Evangelicalism And The Future Of Christianity

Candy Gunther Brown, Mark Silk

Evangelicalism And The Future Of Christianity:

Evangelicalism and the Future of Christianity Alister E. McGrath, 1994-01 Alister McGrath's confidence in evangelicalism is infectious moving his readers to believe with him that this movement may hold the key to the future of Western Christianity But McGrath is aware of evangelicalism's weaknesses especially its lack of appreciation for history and its own spiritual heritage He proposes then ways for the movement to address its weaknesses and capitalize on its strengths

Evangelicalism & the Future of Christianity Alister E. McGrath, 1995 Alister McGrath's confidence in evangelicalism is infectious moving his readers to believe with him that this movement may hold the key to the future of Western Christianity But McGrath is aware of evangelicalism's weaknesses especially its lack of appreciation for history and its own spiritual heritage He proposes then ways for the movement to address its weaknesses and capitalize on its strengths

Evangelicalism Richard G. Kyle, 2006 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self-serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful *The Future of Evangelicalism in America* Candy Gunther Brown, Mark Silk, 2016-04-26 In *The Future of Evangelicalism in America* thematic chapters on culture spirituality theology politics and ethnicity reveal the sources of the movement's dynamism as well as

significant challenges confronting the rising generations A collaboration among scholars of history religious studies theology political science and ethnic studies the volume offers unique insight into a vibrant and sometimes controversial movement the future of which is closely tied to the future of America

Southern Baptists, Evangelicals, and the Future of Denominationalism David S. Dockery, Ray Van Neste, Jerry Tidwell, 2011 Leading Southern Baptist and Evangelical scholars R Albert Mohler Jr Ed Stetzer Timothy George etc discuss the most significant challenges within denominationalism and evangelicalism *J. I. Packer and the Evangelical Future (Beeson Divinity Studies)* Timothy George, 2009-10-01 J I Packer is one of the most significant evangelical theologians of the last one hundred years In this book a team of leading scholars including Chuck Colson Mark Dever Timothy George Bruce Hindmarsh Edith Humphrey James Earl Massey Alister McGrath David Neff and Richard John Neuhaus assesses Packer s impact on evangelicalism over the past half century and asks what more we can learn from him about ministry and the evangelical future J I Packer himself offers a response and reflection The book also includes a full bibliography of Packer s writings which is the most comprehensive listing of his writings in print

Ancient-Future Faith Robert E. Webber, 1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re present the historic faith In his provocative new work *Ancient Future Faith* Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of *Ancient Future Faith* is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the church s effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the book s educational value Amazon

The Merging of Theology and Spirituality Larry S. McDonald, 2006-07-29 While acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience Alister McGrath believes that spirituality represents the interface between ideas and life between Christian theology and human existence The book explores the centrality of McGrath s theology in the development of his views on spirituality McGrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation Through detailed

examination of McGrath's previous work and the writing of other evangelicals *The Merging of Theology and Spirituality* offers an overview of a unique thinker's contributions and a guide for future theological and spiritual exploration A Future for American Evangelicalism Harold Heie, 2015-04-15 This book proposes that participation in God's Project of Reconciliation is the Center that can hold evangelical Christians together in the midst of great diversity in belief and ecclesiastical practices The author envisions a vibrant future for the Evangelical movement if professing evangelicals can model that rare combination of deep commitment to their own beliefs openness to listening to the beliefs of others and willingness to engage in respectful conversation with those who disagree with them in place of the combativeness that has characterized too much of Evangelicalism in the recent past The book models this type of conversation on such controversial issues as the exclusivity of Christianity the inerrancy of the bible Evangelicalism and morality Evangelicalism and politics scientific models on humanity cosmic and human origins and the future of evangelical higher education *Growing Up Evangelical* Peter Ward, 2013-04-29 This groundbreaking and provocative book charts the recent history and impact of Christian youth work It argues that the extraordinary growth of the evangelical movement in the UK can be attributed to its work among young people and demonstrates how the youth work of one generation shapes the adult church of a later one Peter Ward opens up vital areas of debate has youth work become primarily defensive rather than evangelical Are we afraid to engage creatively with modern culture What hope is there for the church of the future Popular Evangelicalism in American Culture Richard Kyle, 2017-09-18 *Popular Evangelicalism in American Culture* explores the controversies complexities and historical development of the evangelical movement in America and its impact on American culture Evangelicalism is one of the most dynamic and growing religious movements in America and has been both a major force in shaping American society and likewise a group which has resisted aspects of the modern world Organised thematically this book demonstrates the impact of American culture on popular evangelicalism by exploring the following topics politics economics salvation millennialism the megachurch and electronic churches and popular culture This accessible and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America A Future for American Evangelicalism Harold Heie, 2015-04-15 This book proposes that participation in God's Project of Reconciliation is the Center that can hold evangelical Christians together in the midst of great diversity in belief and ecclesiastical practices The author envisions a vibrant future for the Evangelical movement if professing evangelicals can model that rare combination of deep commitment to their own beliefs openness to listening to the beliefs of others and willingness to engage in respectful conversation with those who disagree with them in place of the combativeness that has characterized too much of Evangelicalism in the recent past The book models this type of conversation on such controversial issues as the exclusivity of Christianity the inerrancy of the bible Evangelicalism and morality Evangelicalism and politics scientific models on humanity cosmic and human origins and the future of evangelical higher education Future of

