## **Evatt To Evans The Labor Tradition In Australian Foreign Policy:**

**Evatt to Evans** David Lee, Christopher Waters, 1997 An exploration of whether there is such a thing as a Labor tradition in Australian foreign policy with contributions from David Lee Christopher Waters Gareth Evans and John Burton The book provides no single answer but rather encourages the widest possible debate and range of viewpoints **Making Australian Foreign Policy** Allan Gyngell, Michael Wesley, 2003-06-27 Table of contents **Australian Foreign Policy** Michael O'Keefe, 2023-08-10 How does Australia's unique geographical cultural and historical position influence its approach to foreign policy What key challenges does Australia face on the world stage and how can it overcome them Reflecting the messy reality of foreign policy decision making this book helps you to understand the changes and continuities in Australia's approach For example does the US withdrawal from Vietnam in 1973 and collapse of South Vietnam continue to cast a shadow over Australian foreign policy or is it relevant only in understanding the dynamics of the cold war Using an Australian Strategic Culture framework O'Keefe sheds light on the characteristics that make Australia behave in a way different to any other country and equips you with analytic skills to understand the main debates such as In what sense could Australia be seen as a good international citizen Have national interests trumped global responsibilities How does the intersection between civil society and public opinion interact with foreign policy making This book is essential reading if you are a student of Australian foreign policy as well as of broader Australian domestic politics and international relations

**H.V. Evatt and the Establishment of Israel** Daniel Mandel, 2004 This book provides a valuable study of Evatt the Zionist as well as illuminating a fascinating political figure [Australian Foreign Policy in Asia](#) Allan Patience, 2017-12-12 This book sets out to discuss what kind of middle power Australia is and whether its identity as a middle power negatively influences its relationship with Asia It looks at the history of the middle power concept develops three concepts of middle power status and examines Australia's relationships with China Japan and Indonesia as a focus It argues that Australia is an awkward partner in its relations with Asia due to both its historical colonial and discriminatory past as well its current dependence upon the United States for a security alliance It argues this should be changed by adopting a new middle power concept in Australian foreign policy *Evatt* John Murphy, 2016-09-01 John Murphy's *Evatt* A life is a biography of Australian parliamentarian and jurist H.V. Evatt Remembered as the first foreign minister to argue for an independent Australian policy in the 1940s and for his central role in the formation of the UN Evatt went on to be the leader of the Labor party in the 1950s the time of the split that resulted in the party being out of power for a generation Evatt traces the course of Evatt's life and places him in the context of a long period of conservatism in Australia It treats Evatt's inner personal life as being just as important as his spectacular controversial and eventual tragic public career Murphy looks closely at Evatt's previously unexamined private life and unravels some of the puzzles that have led Evatt to be considered erratic even mad Bert Evatt remains a polarising figure still considered by many in Labor as the man who split the party and by many

