original movie about two homeowners whose lives are turned upside down when the house's previous residents unexpectedly visit. As a young queer couple who flip houses, Charlie and Eve can't believe the killer deal they've just gotten on an old house in a picturesque neighborhood. As they're working in the house one day, there's a knock on the door. A man stands there with his family, claiming to have lived there years before and asking if it would be alright if he showed his kids around. People-pleaser to a fault, Eve lets them in. As soon as the strangers enter their home, inexplicable things start happening, including the family's youngest child going missing and a ghostly presence materializing in the basement. Even more weird, the family can't seem to take the hint that their visit should be over. And when Charlie suddenly vanishes, Eve slowly loses her grip on reality. Something is terribly wrong with the house and with the visiting family, or is Eve just imagining things? This unputdownable and spine-tingling novel is like quicksand: the further you delve into its pages, the more immobilized you become by a spiral of terror. We Used to Live Here will haunt you even after you have finished it. Agustina Bazterrica, author of *Tender Is the Flesh*.

Morning Star Archie Bransford Cocke Jr., 2016-02-08. Lucifer is the most gifted and powerful of the angels. However, he is also the most misunderstood. Lucifer has a genuine love of mankind and carries a heavy weight of guilt for putting them on the path that led them from paradise. When Lucifer journeys to Earth for the first time, he's immediately drawn to the reincarnated Eve, a 26-year-old college student with a keen intellect and a bent towards Satanism. Eve teaches Lucifer about mankind's history, science, and religion. Eventually, Lucifer uncovers a conspiracy orchestrated by the other angels. When these plotting angels learn that their most powerful and hated brother is among them, they move to accelerate their dark plan to cut humans off from Heaven forever. Suddenly, Lucifer finds himself in the unlikely position of being the only one who can save mankind. But when Eve is kidnapped and the brewing conflict comes to a deadly head, it is Jesus, disguised as a swaggering homeless man, who steps in to intervene. Ultimately, Lucifer must choose whether to defy the laws of Jehovah or support the intent of Jesus and begin a new era that demands a savior. But will he go too far? Find out when *Morning Star* reaches its dramatic conclusion. **Chambers's Journal**, 1906. **JOHNNY ENZED** Glyn Harper, 2015-07-27. The New Zealand soldiers who left these shores to fight in the First World War represented one of the greatest collective endeavours in the nation's history. Over 100,000 men and women would embark for overseas service, and almost 60,000 of them became casualties. For a small nation like New Zealand, this was a tragedy on an unimaginable scale. Using their personal testimony, this book reveals what these men experienced: the truth of their lives in battle, at rest, at their best, and their worst. Through a comprehensive and sympathetic scrutiny of New Zealand soldiers' correspondence, diaries, and memoirs, a compelling picture of the New Zealand soldier's war from general to private is revealed. This is not a campaign history of dry facts and detail. Rather, it examines minutely the everyday experience of trench life in all its shapes and forms. Diverse topics such as barbed wire, the use of the bayonet, gas attacks, rats, horses, food, communal singing, infectious diseases, and much more feature in this riveting account of the New Zealand soldier in the First World War. It is the story of ordinary men thrust into the most

extraordinary circumstances imaginable Written in an accessible style aimed at the interested general reader the book is the product of a substantial amount of research The text is complemented by a range of maps illustrations graphs and diagrams
