practice as well as academia this volume chronicles the development of the field its history key figures theories approaches and goals From the leading publisher in the field of evaluation this work is a must have for all social science libraries departments that offer courses in evaluation and students and professional evaluators around the world The entries in this *Encyclopedia* capture the essence of evaluation as a practice methods techniques roles people as a profession professional obligations shared knowledge ethical imperatives events places and as a discipline theories and models of evaluation ontological and epistemological issues International Scope Despite the fact that evaluation practice is not institutionalized in the same way around the world the encyclopedia recognizes the international growth of the profession due in large part to

Evaluation Theory, Models, and Applications Daniel L. Stufflebeam, Chris L. S. Coryn, 2014-09-26 The golden standard evaluation reference text Now in its second edition Evaluation Theory Models and Applications is the vital text on evaluation models perfect for classroom use as a textbook and as a professional evaluation reference The book begins with an

overview of the evaluation field and program evaluation standards and proceeds to cover the most widely used evaluation approaches. With new evaluation designs and the inclusion of the latest literature from the field, this Second Edition is an essential update for professionals and students who want to stay current. Understanding and choosing evaluation approaches is critical to many professions and Evaluation Theory Models and Applications Second Edition is the benchmark evaluation guide. Authors Daniel L. Stufflebeam and Chris L. S. Coryn, widely considered experts in the evaluation field, introduce and describe 23 program evaluation approaches, including new to this edition: transformative evaluation, participatory evaluation, consumer feedback, and meta-analysis. Evaluation Theory Models and Applications Second Edition facilitates the process of planning, conducting, and assessing program evaluations. The highlighted evaluation approaches include Experimental and quasi-experimental design evaluations, Daniel L. Stufflebeam's CIPP Model, Michael Scriven's Consumer Oriented Evaluation, Michael Patton's Utilization Focused Evaluation, Robert Stake's Responsive Stakeholder Centered Evaluation, and Case Study Evaluation. Key readings listed at the end of each chapter direct readers to the most important references for each topic. Learning objectives, review questions, student exercises, and instructor support materials complete the collection of tools. Choosing from evaluation approaches can be an overwhelming process, but Evaluation Theory Models and Applications Second Edition updates the core evaluation concepts with the latest research, making this complex field accessible in just one book.

Evaluation Utilization Larry J. Weber, Robert W. Covert, Robert B. Ingle, 1988-10-11. This volume of *New Directions for Program Evaluation* serves as a vehicle to report the observations and practices of evaluators from a number of perspectives regarding the utilization of evaluations. Topical interest groups from the American Evaluation Association are represented in these chapters, as well as authors engaged in research on evaluation. The sourcebook represents a review of factors that promote or inhibit utilization and a compendium of new directions in examining utilization. It provides a forum for the continued examination of the issues and practices associated with the utilization of program evaluations, including a review of old concepts as well as new and emergent ideas about utilization. This is the 39th issue of *New Directions for Program Evaluation*. For more information on the series, please see the Journals and Periodicals page.

Research Handbook on Program Evaluation Kathryn E. Newcomer, Steven W. Mumford, 2024-06-05. In the *Research Handbook on Program Evaluation*, an impressive range of authors take stock of the history and current standing of key issues and debates in the evaluation field. Examining current literature of program evaluation, the *Research Handbook* assesses the field's status in a post-pandemic and social justice-oriented world, examining today's theoretical and practical concerns and proposing how they might be resolved by future innovations. This title contains one or more Open Access chapters.
