## **Evangelicals And Scripture Tradition Authority And Hermeneutics:**

**Evangelicals & Scripture** Vincent Bacote, Laura C. Miguélez, Dennis L. Okholm, 2004 By definition a high view of Scripture inheres in evangelicalism However there does not seem to be a uniform way to articulate an evangelical doctrine of Scripture Taking up the challenge Vincent Bacote Laura Miguélez and Dennis Okholm present twelve essays that explore in depth the meaning of an evangelical doctrine of Scripture that takes seriously both the human and divine dimensions of the Bible Selected from the presentations made at the 2001 Wheaton Theology Conference the essays approach this vital subject from three directions Stanley J Grenz Thomas Buchan Bruce L McCormack and Donald W Dayton consider the history of evangelical thinking on the nature of Scripture John J Brogan Kent Sparks J Daniel Hays and Richard L Schultz address the nature of biblical authority Bruce Ellis Benson John R Franke Daniel J Treier and David Alan Williams explore the challenge of hermeneutics especially as it relates to interpreting Scripture in a postmodern context Together these essays provide a window into current evangelical scholarship on the doctrine of Scripture and also advance the dialogue about how best to construe our faith in the Word of God living and written that informs not only the belief but also the practice of the church

**Interdisciplinary Perspectives on the Authority of Scripture** Carlos R. Bovell, 2011-09-01 A bold and high quality reflection on how to hold a high view of Scripture once the notion of infallibility is perforce given up **The Enduring Authority of the Christian Scriptures** D. A. Carson, 2016 In this volume thirty seven first rate evangelical scholars present a thorough study of biblical authority and a full range of issues connected to it Recognizing that Scripture and its authority are now being both challenged and defended with renewed vigor editor D A Carson assigned the topics that these select scholars address in the book After an introduction by Carson to the many facets of the current discussion the contributors present robust essays on relevant historical biblical theological philosophical epistemological and comparative religions topics To conclude Carson answers a number of frequently asked questions about the nature of Scripture cross referencing these FAQs to the preceding chapters This comprehensive volume by a team of recognized experts will be the go to reference on the nature and authority of the Bible for years to come Amazon **The Cambridge Companion to Evangelical**

Treier, 2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today's most eminent evangelical theologians and important emerging voices A

*High View of Scripture? (Evangelical Ressourcement)* Craig D. Allert, 2007-06-01 Word Guild 2008 Writing Award Biblical Studies Where did the Bible come from Author Craig D Allert encourages more evangelicals to ask that question In A High View of Scripture Allert introduces his audience to the diverse history of the canon s development and what impact it has today on how we view Scripture Allert affirms divine inspiration of the Bible and in fact urges the very people who proclaim the ultimate authority of the Bible to be informed about how it came to be This book the latest in the Evangelical Ressourcement series will be valuable as a college or seminary text and for readers interested in issues of canon development and biblical authority **The Oxford Handbook of Evangelical Theology** Gerald R. McDermott, 2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject R sum de l diteur **Has God Said?** John Douglas Morrison, 2006-03-01 Has God said Has God actually spoken declared himself and his purposes to us Historically the Christian faith has affirmed God s redemptive revelatory speaking as historical contentful redemptive centrally in Jesus Christ and under Christ and by the Spirit in the text of Holy Scripture But in the past three centuries developments in Western culture have created a crisis in relation to historical divine authority The modern reintroduction of destructive dualisms cosmological and epistemological via Descartes Newton Spinoza and Kant have injured not only the physical sciences e g positivism but Christian theology as well The resulting eclipse of God has permeated Western culture In terms of the Christian understanding of revelation it has meant the separation of God from historical action the rejection of God s actual self declaration and especially in textual form Holy Scripture After critical analysis of these dualistic developments this book presents the problematic effects in both Protestant Schleiermacher Bultmann Tillich and Roman Catholic Rahner Dulles theology The thought and influence of Karl Barth on the nature of Scripture is examined and distinguished from most Barthian approaches The effects of dualistic Barthian thought on contemporary evangelical views of Scripture Pinnock Fackre Bloesch are also critically analyzed and responses made Helm Wolterstorff Packer The final chapter is a christocentric multileveled reformulation of the classical Scripture Principle via Einstein Torrance and Calvin that reaffirms the church s historical identity thesis that Holy Scripture is the written Word of God a crucial aspect of God s larger redemptive revelatory purpose in Christ **The Lost World of Scripture** John H. Walton, Brent Sandy, 2013-11-01 Walton and Sandy summarize what we know of orality and oral tradition as well as the composition and transmission of texts in the ancient Near East and the Greco Roman world and how this shapes our understanding of the Old and New Testaments The authors then translate these insights into a helpful model for understanding the reliability of Scripture **The Crisis of Evangelical Christianity** Keith C. Sewell, 2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The

evangelical outlook is much less scriptural than evangelicals generally assume. When it comes to appreciating the order of creation, our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom, reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies. As a result, we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience. The consequences are frequently enervating and corrosive. Without disregarding what is important in the past, evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism. Evangelicals are encouraged to embrace an integral and full-orbed understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty-first century.

*Inerrancy and the Spiritual Formation of Younger Evangelicals* Carlos R. Bovell, 2007-03-01. In *Inerrancy and the Spiritual Formation of Younger Evangelicals*, readers are urged to consider their pastoral responsibilities toward students. Evangelical leaders and teachers in particular should be more sensitive to the fact that not all younger evangelicals are convinced of the Bible's inerrancy. Some are earnestly searching for an orthodox alternative but in the process becoming spiritually unravelled. As responsible shepherds of God's people, evangelical leaders must better understand the negative effect of presenting inerrancy as a doctrine crucial for faith.

*Canonical Theology* John Peckham, 2016-11-27. What are the roles of canon and community in the understanding and articulation of Christian doctrine? Should the church be the doctrinal arbiter in the twenty-first century? In *Canonical Theology*, John Peckham tackles this complex ongoing discussion by shedding light on issues surrounding the biblical canon and the role of the community for theology and practice. Peckham examines the nature of the biblical canon, the proper relationship of Scripture and tradition, and the interpretation and application of Scripture for theology. He lays out a compelling canonical approach to systematic theology, including an explanation of his method, a step-by-step account of how to practice it, and an example of what theology derived from this canonical approach looks like.

*The Bible Made Impossible* Christian Smith, 2012-08-01. Biblicism, an approach to the Bible common among some American evangelicals, emphasizes together the Bible's exclusive authority, infallibility, clarity, self-sufficiency, internal consistency, self-evident meaning, and universal applicability. Acclaimed sociologist Christian Smith argues that this approach is misguided and unable to live up to its own claims. If evangelical biblicism worked as its proponents say it should, there would not be the vast variety of interpretive differences that biblicists themselves reach when they actually read and interpret the Bible. Far from challenging the inspiration and authority of Scripture, Smith critiques a particular rendering of it, encouraging evangelicals to seek a more responsible, coherent, and defensible approach to biblical authority. This important book has generated lively discussion and debate. The paperback edition adds a new chapter responding to the conversation that the cloth edition has sparked.

Craig L. Blomberg, 2014-04-01 Challenges to the reliability of Scripture are perennial and have frequently been addressed However some of these challenges are noticeably more common today and the topic is currently of particular interest among evangelicals In this volume highly regarded biblical scholar Craig Blomberg offers an accessible and nuanced argument for the Bible s reliability in response to the extreme views about Scripture and its authority articulated by both sides of the debate He believes that a careful analysis of the relevant evidence shows we have reason to be more confident in the Bible than ever before As he traces his own academic and spiritual journey Blomberg sketches out the case for confidence in the Bible in spite of various challenges to the trustworthiness of Scripture offering a positive informed and defensible approach **The Dialogic Evangelical Theology of Veli-Matti Kärkkäinen** Peter Goodwin Heltzel, Patrick Oden, Amos Yong, 2022-02-21 In this book established scholars from different religions regions and disciplines continue the dialogue that Veli Matti Kärkkäinen began in his A Constructive Christian Theology for the Pluralistic World series and respond to his work in light of their diverse expertise and context Each of the three parts focuses on a key area of Kärkkäinen s engaging work 1 highlighting how his method shaped each volume 2 highlighting his commitment to global perspectives and 3 highlighting his interreligious and interdisciplinary dialogue partners Together these essays seek to deepen and extend the impact of Kärkkäinen s work taking it seriously as a substantive model for contemporary systematic theology in listening and engaging with this world **A Practical Primer on Theological Method** Glenn R. **Violence of God** M. Daniel Carroll R.J. Wilgus, 2015-10-16 The prevalence of evil and violence in the world is a growing focus of scholarly attention especially violence done in the name of religion and violence found within the pages of the Old Testament Many atheists consider this reason enough to reject the notion of a supreme deity Some Christians attempt to exonerate God by reinterpreting problematic passages or by prioritizing portrayals of God's nonviolence Other Christians have begun to respond to violence in the Old Testament by questioning the nature of the text itself though not rejecting belief in a good God Wrestling with the Violence of God Soundings in the Old Testament is a response to these challenging issues The chapters in this volume present empathetic holistic and methodologically responsible readings of the Old Testament as Christian Scripture Contributors from different nationalities religious traditions and educational institutions come together to address representative biblical material that depicts violence Chapters address explicit portrayals of divine violence human responses to violence of God and violence in the world alternative understandings of supposedly violent texts and a hopeful future in which violence is no more Rather than attempt to offer a conclusive answer to the issue this volume constructively contributes to the ongoing discussion     The Divine Authenticity of Scripture A. T. B. McGowan, 2008-05-21 Andrew McGowan examines the evangelical understanding of the nature and use of Scripture McGowan emphasizes the work of the Holy Spirit in relation to Scripture and argues that we should speak of spiration rather than inspiration of Scripture     The Priesthood of All Students Timothée Joset, 2023-06-30 Drawing on archival records and firsthand accounts this work explores the history theology and missiology of the International Fellowship of Evangelical Students IFES It examines how IFES's commitment to immediacy mediation and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God's involvement in all aspects of life including the university It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God's people in places and among ideologies where traditional church structures have limited access This book is a powerful reminder of the transformative impact created when believers whether students or otherwise participate in the missio Dei as faithful and creative witnesses in their own contexts Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry
