

Development Economics

[di-'ve-ləp-mənt ,e-kə-'nä-miks]

A branch of economics focused on improving fiscal, economic, and social conditions in developing countries.

Economics In The Curriculum Developmental Economic Education Program

E Durkheim

Economics In The Curriculum Developmental Economic Education Program:

Economics in the Curriculum James D. Calderwood, John D. Lawrence, 1975 *Effective Economic Education in the Schools* William B. Walstad, John Charles Soper, 1991 The Developmental Economic Education Program DEEP was launched in 1964 by the Joint Council on Economic Education as an experimental program in three school districts By 1989 there were 1 836 school districts enrolled in DEEP covering some 39 percent of the precollege student population This book tells the story of DEEP an effort to improve the economics education curriculum by involving teachers administrators universities and businesses in a curriculum change partnership This current look at the DEEP experience is divided into five major parts Part I consists of four chapters that give a rationale for economic education and explain in more detail the features of the DEEP model Part II focuses on the research and evaluation that have been conducted over the 25 year history of DEEP and on related studies of economic understanding among students in secondary and elementary grades The next two parts offer case studies of how DEEP works Part III looks at DEEP operations and issues in four diverse states Part IV shows how the DEEP process works in six different school districts In part V the focus shifts from the present to the future these chapters discuss the future of DEEP in the context of educational reform requirements for new curriculum materials needs of school districts and leadership from the Joint Council on Economic Education DB **DEEP (Developmental Economic Education Program) Handbook for Curriculum Change in Economics/K-12** Abbejean Kehler, S. Stowell Symmes, 1990

Resources in Education, 1991 Research in Education, 1971 *Handbook of Research in Social Studies Education* Linda S. Levstik, Cynthia A. Tyson, 2010-04-15 This Handbook outlines the current state of research in social studies education a complex dynamic challenging field with competing perspectives about appropriate goals and on going conflict over the content of the curriculum Equally important it encourages new research in order to advance the field and foster civic competence long maintained by advocates for the social studies as a fundamental goal In considering how to organize the Handbook the editors searched out definitions of social studies statements of purpose and themes that linked or divided theory research and practices and established criteria for topics to include Each chapter meets one or more of these criteria research activity since the last Handbook that warrants a new analysis topics representing a major emphasis in the NCSS standards and topics reflecting an emerging or reemerging field within the social studies The volume is organized around seven themes Change and Continuity in Social Studies Civic Competence in Pluralist Democracies Social Justice and the Social Studies Assessment and Accountability Teaching and Learning in the Disciplines Information Ecologies Technology in the Social Studies Teacher Preparation and Development The Handbook of Research in Social Studies is a must have resource for all beginning and experienced researchers in the field *International Handbook on Teaching and Learning Economics* Gail Mitchell Hoyt, KimMarie McGoldrick, 2012 The International Handbook on Teaching and Learning Economics is a power packed resource for anyone interested in investing time into the effective improvement of their personal teaching

methods and for those who desire to teach students how to think like an economist It sets guidelines for the successful integration of economics into a wide variety of traditional and non traditional settings in college and graduate courses with some attention paid to primary and secondary classrooms The International Handbook on Teaching and Learning Economics is highly recommended for all economics instructors and individuals supporting economic education in courses in and outside of the major This Handbook provides a multitude of rich resources that make it easy for new and veteran instructors to improve their instruction in ways promising to excite an increasing number of students about learning economics This Handbook should be on every instructor s desk and referenced regularly Tawni Hunt Ferrarini The American Economist In delightfully readable short chapters by leaders in the sub fields who are also committed teachers this encyclopedia of how and what in teaching economics covers everything There is nothing else like it and it should be required reading for anyone starting a teaching career and for anyone who has been teaching for fewer than 50 years Daniel S Hamermesh University of Texas Austin US The International Handbook on Teaching and Learning Economics provides a comprehensive resource for instructors and researchers in economics both new and experienced This wide ranging collection is designed to enhance student learning by helping economic educators learn more about course content pedagogic techniques and the scholarship of the teaching enterprise The internationally renowned contributors present an exhaustive compilation of accessible insights into major research in economic education across a wide range of topic areas including Pedagogic practice teaching techniques technology use assessment contextual techniques and K 12 practices Research findings principles courses measurement factors influencing student performance evaluation and the scholarship of teaching and learning Institutional administrative issues faculty development the undergraduate and graduate student and international perspectives Teaching enhancement initiatives foundations organizations and workshops Grounded in research and covering past and present knowledge as well as future challenges this detailed compendium of economics education will prove an invaluable reference tool for all involved in the teaching of economics graduate students new teachers lecturers faculty researchers chairs deans and directors

The New Social Studies Barbara Slater Stern, 2009-11-01 This volume The New Social Studies People Projects and Perspectives is not an attempt to be the comprehensive book on the era Given the sheer number of projects that task would be impossible However the current lack of knowledge about the politics people and projects of the NSS is unfortunate as it often appears that new scholars are reinventing the wheel due to their lack of knowledge about the history of the social studies field The goal of this book then is to sample the projects and individuals involved with the New Social Studies NSS in an attempt to provide an understanding of what came before and to suggest guidance to those concerned with social studies reform in the future especially in light of the standardization of curriculum and assessment currently underway in many states The authors who contributed to this project were recruited with several goals in mind including a broad range of ages interests and experiences with the NSS from participants during the NSS era through new young

scholars who had never heard much about the NSS As many of the authors remind us in their chapters much has been written of the failure of the NSS However in every chapter of this book the authors also point out the remnants of the projects that remain **Economics for Middle School** Manju Agarwal,2022-07-04 This book discusses the importance of teaching fundamental economic concepts as part of the middle school social science curriculum in India It examines the status of economics in Indian schools and the issues faced in teaching it at the middle school level and emphasizes the need for increasing the economic literacy of students It offers valuable recommendations to curriculum planners and educators to help them bolster economics education in Indian schools The author presents an extensive curriculum framework with the intention of developing intellectual and social skills in students The book also features classroom tested lessons content guidelines and a comprehensive teaching plan for grades 6 7 and 8 A crucial contribution to the study of school education in India this book will be of interest to teachers students and researchers of education economics education and economics It will also be useful for policy planners professional economists administrators school boards and research institutions
