D. Payne, 2025-09-30 When seeking to understand evangelism it can be difficult to know where to begin due to the wealth of written material available on the topic This one stop textbook offers a comprehensive introduction to evangelism from an evangelical perspective It draws from the diverse and vast literature on the topic to help readers share the gospel at home and throughout the world Understanding Evangelism emerges from the author's experiences as a pastor missionary evangelist and professor of evangelism and from his expertise as a scholar in the field The book provides the necessary biblical knowledge cultural awareness and practical insights for every Christ follower to participate in the privilege of partnering with the Spirit in the world The first part of the book covers contemporary definitions of evangelism the global status of world evangelization and personal motives and ethics for evangelism The second part addresses its biblical and theological foundations while the third part offers a historical overview The fourth part focuses on cultural contexts and effective communication of the gospel The book concludes with contemporary issues that offer practical guidance in the ministry of evangelism Pedagogical tools including case studies sidebars figures and reflection questions help students retain information [The Mandates of the Church](#) Rich Ayo Adekoya, 2015-06-29 In this thought provoking and momentous book the author poses the questions what is the role of the church in our society and should there be any relationship between the state and the church for the development of the society and what could be the effect of such collaboration if there is any In asking on what bases is the church getting involved with the society he explores both the Biblical foundations and three major theories that have emerged about societies and social behaviour Particular attention is

paid to the relationship between religion and social change to the case of the church in Lagos Nigeria as an agent of social and political change in society Using a thematic structure Richard Adekoya illustrates different roles the church can play in society especially in a democratic milieu for example humanity services educational development spiritual and moral development and social and ethical development He examines the various contributions of the churches in Nigeria right from the missionaries era to the contemporary dispensation The book basically proved that the church mandate is not limited to its evangelical obligations Its involvement in many aspects of peoples lives in society particularly the social and political aspects is part of its cultural mandate This is a challenging book rich in example and wide ranging in scope key ideas that so often appear impossible for the church to practice employment generation political leadership public enlightenment tackling corruption in the polity here practically seem possible Richard Adekoyas excellent work tackles this set of issues in a very thorough way By looking at the issues through the lens of the Bible church history and sociological analysis he makes a powerful theological case for the involvement of the church in the societies in which it finds itself called to give a witness Understandably and helpfully there is a particular emphasis on Nigeria a nation which he knows well By choosing Nigeria as a kind of case history the broader general case is given a particular and penetrating illustration that strengthens his wider argument Dr Martin Robinson Principal ForMission College Birmingham UK *The Oxford Handbook of Evangelical Theology* Gerald R. McDermott, 2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject R sum de l diteur **Kingdom Theology** G. Carlton Moore, 2024-06-18 What this book argues for in today s twenty first century church was a hallmark doctrine of old school Presbyterianism of the nineteenth century the doctrine of the spirituality of the church Which eschatological approach one uses will affect one s understanding of the nature and practice of missions Mission creep the expansion of the church s original objective s is a real concern for the contemporary church and how one understands eschatology affects one s focus on missions The mission of the church is narrow Matt 28 18 20 and the calling of individual believers is broad Rom 12 1 2 If we fail to make this crucial distinction the church s mission will lose its biblical emphasis And if the church s mission is lost then the authority structure instantiated in the offices and officers of the church devolves into illegitimacy because the church is no longer advancing the kingdom ends she was mandated to do by King Jesus If the institutional church fails to do this we will be relinquishing and abdicating and abandoning our most singular and particular and peculiar kingdom of God vocation the harvesting gathering and perfecting of the saints [Catalog of Copyright Entries. Clifton Black, 2018-12-04 C Clifton Black provides a thorough analysis of the most famous prayer in the Christian church the Lords Prayer He begins with an impressionist painting of how the ancients prayed during Jesus time in order to set the context for understanding the prayer he taught his disciples

Throughout the book Black systematically interprets the rich meanings of each part of the Lords prayer Additionally he includes an overview of Christian thought on the Lords Prayer from early church mothers and fathers like Tertullian and Teresa of Avila to modern theologians like Karl Barth Uniquely this book is an academic study of the Lords Prayer with a focus on the rhetorical culture from which it developed as well as the theological literary and historical meanings of the prayer itself The Oxford History of Protestant Dissenting Traditions, Volume V Mark P. Hutchinson, Mark Hutchinson, 2018 Volume V extends the study of the Oxford History of Dissenting Protestant Traditions series into the twentieth century following the spatial cultural and intellectual changes in dissenting identity and practice as these once European traditions globalized and settled down in other places *Marist Evangelizing Action in Higher Education* Instituto Marista, 2022-04-04 The celebration of the 200th anniversary of the founding of our Institute is an exceptional occasion to bring to light this document The Marist Evangelizing Action in Higher Education Just as two centuries ago Marcellin Champagnat and his early brothers contemplated and responded to the clamors of the youth in need of post revolutionary France of the XVIII century the present Marist generations are invited to meet the urgencies of the young world in its context and to be proclamation of the Good News and the project dreamed by God from always Thus we find in the following pages a guiding text that offers in the light of the Gospel and the recent teaching of Pope Francis some of the main keys to what Marist evangelizing action should be in its higher education institutions for the coming times **Philosophy, Science, and Theology of Mission in the 19th and 20th Centuries: The philosophy and science of mission** J. Jongeneel, 1995 **Mission Theology: 1948-1975 Years of Worldwide Creative Tension** Rodger Bassham, 2002-08-19 This volume seeks to be both fair and comprehensive Its critical insights do not prevent the endorsement of an ecumenical latitude consistent with our biblical faith It was written for those who are determined to listen and learn from all whom God has manifestly received and called to holistic mission in today s world Arthur Glasser Professor Fuller Theological Seminary Bassham s comprehensive study of developments in mission theology between 1948 and 1975 is the most thorough and reliable work available on the subject The book is invaluable for an understanding of the crucial issues in world mission during this turbulent period Gerald Anderson Director Overseas Ministries Study Center Bassham has written what ought to become the standard textbook for those seeking to acquire a comprehensive long range perspective on developments in missiology in recent decades Delightfully clear and simple without being simplistic the book shows the remarkable convergence of the main streams of missiological thinking Al Krass Editor The Other Side The Good News of The Kingdom Charles E. Minutes of the General Synod of the Reformed Church in America, 1958-1977 Mildred W. Wiher, 2022-05-16 For the last 50 years one of the most important discussions in global evangelicalism has concerned the idea of holistic mission which proposes the integration of verbal evangelism and social engagement within Christian mission This book examines how key terms such as evangelism and mission have been understood in contemporary evangelical declarations from 1966 to 2011 in the Bible and in the missiological debate It adopts an in depth approach to the historical biblical and theological analysis The main thesis is that the different conceptions of evangelism and mission in general and that of holistic mission in particular have their root in the worldview of the various theologians and Christian leaders

preparing these statements The book evaluates the missiological conceptions of evangelism and mission proposed in the various declarations in the light of the Bible so as to derive a biblical understanding of evangelism and mission **"Not Afraid to Tell the Truth"** Ken M. Schmidt, 2011-07-22 This book was originally intended to be a 3 Volume set or Trilogy but has been shortened to a single volume and edited for publication as a single title Not afraid To Tell The Truth which could be subtitled Exposing the conspiracy of silence in the Last Days it is not a book about discipleship necessarily nor is it a book you could use as a guideline for counseling rather it is a book written with the intention of shedding light upon 13 contrasting themes running through the whole of Gods Word which the author believes have become confused by Western Christian wrong thinking preaching and practice in the last days of the Church age False teachers and heretical teachings have crept into the Church unawares bringing with it a form of captivity similar to the captivity of the nation Israel but with far graver consequences *The Four Pillars of Evangelism* C. L. Thomas, 2011-08-08 What is evangelism Have you ever asked that question For most people the word conjures up a great deal of pictures or thoughts that run the ambit of fanatics running the streets with tracts in their hands to the nice little Christian who models their faith through a quiet lifestyle Is either of these correct Is the answer somewhere in the middle Is there a correct answer at all I believe that there is This book is designed to walk one through the ministry principles and actions of the greatest evangelist of all times Jesus Christ He remains the best example of communicating the good news in a purposeful personal progressive practical and pervasive manner The steps to an effective witness are in following pillar principles demonstrated by Jesus The confidence to be involved in evangelism is

tied to following the pillar principles of evangelism The understanding of what to say how to say it and when to say it are found in the pillar principles of evangelism demonstrated by Jesus and are explained in this book If you desire a practical tool to learn more about evangelism and teach others the same then this book is for you **Reports and Actions of the**
