Every Farm Tells A Story A Tale Of Family Farm Values:

Every Farm Tells a Story Jerold W. Apps, 2005 Before World War II farmers had few of the conveniences that were common in cities Many farmers continued to milk cows by hand pump water with windmills or gasoline engines light their way with kerosene lamps and lanterns heat with woodstoves and plant and harvest with horses And many had no indoor plumbing After war s end in 1945 change on the farm came rapidly Electricity replaced lamps lanterns and gasoline engines New tractors replaced horses Hay balers made loose hay a memory Grain combines replaced threshing machines Not only was farm work transformed from 1945 to 1955 but so was life on farms and in rural communities Threshing silo filling and corn shredding bees where farmers gathered to help each other became memories Card games and neighborly visits were replaced by television Young people left the land because mechanization required less labor Large farms crowded out family farms Every Farm Tells a Story is a first person account of a small Wisconsin farm during and after World War II This living history is a collection of true tales inspired by entries in Jerry Apps s mother s farm account books The values recorded in the account books prompt recollections of his childhood and the traditional family farm values and ethics instilled in him by Ma and Pa About the Author A professor emeritus of agriculture at the University of Wisconsin Madison author Jerry Apps has written more than 35 books many of them on rural history and country life Recent titles include When Chores Were Done and Humor from the Country His writing has earned awards from the State Historical Society of Wisconsin the Wisconsin Library Association and Barnes and Noble Booksellers among others

Seasons on the Farm Roger Welsch, From the awakening of the land in the spring to the fireside planning on a chilly winter night life on a farm revolves around the seasons of the year The rural music of this seasonal rhythm sounds through the pages of this volume Writers offer memories of farm life and reflections on its seasonal unfolding from spring planting through hay baling to harvest suppers in a two room country schoolhouse Some funny some poignant these evocative essays are illustrated with black and white historical photographs and crisp color images that conjure the life of a farm for readers who have known that world intimately or have only dreamed of it