conservatives as unreliable and dangerous      *Nonalignment and Peace Versus Military Alignment and War* Nihal Henry Kuruppu, 2004 The Book Posits That The India Australia Relationship Has Greater Significance Than Previously Recognised As The Largest Democracy In The World One Of The Few In The Region That Has Steadfastly Clung To A Robust Democracy In The Face Of Considerable Challenges Including Early Western Pessimism About Its Future Viability India In View Of Some Is On Course To Become A Major Player In Global Trade And Regional Politics In The New Century      **Transition in Power** Peter J. Hugill, 2018-08-15 Hegemonic transitions are never clear and they usually emerge from a period of multi polarity in the world system Two types of state tend to contend for power trading states and territorial states although most states are never pure and tend to contain within them multiple polities with different agendas This book describes the hegemonic transition between two major trading states Britain and America British decline began in the late Victorian era but the transition to American power was slow and other states also sought hegemony Transitions between trading states focus on economic struggle though struggles between trading and territorial states and between territorial states are marked by armed conflict In 1919 President Woodrow Wilson saw three arenas of competition developing between Britain and America in international transportation international communication and petroleum But Britain was challenged economically by America as early as 1861 via the Morrill Tariff her economic hegemony was gone by the 1880s and she was defeated by 1947 From the 1880s on both America and Germany sought to replace Britain as hegemonic power not only through their implementation of protectionist economic policies but also through the adoption of revised versions of the world economy through new technologies and in the case of Germany military power Britain struggled to stay in place Britain s world economy was that of a pure trading state Maritime trade in organic materials was organized through global capitalism and control over submarine cable telecommunications rather than territorial possession America s rise was greatly helped by being a capitalist power in possession of a secure territorial base in the mid section of the North American continent but America suffered from multiple polities competing for power with the South particularly problematic Germany developed a radically new world economy that synthesized resources using organic chemistry German science and technology began to diffuse to American corporate laboratories before World War One After that war diffusion to American laboratories and universities was massive and helped secure American hegemony      **The Good International Citizen: Volume 3, The Official History of Australian Peacekeeping, Humanitarian and Post-Cold War Operations** David Horner, John Connor, 2014-04-17 Volume 3 of the official history of Australian peacekeeping humanitarian and post cold war operations explores Australia s involvement in six overseas missions following the end of the Gulf War Cambodia 1991 99 Western Sahara 1991 94 the former Yugoslavia 1992 2004 Iraq 1991 Maritime Interception Force operations 1991 99 and the contribution to the inspection of weapons of mass destruction facilities in Iraq 1991 99 These missions reflected the increasing complexity of peacekeeping as it overlapped with enforcement of sanctions weapons inspections humanitarian aid

election monitoring and peace enforcement Granted full access to all relevant Australian Government records David Horner and John Connor provide readers with a comprehensive and authoritative account of Australia's peacekeeping operations in Asia Africa and Europe

**Australia and the Birth of the International Bill of Human Rights, 1946-1966** Annemarie Devereux, 2005 Australia and the Birth of the International Bill of Human Rights provides the first in depth examination of Australia's first reactions to international human rights during the negotiations for the International Bill of Rights the Universal Declaration of Human Rights the ICCPR and ICESCR It follows Australian policy from 1946 the first year in which the United Nations began discussing a Bill of Rights until 1966 when the twin Covenants were finalized The book looks at what successive Australian Governments understood by human rights and how they responded to discussion of sensitive domestic topics such as immigration policies self determination for inhabitants of trust territories equal pay for men and women and balancing human rights and national security As well as considering Australian policies towards substantive rights the book looks at Australian policies towards international schemes for protecting rights including early proposals for an International Court of Human Rights and its later support for more modest technical expertise based assistance for States debates often taking place against the background of highly politicised issues such as the Cold War and the fight against apartheid In looking at this 20 year period the book demonstrates the way in which Australian policy changed substantially over time as between Labor and Liberal administrations between Ministers and bureaucrats and as between decision makers with markedly distinct visions of the ideal relationship between citizens and a State and the individual State and the international community In highlighting the diversity of views about human rights this book thus challenges the notion that Australia has historically supported a universally understood set of human rights norms and underlines the number of variables which may be affecting ongoing implementation of human rights standards

**Independent Ally** Shannon Tow, 2017-03-20 Will regional powers in the Asia Pacific have to choose between China and the United States In Independent Ally Shannon Tow challenges this prevailing view She explores how one key regional power Australia has repeatedly developed a strong relationship with a rising power while simultaneously preserving its alliance with a dominant global power Far from being a dependent ally that simply follows the policies of its great and powerful friends Australia has consistently developed and pursued an independent foreign policy toward those great powers that have played an important role in shaping its destiny It has proactively negotiated the terms of its relationships with those powers in ways that have been mutually complementary and that have supported its strategic interests in regional order The extent to which Australia can do so in future relates directly to the findings and lessons this study provides Drawing on newly released archival material and interviews with prominent former policymakers this book examines how six different Australian Prime Ministers successfully navigated these great power relationships over the last century

**JB Chifley** Julie Suares, 2019-03-19 This combined with his rural background and commitment to the labour movement played a major role in the development of his

internationalist perspective Often overlooked by historians Chifley believed that the only way to avoid war and economic depression was through the establishment of international rules based economic and collective security institutions These were beliefs he had held since the early 1930s Chifley was a prime minister with a keen interest in post war Asia who understood that the old colonial order was ending He was a great admirer of the Indian Prime Minister Jawaharlal Nehru This book reveals the extraordinary convergence of worldviews of two fellow internationalists Chifley and Nehru This convergence can be seen in their views on the need to adjust to a changing post colonial world their internationalism their support for the United Nations their opposition to Western colonialism their anti war attitudes and their animosity towards the American and British Cold War framework through which the post war world was viewed Historian Frank Bongiorno wrote about Julie s work on Chifley it is a tremendous achievement to produce such a new vision of a major political figure it is an important contribution to Australian political foreign policy and intellectual history

**Commonwealth Responsibility and Cold War Solidarity** Dan Halvorson, 2019-01-01 Australia s engagement with Asia from 1944 until the late 1960s was based on a sense of responsibility to the United Kingdom and its Southeast Asian colonies as they navigated a turbulent independence into the British Commonwealth The circumstances of the early Cold War decades also provided for a mutual sense of solidarity with the non communist states of East Asia with which Australia mostly enjoyed close relationships From 1967 into the early 1970s however Commonwealth Responsibility and Cold War Solidarity demonstrates that the framework for this deep Australian engagement with its region was progressively eroded by a series of compounding external factors the 1967 formation of ASEAN and its consolidation by the mid 1970s as the premier regional organisation surpassing the Asian and Pacific Council ASPAC Britain s withdrawal from East of Suez Washington s de escalation and gradual withdrawal from Vietnam after March 1968 the 1969 Nixon doctrine that America s Asia Pacific allies must take up more of the burden of providing for their own security and US rapprochement with China in 1972 The book shows that these profound changes marked the start of Australia s political distancing from the region during the 1970s despite the intentions efforts and policies of governments from Whitlam onwards to foster deeper engagement By 1974 Australia had been pushed to the margins of the region with its engagement premised on a broadening but shallower transactional basis

**Ministers, Mandarins And Diplomats** Joan Beaumont, Christopher Waters, David Lowe, 2013-06-14 In the three decades from the beginning of World War II Australia emerged on the world stage as an independent actor in foreign affairs The key institution overseeing the development of Australia s international status and foreign policy during that period was the Department of External Affairs This stimulating collection of essays explores the history of this government department as it grew from being a small amateur bureaucratic player to become a professional global network This book sheds new light on the major figures in Australian international history H V Doc Evatt Percy Spender Richard Casey Garfield Barwick and Paul Hasluck and their relationships with their senior bureaucratic advisers The experiences of Australian diplomats as they joined the

**And The British Embrace** Stuart Ward, 2016-10-18 Until a generation ago Britishness lay at the heart of Australian political culture. How and why did this fundamental idea lose its meaning for Australians and their political institutions? The popular view is that the British ideal succumbed to a triumphant long thwarted Australian nationalism. The reality is much more complex. Having weighed the documentary evidence, Stuart Ward vigorously argues that it was not Australia but the Mother Country that set the pace. The critical move was the Macmillan Government's decision in the early 1960s to seek membership of the European Economic Community. Thereafter, the ties of imperial sentiment and the dictates of national self-interest were essentially irreconcilable. Australia's attachment to being British was profoundly shaken, and the contours of Australian nationhood were irreversibly redrawn. **Australian**

**Between Empires** David Lowe, 2015-10-06 Part biography, part transnational history, this study details the life and career of Percy Spender, one of Australia's most prominent twentieth-century political figures.
