## Ever No 1 The War In The Waste:

**The Ever War** Elder Conrad Jarrell,2015-08-23 The King James Bible teaches that God created the entire universe in Six Days that all the Holy Angels for they all still were sang together and shouted for joy and that God saw that Everything that He had made was very Good for it all still was Then the Seventh Day Everything changed save only God the Elect Holy Angels and their heavenly Abode This book is about Who and What and Why and How those Changes were made It is the Story of Life and Death Holiness and Sin Heaven and Hell Angels and Demons The Seed of The Woman and The The Seed of The Serpent It is the Story of the single Throne of God and of many Unidentified Flying Objects It is the Story of the Human Race and of Another Race which only looks human and of still Others which don t at all It is the Story of an Innocent Man Who died on a Cross and rose to be Lord on the Throne of Heaven and of a Guilty Cherub who fell from Glory and will rot forever in a Lake of Fire This book is The Story of The Ever War **School Life** ,1941 **War Expenditures: Camps. pts. 1-37 +**

**Annual Report of the Secretary of War** United States. War Department,1900 *The Civil War That Destroyed The World\_s Greatest Ever Civilization* Jim Hendleman,2022-01-05 This is the final sequel to the Jaredite s civilization What the Prophet Ether Couldn t Tell Us 1 and 2 This book concludes my trilogy of the Jaredite civilization and enumerates some of their many achievements and accomplishments The Jaredite civilization is first mentioned within the Book of Mormon in Ether 1 42 44 Ether was later directed by God to remove everything about them save for their earliest beginnings at the Tower of Babel in Iraq and a few brief tales of their spiritual trials and wars up to their final civil war Book 3 discusses some of the known causes of their civil war and is able to go into some detail about how the war was fought despite a decided lack of historical references This is primarily because Zirchen wrote about very ancient Sumerian and Mesopotamian epic poems that were likely only partially translated into English from the original Sanskrit The original authors elaborated to some extent on how our original fourth planet was caused to explode and become our asteroid belt It seems that the Jaredite physics bordered on magic but only from the twenty first century perspective They had weaponized the various components

of weather such as lighting thunder wind rain etc and used these components to destroy Tiamat our original fourth planet and its total population The bad guys sought nothing less than total destruction and annihilation of the entirety of the Jaredite civilization and Mormonism They used nuclear weapons in a manner designed to kill the most people starve out those they couldn't get to and rid the world of our religion once and for all This is obvious from their early morning sneak attack their nuclear obliteration of the Jaredite capital city in the New York area and their wanton nuclear destruction of Jaredite people and efforts within and throughout Egypt and in other parts of our planet Mainstream archaeology refuses to address this civilization because it would reveal their canards about evolution their false narrative about the origin of man and their totally inaccurate dateline The Jaredites settled and colonized South and North America Lemuria Antarctica the British Isles and most of Western Europe plus the lands of China and India For nearly 2 530 years they maintained a solar system wide civilization Their structures and domed cities are on every planet save Jupiter and Saturn and all the larger moons such as Ganymede and our Luna My research has uncovered many details of Jaredite life and their physical characteristics that the prophet Ether was not allowed to tell us The Jaredites built all of Egypt not the Egyptians Their Hindu colony fought at least two ancient internal nuclear wars They colonized throughout our entire solar system most moons and most planets have their cities or outposts mainly covered by seven mile high glass domes except Jupiter and Saturn These two planets each have possible Star War size moons that easily could be artificial space stations Mars used to be a moon to its now exploded primary Tiamat which is now the asteroid belt Their Martian cities are so immense that New York City and Shanghai combined wouldn't be considered a nickel in a handful of change in comparison to them Jaredite leftovers are all over Earth if one knows when to look for them As reflected by the European Space Agency the Martian northern city covering Mars North Pole appears to be far larger than Japan And their final long drawn out death