Christianity Alister E. McGrath, 2002-02-11 Christianity is the world's largest religious grouping. It has undergone massive change in the twentieth century and seems poised to undergo major transformations in the next. In this important and timely book, one of Christianity's most prolific and respected writers examines these changes and their implications for the future.

The Future of Faith in American Politics David P. Gushee, 2008 David Gushee argues convincingly that there is in U.S. politics an evangelical center of voters who do not identify with the politics and religion of either the right or the left. Although evangelical Christians are portrayed by the media as conservatives, Gushee claims that the evangelical movement includes nearly even numbers of voters on the right, in the center, and on the left of the political spectrum. He provides portraits of the major figures in each of the three camps, outlines the core convictions of the adherents, and analyzes the strengths and weaknesses of each group's positions. He suggests that the evangelical center is poised for growth; this book could be its manifesto.

J. I. Packer and the Evangelical Future Timothy George, 2009-10 Athletes and actors, models and musicians, pastors and politicians: many have stepped forward, looked in the camera, and proclaimed, "I am second." But most in the "I Am Second" movement are not celebrities. They are ordinary people, and they've come to the simple realization that when God comes first in their lives, everything makes sense. But living second is not easy. It takes grit and humility, submission to God's will, a willingness to listen and serve, and openness to God's healing and call. *Live Second* is a daily guide to making Jesus first in your life. With 365 readings, prayers, action steps, and an online community of support, what you hold in your hands is a tool built to help you make truth, Scripture, and Jesus your number one priority each and every day of the year. Following Jesus is not meant to be easy, just worth it. *Live Second* is exactly what you need as you become the new, inspired God-honoring creation he made you to be.

Karl Barth and the Future of Evangelical Theology Christian T. Collins Winn, 2017-09-28 The theology of Karl Barth has often been a productive dialogue partner for evangelical theology, but for too long the dialogue has been dominated by questions of orthodoxy. Karl Barth and the Future of Evangelical Theology contributes to the conversation through a creative reconfiguration of both partners in the conversation, neither of whom can be rightly understood as preservers of Protestant orthodoxy. Rather, American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post-Reformation era, while Barth is revisited as a theologian attuned both to divine and human agency. In the ensuing conversation, questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God's people. By offering an alternative to the dominant constraints, this book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology.

Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture. This may be particularly true in the United States. Certainly, immigrant Catholicism became Americanized, mainstream Protestantism accommodated itself to the modern world, and Reform Judaism is at home in American society. In *Evangelicalism*, Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative

Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America s culture and unabashedly populist Many Evangelicals view America as God s chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful

The Future of Evangelical Christianity

Donald G. Bloesch,1988 **Architect of Evangelicalism** Carl F. H. Henry,2019-11-27 Discover the ongoing relevance of the essential evangelical In recent years the label evangelical has been distorted and its usefulness questioned No one is better equipped to provide a clear understanding of evangelicalism than the late Carl F H Henry the founding editor of Christianity Today and the most influential theologian of American evangelicalism in the twentieth century While Billy Graham was preaching the gospel to stadiums full of people Henry was working tirelessly to help Christians adopt a worldview that encompasses all of life Architect of Evangelicalism helps us gain a better sense of the roots of American evangelicalism by giving us the best of Henry s Christianity Today essays on subjects such as what defines evangelicalism what separates it from theological liberalism what evangelical Christian education should look like and how evangelicals should engage with society

The Future of Religious Colleges

Paul John Dovre,2002 Building on competent historical and analytical studies of the past decade the contributors consider the state of religious education generally explore the relationship between religious colleges and their sponsoring churches probe a number of successful educational models and examine the influence of public policy on religious colleges
