Evangelicals and American Foreign Policy

Mark R. Amstutz, 2014 Mark Amstutz offers a timely and insightful look at how Evangelicals have shaped America's role in the world and how they can best use their power without compromising their principles

Evangelicals Mark A. Noll, David W. Bebbington, George M. Marsden, 2019-11-25 The past present and future of a movement in crisis What exactly do we mean when we say evangelical How should we understand this many sided world religious phenomenon How do recent American politics change that understanding Three scholars have been vital to our understanding of evangelicalism for the last forty years Mark Noll whose *Scandal of the Evangelical Mind* identified an earlier crisis point for American evangelicals David Bebbington whose *Bebbington Quadrilateral* remains the standard characterization of evangelicals used worldwide and George Marsden author of the groundbreaking *Fundamentalism and American Culture The Shaping of Twentieth Century Evangelicalism* Now in *Evangelicals* they combine key earlier material concerning the history of evangelicalism with their own new contributions about present controversies and also with fresh insights from other scholars The result begins as a survey of how evangelicalism has been evaluated but then leads into a discussion of the movement's perils and promise today *Evangelicals* provides an illuminating look at who evangelicals are how evangelicalism has changed over time and how evangelicalism continues to develop in sometimes surprising ways

The Scandal of the Evangelical Mind Mark A. Noll, 2022-03-15 Winner of the Christianity Today Book of the

Year Award 1995 The scandal of the evangelical mind is that there is not much of an evangelical mind So begins this award winning intellectual history and critique of the evangelical movement by one of evangelicalism s most respected historians Unsparring in his indictment Mark Noll asks why the largest single group of religious Americans who enjoy increasing wealth status and political influence have contributed so little to rigorous intellectual scholarship While nourishing believers in the simple truths of the gospel why have so many evangelicals failed to sustain a serious intellectual life and abandoned the universities the arts and other realms of high culture Over twenty five years since its original publication *The Scandal of the Evangelical Mind* has turned out to be prescient and perennially relevant In a new preface Noll lays out his ongoing personal frustrations with this situation and in a new afterword he assesses the state of the scandal showing how white evangelicals embrace of Trumpism their deepening distrust of science and their frequent forays into conspiratorial thinking have coexisted with surprisingly robust scholarship from many with strong evangelical connections *The Gospel Treasury ...*
