Evelyn Waugh The Critical Heritage:

Evelyn Waugh ,1984 *Evelyn Waugh, the Critical Heritage* ,1984 **Evelyn Waugh** Martin Stannard,2013-04-15

This set comprises 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 voulme set of Critical Heritage published by Routledge in October 1995 Evelyn Waugh Martin Stannard,1987

Definitive Deeply researched and pondered A literary biography of the same caliber as Richard Ellmann s James Joyce These words of praise from Edmund Morris in the New York Times and Michael Dirda in the Washington Post are but some of the acclaim that greeted Martin Stannard s Evelyn Waugh The Early Years 1903 1939 This eagerly awaited second volume spanning the years from World War II to Waugh s death in 1966 completes the portrait of one of the foremost writers of the century This was the period of some of Waugh s greatest work including Brideshead Revisited The Loved One and the Sword of Honour trilogy *Waugh Without End* Carlos Villar Flor,Carlos Villar,Robert Murray Davis,2005 Compiled on the occasion of Evelyn Waugh s centenary in 2003 this collection of essays shows a renewed critical interest in the author extended by scholars from both sides of the Atlantic The contributions go back to an international symposium held at La Rioja University 15 17 May 2003 Apart from traditional debate over questions of fact and interpretation the book contains innovative approaches to Waugh s oeuvre some of which make use of theories of discourse and media studies and denote an increasingly sophisticated awareness of his religious political and social contexts Beginning with those essays presenting overviews of Waugh s life and work and continuing with discussions of particular books in chronological order this volume deals with a wide variety of aspects that confirm Waugh s rising status as a major twentieth century classic *The Image of the English Gentleman in Twentieth-Century Literature* Christine Berberich,2016-03-03 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity **Culture in Camouflage** Patrick Deer,2009-03-26 Examines

how literary writers including Ford Madox Ford Siegfried Sassoon Wilfred Owen James Hanley Evelyn Waugh Graham Greene and others countered the war culture promoted by mass media war planners and military historians *The British Aristocracy in Popular Culture* Stefania Michelucci, Ian Duncan, Luisa Villa, 2020-04-29 As traditional social hierarchies fall away ever steeper levels of economic inequality and the entrenchment of new class distinctions lend a new glamor to the idea of aristocracy witness the worldwide popularity of *Downton Abbey* or the seemingly insatiable public fascination with the private lives of the British royal family This collection of new essays investigates the enduring attraction to the icon of the aristocrat and the spectacle of aristocratic society It traces the ambivalent reactions the aristocracy provokes and the needs political ideological psychological and otherwise it caters to in modern times when the economic power of the landed classes have been eroded and their political role curtailed In this interdisciplinary collection aristocracy is considered from multiple viewpoints including British and American literature European history and politics cultural studies linguistics visual arts music and media studies *The Queer Cultures of 1930s Prose* Charlotte Charteris, 2019-01-04 Offering a radical reassessment of 1930s British literature this volume questions the temporal limits of the literary decade and broadens the scope of queer literary studies to consider literary historical responses to a variety of behaviours encompassed by the term queer in its many senses Whilst it is informed by the history of sexuality in twentieth century Europe it is also profoundly concerned with what Christopher Isherwood termed the market value of the *Odd Drawing* for its methodology on the work of Raymond Williams it traces the impact of the Great War on the development of language examining the use of ten keywords in the prose of Christopher Isherwood Evelyn Waugh and Patrick Hamilton and that of their respective literary milieux in order to establish how queer lives and modern sub cultural identities were forged collaboratively within the fictional realm By utilizing contemporary perspectives on performativity in conjunction with detailed close readings it repositions these authors as self conscious agents actively producing their own queer masculinities through calculated acts of linguistic transgression **Jane Austen & Company** Bruce Stovel, 2012-07-02 Here we come to know Jane Austen by the company she keeps her predecessors Fielding Sterne Lennox and Burney her contemporary Scott and her successors Waugh and Amis comic novelists all And comedy is the connection between these twelve elegant essays by the distinguished academic Bruce Stovel who most lovingly engages Austen herself through his studies of her comic novels her art of conversation her pleasure principle and her prayers Edited by Nora Foster Stovel the collection includes an introduction by Juliet McMaster and an afterword by Isobel Grundy Introduction by Juliet McMaster Afterword by Isobel Grundy **Decadent Catholicism and the Making of Modernism** Martin Lockerd, 2020-06-25 Tracing the movement of literary decadence from the writers of the fin de siècle Oscar Wilde Aubrey Beardsley Ernest Dowson and Lionel Johnson to the modernist writers of the following generation this book charts the legacy of decadent Catholicism in the fiction and poetry of British and Irish modernists Linking the later writers with their literary predecessors Martin Lockerd examines the shifts in representation of Catholic

decadence in the works of W B Yeats through Ezra Pound to T S Eliot the adoption and transformation of anti Catholicism in Irish writers George Moore and James Joyce the Catholic literary revival as portrayed in Evelyn Waugh's *Brideshead Revisited* and the attraction to decadent Catholicism still felt by postmodernist writers D B C Pierre and Alan Hollinghurst Drawing on new archival research this study revisits some of the central works of modernist literature and undermines existing myths of modernist newness and secularism to supplant them with a record of spiritual turmoil metaphysical uncertainty and a project of cultural subversion that paradoxically relied upon the institutional bulwark of European Christianity Lockerd explores the aesthetic sexual and political implications of the relationship between decadent art and Catholicism as it found a new voice in the works of iconoclastic modernist writers

Reconnecting Aestheticism and Modernism Bénédicte Coste, Catherine Delyfer, Christine Reynier, 2016-10-04 Charting the period that extends from the 1860s to the 1940s this volume offers fresh perspectives on Aestheticism and Modernism By acknowledging that both movements had a passion for the new it goes beyond the alleged divide between Modernism and its predecessors Rather than reading the modernist credo Make it New as a desire to break away from the past the authors of this book suggest reading it as a continuation and a reappropriation of the spirit of the New that characterizes Aestheticism Basing their arguments on recent reassessments of Aestheticism and Modernism and their articulation contributors take up the challenge of interrogating the connections continuities and intersections between the two movements thus revealing the working processes of cultural and aesthetic change so as to reassess the value of the new for each Attending to well known writers such as Waugh Woolf Richardson Eliot Pound Ford Symons Wilde and Hopkins as well as to hitherto neglected figures such as Lucas Malet L S Gibbon Leonard Woolf or George Egerton they revise assumptions about Aestheticism and Modernism and their very definitions This collection brings together international scholars specializing in Aestheticism or Modernism who push their analyses beyond their strict period of expertise and take both movements into account through exciting approaches that borrow from aesthetics philosophy or economics The volume proposes a corrective to the traditional narratives of the history of Aestheticism and Modernism revitalizing definitions of these movements and revealing new directions in aestheticist and modernist studies

Roman Catholicism in Fantastic Film Regina Hansen, 2011-08-31 The intersection of religious practice and theatricality has long been a subject of interest to scholars This collection of twenty two critical essays addresses the relationship between Roman Catholicism and films of the fantastic which includes the genres of fantasy horror science fiction and the supernatural The collection covers a range of North American and European films from *Dracula* and other vampire movies to *Miracle at Fatima* *The Exorcist* Danny Boyle's *Millions* *The Others* Maurice Pialat's *Sous le Soleil de Satan* the movies of Terry Gilliam and George Romero's zombie series Collectively these essays reveal the durability and thematic versatility of what the authors term the Catholic fantastic

[The Oxford English Literary History: Volume 10: 1910-1940: The Modern Movement](#) Chris Baldick, 2005-11-10 This exciting new volume provides a freshly

inclusive account of literature in England in the period before during and after the First World War Chris Baldick places the modernist achievements of Virginia Woolf T S Eliot and James Joyce within the rich context of non modernist writings across all major genres allowing high literary art to be read against the background of low entertainment Looking well beyond the modernist vanguard Baldick highlights the survival and renewal of realist traditions in these decades of post Victorian disillusionment Ranging widely across psychological novels war poems detective stories satires and children s books *The Modern Movement* provides a unique survey of the literature of this turbulent time *Special relationships* Janet Beer, Bridget Bennett, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license This book addresses the special relationship from the perspective of post Second World War British governments It argues that Britain s foreign policy challenges the dominant idea that its power has been waning and that it sees itself as the junior partner to the hegemonic US The book also shows how at moments of international crisis successive British governments have attempted to re play the same foreign policy role within the special relationship It discusses the power of a profoundly antagonistic relationship between Mark Twain and Walter Scott The book demonstrates Stowe s misreading and misrepresentation of the Highland Clearances It explains how *Our Nig* the work of a Northern free black also provides a working class portrait of New England farm life removed from the frontier that dominates accounts of American agrarian life Telegraphy which transformed transatlantic relations in the middle of the century was used by spiritualists as a metaphor for the ways in which communications from the other world could be understood The story of the Bolton Whitman Fellowship is discussed Beside Sarah Orne Jewett s desk was a small copy of the well known Raeburn portrait of Sir Walter Scott Henry James and George Eliot shared a transatlantic literary network which embodied an easy flow of mutual interest and appreciation between their two milieux In her autobiography Gertrude Stein assigns to her lifelong companion the repeated comment that she has met three geniuses in her life Stein Picasso and Alfred North Whitehead *Dangerous Edges of Graham Greene* Dermot Gilvary, Darren J. N. Middleton, 2011-11-17 Informative broad ranging this title sheds new light on the life and literary art of one of the last century s most celebrated authors The first volume to be authorized by the Graham Greene Birthplace Trust *Dangerous Edges of Graham Greene* brings together writers journalists and scholars to investigate as well as to assess Greene s prolific oeuvre and intense personal interests Here the reader may explore everything from Greene s Vienna at the time of the filming of *The Third Man* to his sometimes fraught relationship with Evelyn Waugh from Greene s unconventional fictional treatment of women to his believing skepticism While Greene often informed friends that a ruling passion gives to a shelf of novels the unity of a system critics of his literary art have found it extraordinarily difficult to define the content of this ruling passion Perhaps this is because Greene s own character seems so paradoxical ironic even Moreover in believing that sin contains within itself the seeds of saintliness he consistently loiters on what Robert Browning calls the dangerous edge of things In exploring this dangerous edge this book covers the full breadth

of Greene's life and literary career **Ford Madox Ford's Cosmopolis: Psycho-geography, Flânerie and the Cultures of Paris**, 2016-08-15 The controversial British writer Ford Madox Ford 1873-1939 is increasingly recognized as a major presence in early twentieth century literature. This series of International Ford Madox Ford Studies was founded to reflect the recent resurgence of interest in him. Each volume is based upon a particular theme, issue or work and relates aspects of Ford's writing life and contacts to broader concerns of his time. Ford is best known for his fiction, especially *The Good Soldier*, long considered a modernist masterpiece, and *Parade's End*, which Anthony Burgess described as the finest novel about the First World War. Samuel Hynes has called the greatest war novel ever written by an Englishman, and which was adapted by Tom Stoppard for the acclaimed 2012 BBC/HBO television series starring Benedict Cumberbatch and Rebecca Hall. The twelve essays in this volume, Ford Madox Ford's *Cosmopolis*, focus directly on the internationalism so important to Ford and bring out three main ideas: First, his lifelong commitment to an international vision of literature and culture. Second, *Cosmopolis* also refers to Ford's experiences of the particular cosmopolitan cities he lived in: London, Paris, New York. Third, the idea that his lifelong experience of Paris in particular informed and shaped his writing. Ford's *Cosmopolis* is thus not only an ideal city or state open to such cosmopolitan exchange. It is also a mode of writing which invents forms and styles to render the experience of such hybridity, diversity, fluidity and tolerance. Contributors are: Alexandra Becquet, Helen Chambers, Martina Ciceri, Laurence Davies, Claire Davison, Annalisa Federici, Georges L. Tossier, Caroline Patey, Andrea Rummel, Max Saunders, Rob Spence, Martin Stannard, George Wickes, Joseph Wiesenfarth **Ronald Firbank**, Steven Moore, 1996 An annotated Bibliography of secondary Materials 1905-1955 Literature and Sound Film in Mid-Century Britain Lara Ehrenfried, 2025-03-27 What happened to cinema and literature when synchronized sound was introduced to the film industry in the late 1920s? *Literature and Sound Film in Mid-Century Britain* studies the paths of film and text following this event. It asks how British cinema responded to the introduction of sound and how mid-century literature took up the challenge of the synchronized audio-visual entertainment experience offered by this media change. By examining the technological and industrial histories of film and its narrative strategies and by drawing links to twentieth-century literary culture, this study offers a new way of approaching mid-century writing and its media ecology. Developing innovative audio-visual close readings, this book offers a multi-sensory, multi-media approach that reframes the relationships between cinema and literature in the twentieth century. The study addresses a wide range of film genres such as musical, film screwball, comedy, the thriller, documentary and melodrama alongside the writings of a large group of authors including Elizabeth Bowen, Patrick Hamilton, Evelyn Waugh, Lewis Grassie Gibbon, Henry Green, Jean Rhys, Ivy Compton-Burnett and Eric Ambler. It covers an expansive range of films and texts of the 1930s and 1940s and invites readers to comprehensively rethink mid-century media culture by arguing for a growing synergy of film and text *The Cambridge Companion to Twentieth-Century Literature and Politics* Christos Hadjiyiannis, Rachel Potter, 2022-12-15 For a long time people had been schooled to think of

modern literature's relationship to politics as indirect or obscure and often to find the politics of literature deep within its unconsciously ideological structures and forms. But twentieth century writers were directly involved in political parties and causes and many viewed their writing as part of their activism. This Companion tells a story of the rich and diverse ways in which literature and politics over the twentieth century coincided, overlapped and also clashed. Covering some of the century's most influential political ideas, moments and movements, nineteen academic experts uncover new ways of thinking about the relationship between literature and politics. Liberalism, communism, fascism, suffragism, pacifism, federalism, different nationalisms, civil rights, women's rights, sexual rights, Indigenous rights, environmentalism, neoliberalism: twentieth century authors wrote in direct response to political movements, ideas, events and campaigns.
