my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights
