Evangelical Ecclesiology Reality Or Illusion:

Evangelical Ecclesiology John Gordon Stackhouse, 2003-11 Howard Snyder George Hunsberger Roger Olson and others examine the state of the evangelical church and offer fresh reflections on ecclesiology today **The Cambridge Companion to Evangelical Theology** Timothy Larsen, Daniel J. Treier, 2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today's most eminent evangelical theologians and important emerging voices Evangelical Theology, Second Edition Michael F. Bird, 2020-10-20 Gospel Centered Theology for Today Evangelical Theology Second Edition helps today's readers understand and practice the doctrines of the Christian faith by presenting a gospel centered theology that is accessible rigorous and balanced According author Michael Bird the gospel is the fulcrum of Christian doctrine the gospel is where God meets us and where we introduce the world to God And as such an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology The text helps readers learn the essentials of Christian theology through several key features including A What to Take Home section at end of every part that gives readers a run down on all the important things they need to know Tables sidebars and questions for discussion to help reinforce key ideas and concepts A Comic Belief section since reading theology can often be dry and cerebral so that readers enjoy their learning experience through some theological humor added for good measure Now in its second edition Evangelical Theology has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think pray preach teach and minister in the world **Evangelical Versus Liturgical?** Melanie Ross, 2014-07-02 In this book Melanie Ross presents a current description of evangelical worship bringing together liturgical scholarship and theological scholarship on American evangelicalism She draws on historical analysis systematic theology and the worship life of two vibrant congregations to argue that the common ground shared by evangelical and liturgical churches is much more important than the differences that divide them From publisher's description The Child in American Evangelicalism and the Problem of Affluence David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child AAEC

through interdisciplinary evangelical engagement of American history sociology and economics Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U S impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross This impediment risks disciplinary formation of the AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity s underside The result is the AAEC s spiritual moral lack in late modernity Chapter 1 introduces the problem of the AAEC Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards Horace Bushnell and Lawrence Richards Chapters 4 and 5 constitute the synchronic perspective of the AAEC Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro s theory of interpretive reproductions and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider s moral theology of affluence Chapter 6 Whither the AAEC concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty first century

For the Life of the World Robert J. Dean, 2016-05-13 What is the church What is its mission in the world Modern Protestantism s inability to provide a clear answer to these seemingly simple questions has resulted in vast confusion amongst pastors about the nature of their calling and has left congregations languishing without a clear reason for existence Many of the voices and allegiances competing for the churches attention have rushed in to fill the void with the result that the church in modernity has frequently found itself captive to the prevailing culture Yet from within the belly of highly culturally accommodated churches both the German pastor theologian Dietrich Bonhoeffer and the American theological ethicist Stanley Hauerwas were able to articulate compelling visions of churches freed from their cultural captivity in order to truly and freely serve God and

neighbor Against the complex and confusing backdrops of Nazi Germany and late twentieth and early twenty first century America respectively Bonhoeffer and Hauerwas sought to recover the ethical and political character of the Christian faith through recalling the church back to the christological center of its faith Together they provide a rich set of complementary and at times mutually correcting resources for the contemporary church as it seeks to faithfully bear witness to Christ amidst the ruins of Christendom

Church State Corporation Winnifred Fallers Sullivan, 2020-07-15 Church and state a simple phrase that reflects one of the most famous and fraught relationships in the history of the United States But what exactly is the church and how is it understood in US law today In Church State Corporation religion and law scholar Winnifred Fallers Sullivan uncovers the deeply ambiguous and often unacknowledged ways in which Christian theology remains alive and at work in the American legal imagination Through readings of the opinions of the US Supreme Court and other legal texts Sullivan shows how the church as a religious collective is granted special privilege in US law In depth analyses of *Hosanna Tabor v EEOC* and *Burwell v Hobby Lobby* reveal that the law tends to honor the religious rights of the group whether in the form of a church as in *Hosanna Tabor* or in corporate form as in *Hobby Lobby* over the rights of the individual offering corporate religious entities an autonomy denied to their respective members In discussing the various communities that construct the church shaped space in American law Sullivan also delves into disputes over church property the legal exploitation of the black church in the criminal justice system and the recent case of *Masterpiece Cakeshop v Colorado Civil Rights Commission* Brimming with insight Church State Corporation provocatively challenges our most basic beliefs about the ties between religion and law in ostensibly secular democracies
