Christian Leadership Benjamin A. Van Winkle, 2010-08-12 This is a documentary on leadership from the Bible and how the Patriarchs depended on God for direction and guidance It is an example for both Christian and secular leaders The material in this book is brought to you from a personal viewpoint hopefully it will inspire those of you who read it to step out into the ranks of Leadership with renewed hope and ambitions There is nothing as satisfying as being a servant and helper to all who recognize the position of Leadership and finding real pleasure in supplying the wants and needs of their leader Without healthy competition the leader and the organization will fail This is what makes our free enterprise system work We should know who we are and be the best we can and do the best we can at what we do But we should not be so prideful that others don't count The leader should be able to appoint leaders from the group he leads In Leadership one of the best ways to practice Christ likeness is to start each day with this question Who can I serve today Remember Jesus in His leadership of the twelve Apostles He showed humility And that made Him a good leader Remember a leader should always be respected to get the job done One important thing we must remember we should not get to the point where we feel we are indispensable Our most important commodity is time **Contemporary Perspectives On Christian Leadership** Dr. Yannique A.

Religion Is Raced Grace Yukich, Penny Edgell, 2020-07-28 Demonstrates how race and power help to explain American religion in the twenty first century When White people of faith act in a particular way their motivations are almost always attributed to their religious orientation Yet when religious people of color act in a particular way their motivations are usually attributed to their racial positioning Religion Is Raced makes the case that religion in America has generally been understood in ways that center White Christian experiences of religion and argues that all religion must be acknowledged as a raced phenomenon When we overlook the role race plays in religious belief and action and how religion in turn spurs public and political action we lose sight of a key way in which race influences religiously based claims making in the public sphere With contributions exploring a variety of religious traditions from Buddhism and Islam to Judaism and Protestantism as well as pieces on atheists and humanists Religion Is Raced brings discussions about the racialized nature of religion from the margins of scholarly and religious debate to the center The volume offers a new model for thinking about religion that emphasizes how racial dynamics interact with religious identity and how we can in turn better understand the roles religion and Whiteness play in politics and public life especially in the United States It includes clear recommendations for researchers including pollsters on how to better recognize moving forward that religion is a raced phenomenon With contributions by Joseph O Baker Kelsy Burke James Clark Davidson Janine Giordano Drake Ashley Garner Edward Orozco Flores Sikivu Hutchinson Sarah Imhoff Russell Jeung John Jimenez Jaime Kucinskis Eric Mar Gerardo Mart Omar M McRoberts Besheer Mohamed Dawne Moon Jerry Z Park Z Fareen Parvez Theresa W Tobin and Rhys H Williams
