Fear Memory Integration Jim Pullaro,2005-11 Neurosis is not a medical condition Rather it is a chronic functional disorder of the autonomic nervous system resulting from environmental conditioning which begins in the womb It is caused by the imprinting of and the continuous retrieval and repression of fear memories This imbalance interferes with the nervous system s ability to correctly respond to present sensory input and precipitates toxicosis of the autonomic nervous system The nervous system s attempts to detoxify itself results in ongoing exaggerated autonomic responses such as rage anxiety and depression Neurosis can be healed by intentional fear memory retrieval in portions that are small enough to be holistically integrated This process reverses the condition of neural toxicosis thereby relieving excessive mood swings Neurotic tension and the act out that is driven by this tension is also decreased in direct proportion to the amount of fear memory that is processed All of the symptoms that are presently being catalogued and grouped into separate and overlapping categories of mental illness are actually each person s unique learned responses to their automatic fear memory recall The neurotic act out is a symptom which is a projection of the constantly occurring fear response onto a present situation **Your Menopause, Your Menotype** Angela Stengler,Mark Stengler,2003 For women seeking an alternative to HRT this book offers individualized natural treatment options for the symptoms of menopause All too often doctors who practice traditional medicine are quick to prescribe HRT as the only way to treat menopause when in fact as recent studies have shown it is often ineffective and unnecessary Naturopathic doctors Angela and Mark Stengler show women how to determine their menotype based on their own unique combination of physical and emotional symptoms heredity diet and lifestyle This book grants women the critical information they need not only to safely and naturally treat their menopausal symptoms but also to help them avoid other age related disorders such as osteoporosis **Discovering Homeopathy** Dana Ullman,1993-01-01 Dana Ullman one of the leading advocates of homeopathic medicine has produced a comprehensive lucid introduction to this branch of complementary medicine covering the history and the philosophy of homeopathy as well as scientific evidence

Bernard,2004-02-01 It s about time we had a book like this Michelle Bernard has a rare gift for putting in plain words extraordinarily effective and levelheaded ways to properly care for cats Steering clear of faddish dangerous trends and dissecting the oodles of misinformation that has regrettably become the norm in mainstream advice on animal nutrition she shines most conspicuously on the issue of a proper feline diet By giving the reader a common sense straightforward strategy for preparing a diet that is based solely on the nutritional requirements of true carnivores her book is a must have for anyone committed to building and maintaining glowing good health for cats Bernard s work on all aspects of caring naturally for cats is based on years of meticulous research and hands on experience yet she translates her knowledge into simple common sense guidelines that anyone can understand and put to use Her eloquent explanation of homeopathy demystifies this splendid ancient healing art that is so marvelously suited to cats giving the reader a valuable awareness about how to build and nurture a cat s health from the inside out This alone is a refreshing and most welcome approach given the routine over medication and over vaccination of cats If you love your cat read this
