A Camera in the Garden of Eden Kevin Coleman,2016-02-23 In the early twentieth century the Boston based United Fruit Company controlled the production distribution and marketing of bananas the most widely consumed fresh fruit in North America So great was the company s power that it challenged the sovereignty of the Latin American and Caribbean countries in which it operated giving rise to the notion of company dominated banana republics In *A Camera in the Garden of Eden* Kevin Coleman argues that the banana republic was an imperial constellation of images and practices that was checked and contested by ordinary Central Americans Drawing on a trove of images from four enormous visual archives and a wealth of internal company memos literary works immigration records and declassified US government telegrams Coleman explores how banana plantation workers women and peasants used photography to forge new ways of being while also visually asserting their rights as citizens He tells a dramatic story of the founding of the Honduran town of El Progreso where the United Fruit Company had one of its main divisional offices the rise of the company now known as Chiquita and a sixty nine day strike in which banana workers declared their independence from neocolonial domination In telling this story Coleman develops a new set of conceptual tools and methods for using images to open up fresh understandings of the past offering a model that is applicable far beyond this pathfinding study *Eden* Stanislaw Lem,1991-10-31 From the author of *Solaris* this novel of an encounter with an alien intelligence creates a terrifyingly plausible picture of a world gone mad Kirkus Reviews Six explorers the Captain Doctor Engineer Chemist Physicist and

Cyberneticist crash land on a beautiful but strange planet fourth from another sun The landscape is bizarre hosting acrid deserts hissing trees and thick spiderlike vegetation But it is the signs of humanity that are most puzzling In a labyrinth of plant shaped buildings are dead ends passageways domes vaulted ceilings and giant statues And everywhere there are images of death mass graves bodies in ditches and wells clusters of egglike structures filled with skeletons Something is wrong with the inhabitants of Eden But as the crew unlocks the secrets of this twisted society the most haunting fact they must face is how similar it is to their own The Chicago Tribune lauded Stanislaw Lem as not only a marvelous spinner of tales of the fantastic but also a challenging philosopher of the meanings and ramifications of technology Eden stands as a timeless and powerful examination of the conflict between human nature human discovery and all too human flaws *Eden* James Phillips,2010-07-21 A commercial pilot regularly flies the air routes out of naughty Singapore and all its fleshpots to all the islands around the Pacific On one such trip The Japanese invade the island he has landed at and his aircraft is destroyed He escapes the Japanese but his co pilot and best friend who owns the airfield village store bar restaurant are killed After finding a small fishing boat to escape in he has to knock out a nun who wishes to stay and be a martyr to death for her church So over the next 4 months on the fishing boat she is livid that this stupid pilot has foiled her destiny of martyrdom After many adventures they fall in love and are rescued by a US Navy submarine from Brisbane Australia They marry and start a new airline in Australia naming their aircraft after saints **Clarissa Eden** Clarissa Eden,2008-09-18 A Memoir by Clarissa Eden born a Churchill and a Prime Minister's wife at the age of 34 In 1955 at the astonishingly young age of 34 Clarissa Eden entered No 10 Downing Street as the wife of the new Prime Minister Anthony Eden Born Clarissa Churchill in 1920 her uncle was the great Winston and when she married the 55 year old Eden then Foreign Secretary at Caxton Hall register office in 1952 there were crowds as big as the gathering that had cheered Elizabeth Taylor and Michael Wilding's wedding there six months earlier A renowned beauty she was at home with her mother's Liberal intellectual circle and mixed in her youth with the pillars of Oxford's academic community Isaiah Berlin Maurice Bowra and David Cecil among them according to Antonia Fraser she was the don's delight because she was beautiful and extremely intellectual Her close circle of friends included some of the leading cultural figures of the twentieth century Cecil Beaton Evelyn Waugh Orson Welles among them Her observations and insights into these men and their world provide a unique window into the mid 20th century As the spouse of the most important man in Britain the hostess at No 10 and Chequers Clarissa Eden was inevitably privy to a multitude of top level secrets The Suez crisis and Eden's ill health meant that she shared just four years of Anthony's political life and eighteen months as Prime Minister's wife This individual discriminating and honest memoir is her first account of extraordinary times intuitively edited by Cate Haste co author of *The Goldfish Bowl* Rowing in Eden Martha Nell Smith,2010-07-05 Emily Dickinson wrote a letter to the world and left it lying in her drawer more than a century ago This widely admired epistle was her poems which were never conventionally published in book form during her lifetime Since

the posthumous discovery of her work general readers and literary scholars alike have puzzled over this paradox of wanting to communicate widely and yet apparently refusing to publish In this pathbreaking study Martha Nell Smith unravels the paradox by boldly recasting two of the oldest and still most frequently asked questions about Emily Dickinson Why didn't she publish more poems while she was alive and Who was her most important contemporary audience Regarding the question of publication Smith urges a reconception of the act of publication itself She argues that Dickinson did publish her work in letters and in forty manuscript books that circulated among a cultured network of correspondents most important of whom was her sister in law Susan Huntington Gilbert Dickinson Rather than considering this material unpublished because unprinted Smith views its alternative publication as a conscious strategy on the poet's part a daring poetic experiment that also included Dickinson's unusual punctuation line breaks stanza divisions calligraphic orthography and bookmaking all the characteristics that later editors tried to standardize or eliminate in preparing the poems for printing Dickinson's relationship with her most important reader Sue Dickinson has also been lost or distorted by multiple levels of censorship Smith finds Emphasizing the poet sustaining aspects of the passionate bonds between the two women Smith shows that their relationship was both textual and sexual Based on study of the actual holograph poems Smith reveals the extent of Sue Dickinson's collaboration in the production of poems most notably *Safe in Their Alabaster Chambers* This finding will surely challenge the popular conception of the isolated withdrawn Emily Dickinson Well versed in poststructuralist feminist and new textual criticism *Rowing in Eden* uncovers the process by which the conventional portrait of Emily Dickinson was drawn and offers readers a chance to go back to original letters and poems and look at the poet and her work through new eyes It will be of great interest to a wide audience in literary and feminist studies
