## Confusion to the Enemy

LEON ODELL GRIFFITH

In the span of Florida business and political history no man has made a deeper mark on the state than Edward Ball. He came to Florida half a century ago, built an empire from the foundation started by his brother-in-law Alfred I. duPont, and nurtured that empire through political criticism, tangles with American labor, and countless legal attacks. Today at 86, there is still probably no more powerful man breathing Florida air than Ed Ball. This book tells how he did it. A rare insight into the life of a unique man.

Akin, 2020-04-15 From reviews of the first edition A succinct and informed account of Flagler's leadership in transforming Florida's economy American Historical Review An important contribution to the understanding of Standard Oil's extended partnership and how the personal desire of Flagler led to the early development of Florida's Atlantic Coast The Historian Henry M Flagler 1830 1913 the ambitious Gilded Age tycoon who designed and built much of Florida's fashionable east coast rode to success on the rails As John D Rockefeller's closest adviser in the 1870s Flagler helped assemble the Standard Oil empire In this thoroughly researched biography Akin shows that Flagler understood early in his career that cheap freight rates determined industrial profits Portraying Flagler as an aggressive entrepreneur Akin documents his shrewd negotiations to obtain reduced rates rebates and drawbacks from the railroads thus assuring Standard Oil's national domination over oil transportation costs Flagler drove himself as hard as he drove a bargain obsessed with the desire to create a monument to himself that he called my domain His legacy was no less than modern Florida In 1885 at the age of fifty five he turned his attention away from Standard Oil and began construction of the Ponce de Leon luxury hotel in St Augustine the city where he had honeymooned with his second wife Realizing he could never fill its rooms unless better transportation with the North was available he embarked on the second railroad venture of his lifetime creation of the Florida East Coast Railway Flagler's resort empire eventually included The Breakers in Palm Beach and the Royal Palm in Miami his Atlantic coast railroad extended all the way to Key West an engineering achievement that was called the eighth wonder of the world By the beginning of the twentieth century Flagler dominated not just the resort and railroad industries in Florida but steamship and agricultural operations too Florida politicians gave his projects preferential treatment even changing the state's divorce law so he could marry for a third time Woven into this biography are details about Flagler's family personality three marriages alienation from his only son and devotion to the Presbyterian church copy that fueled society gossip columns from New York to Palm Beach for decades Edward N Akin author of Mississippi An Illustrated History and other works on southern history taught at Mississippi College in Clinton His biography of Henry Flagler won the 1985 Phi Alpha Theta manuscript prize

**Green Empire** Kathryn Ziewitz, June Wiaz, 2024-03-26 Since the Great Depression the St Joe Company formerly the St Joe Paper Company has been Florida's largest landowner a forestry and transportation conglomerate whose influence has been commensurate with its holdings The company owns nearly one million acres mainly in northwestern Florida where undeveloped coastal and riverside landscapes boast some of the state's most scenic and ecologically diverse areas For 60 years the company focused on growing trees turning them into paper and managing its ancillary businesses In the late 1990s the company shifted directions it sold its paper mill changed its name and launched a concerted drive to turn its natural resource assets into greater profits Today the St Joe Company is a critical and fiscally powerful force in the real estate development of northwest Florida with access to the most influential

people in government Based on hundreds of sources including company executives board members and investors as well as outside observers this factual and balanced history describes the St Joe Company from the days of its founders to the workings and dealings of its present day heirs For anyone concerned with land use and growth management particularly those with an interest in Florida s fragile wildlife and natural resources Green Empire will illuminate the issues surrounding the relationship between one of the most ambitious players in Florida s real estate market and the state s last frontier

Berkowitz,2010-05-11 As American and coalition troops fight the first battles of this new century from Afghanistan to Yemen to the Philippines to Iraq they do so in ways never before seen Until recently information war was but one piece of a puzzle more than a sideshow in war but far less than the sum total of the game Today however we find information war revolutionizing combat from top to bottom Gone are the advantages of fortified positions nothing is impregnable any longer Gone is the reason to create an overwhelming mass of troops now troop concentrations merely present easier targets Instead stealth swarming and zapping precision strikes on individuals or equipment are the order of the day based on superior information and lightning fast decision making In many ways modern warfare is information warfare Bruce Berkowitz s explanation of how information war revolutionized combat and what it means for our soldiers could not be better timed As Western forces wage war against terrorists and their supporters in actions large and small on several continents The New Face of War explains how they fight and how they will win or lose There are four key dynamics to the new warfare asymmetric threats in which even the strongest armies may suffer from at least one Achilles heel information technology competition in which advantages in computers and communications are crucial the race of decision cycles in which the first opponent to process and react to information effectively is almost certain to win and network organization in which fluid arrays of combat forces can spontaneously organize in multiple ways to fight any given opponent at any time America s use of networked elite ground forces in combination with precision guided bombing from manned and unmanned flyers turned Afghanistan from a Soviet graveyard into a lopsided field of American victory Yet we are not invulnerable and the same

technology that we used in Kuwait in 1991 is now available to anyone with a credit card and access to the Internet Al Qaeda is adept in the new model of war and has searched long and hard for weaknesses in our defenses Will we be able to stay ahead of its thinking In Iraq Saddam s army is in no position to defeat its enemies but could it defend Baghdad As the world anxiously considers these and other questions of modern war Bruce Berkowitz offers many answers and a framework for understanding combat that will never again resemble the days of massive marches on fortress like positions The New Face of War is a crucial guidebook for reading the headlines from across our troubled planet **Catalog of Copyright Entries.**

Brewster,1975 **Red Pepper and Gorgeous George** James C. Clark,2011-10-09 For nearly a century in Florida and throughout the South election to the United States Senate virtually guaranteed a lifetime position especially if you were a Democrat Certainly no Republican candidate stood a chance in the general election and it was nearly unthinkable to imagine a serious challenger emerging in the primary Claude Red Pepper first ran for the U S Senate in 1934 Though unsuccessful despite allegations of voter fraud he won a special election two years later after both senators from Florida died in office Reelected to full terms in 1938 and 1944 as a vigorous supporter of the New Deal he had every reason to suspect the seat was his indefinitely or at least until he decided it was time to seek higher office Pepper saw himself as the national heir to Roosevelt s foreign policy he encouraged cooperation with the Soviet Union our World War II ally and actively worked to defeat Truman s presidential nomination in 1948 After nearly fourteen years in office Pepper had earned the enmity of the president alienated most of his colleagues in the senate and aligned himself with the ultra left wing politics of Henry Wallace Still in the entire history of the state no sitting Florida Senator had ever been voted out of office However the political world was changing and it was the right leaning Gorgeous George Smathers not Pepper who recognized and took advantage of this fact Smathers fought a vicious bare knuckled campaign employing ferocious and divisive attacks against Pepper He helped make liberal anathema to aspiring southern politics and was the first of a new breed of conservative politicians though not yet Republican to rise to power Eventually the era would be named for a junior senator from Wisconsin but it was Smathers who first successfully employed the strategies of McCarthyism to unseat an incumbent He was so successful in fact that before the general election Smathers had to reassure President Truman and other potential supporters that his loyalties did in fact lie with the Democratic Party His resounding victory inspired others including Richard Nixon and Barry Goldwater to adopt similar tactics in their senatorial campaigns It also helped set the stage for the complete reversal of the political power structure that had ruled the South since the end of Reconstruction Red Pepper and Gorgeous George is a fascinating look at the campaign that changed everything in Florida and the South It is also a shocking sobering reminder that despite introducing the phrase hanging chad to the national lexicon the 2000 presidential election was merely the second most important national election to take place in the state
