Wallace, 2009 The Jacobin novel was labeled as such in Britain because of its supposed connections to the French Revolution This book takes an in depth look at these novels written between 1790 and 1805 She centers on the group surrounding Wollstonecraft and Godwin although not exclusively exploring the limits of their philosophy of human rights and personal subjectivity Unlike other recent scholars the author treats both male and female writers making feminism an aspect of the work but not the overriding one While the novels are the main focus other work by the writers is considered as it pertains to their beliefs She also discusses the reaction from those who defined the Jacobins by opposing them **Truth** ,1880 *Merchant Vessels of the United States* ,1969 *The Secret Astrology of the Bible* Michael Ledo, 2010-05-02 *The Secret Astrology of the Bible* by Michael Ledo is a landmark book that will change the way the scholarly community and the general public views the Bible history and myth Epic in scope this provocative book explores the

connections between religious belief and cosmic theory even as it attempts to explain contradictions and irregularities in the text The Bible states Ledo was constructed as a living document with much of its text expanded as time went on If readers stripped away this added material they could actually be left with an Early Bronze Age text over a thousand years older than what is currently accepted by scholars This text suggests Ledo would be a veritable cosmic myth which follows the constellations with stories in a contiguous fashion that combine both history and myth Originally sold as On Earth as it is in Heaven The Cosmic Roots of the Bible **The Encyclopaedia Britannica** ,1896 *Annual Catalog of the Western University of Pennsylvania, Year Ending ...* University of Pittsburgh,Western University of Pennsylvania,1921 The Encyclopædia Britannica ,1895 **Eulogy on Thomas Crawford** Thomas Hicks,1865 *The Americana* ,1911
