David M. Rein, Edgar Allen Poe David M. Rein,1962 **The Critical History of Edgar Allan Poe's The Narrative of Arthur Gordon Pym** Ronald C. Harvey,2015-12-22 The Critical History of Edgar Allan Poe s The Narrative ofArthur Gordon Pym A Dialogue with Unreason traces the complex scattered criticism of Poe s most anomalous work as it has steadily grown in prominence to a central position in the study of Poe and American literature The winding route the criticism of Pym has charted as convoluted as the narrative itself has been a history of disagreement at almost every level at which critics and scholars read texts including the nature and genre of the work the seriousness or levity of the author s intent and its stature as a work of genius hackwork or something in between The unique set of thematic and narrative problems the work poses has eluded every hermeneutic structure brought against it so far consistently undermining the very reading strategies it seems to invite The only comprehensive critical history and bibliography of Pym this study fills a large hole Poe scholars have long felt as it analyzes the ways in which critics and critical camps have attempted to confront rationalize contain or evade its novel and disturbing features In the process the criticism is correlated with the popular reception and the international response Because literary history has entangled no author with his work more than Poe ultimately this book is as much a study of Poe as of Pym At every point therefore this study embeds the critical response to Pym in the history of Poe studies in general as well as in the larger context of American literary theory and history Includes bibliography and index

Psychology in Edgar Allan Poe Gerardo Del Guercio,2019-08-20 This collection offers six critical essays on the topic of psychology in Edgar Allan Poe It came together as a response to a visible absence of this subject in recent scholarship The volume presents Edgar Allan Poe as one of the pioneers in psychology who often anticipated major theoretical trends and ideas in psychology in his incessant explorations of the relationship between behavior and the psyche Scrutinizing serial killer narratives obsessive narratives through Jungian unconscious Lacanian Das Ding doppelg ngers intersubjectivity and the interrelationship between the material world and imaginative faculties the essays reveal the richness and the complexity of Poe s work and its pertinence to contemporary culture With contributions by Gerardo Del Guercio Phillip Grayson Sean J Kelly Rachel McCoppin Tatiana Prorokova and Karen J Renner *The Short Fiction of Edgar Allan Poe* Edgar Allan Poe,1976 The Short Fiction of Edgar Allan Poe brings together in one convenient edition all of the information a reader needs to understand Poe s stories Readable attractive and accessible to a general reader or student it also provides a useful resource for the scholar and specialist Stuart Levine and Susan Levine tracked down information that is often highly specialized and hard to come by through an extensive program of literary sleuthing an investigation that took him through the hundreds of places where scholars make their contributions to knowledge **Thirty-two Stories** Edgar Allan Poe,2000-01-01 America s most influential literary figure worldwide is familiar to most readers of short fiction through only

about a dozen stories This is because many of Poe's tales depend on knowledge a reader in 1835 or 1845 might have had that a typical reader in 2000 would not In this extensively annotated and meticulously edited selection of Poe's short fiction Stuart Levine and Susan F Levine connect Poe to major literary forces of his era and to the rapidly changing U S of the 1830s and 1840s discussing Shelley Carlyle Byron Emerson and Hawthorne as well as the railroad photography and the telegraph In the process they reveal a Poe immersed in the America of his day its politics science technology best selling books biases arts journalism fads scandals and even sexual mores and render accessible all thirty two stories included here The general Introduction the headnote to each story and the annotations included in this volume have been extensively revised from the editors critically acclaimed editions of the complete short fiction *The Short Fiction of Edgar Allan Poe An Annotated Edition* 1976 1990

Poe, Queerness, and the End of Time Paul Christian Jones, 2022-05-16 This book builds upon recent theoretical approaches that define queerness as more of a temporal orientation than a sexual one to explore how Edgar Allan Poe's literary works were frequently invested in imagining lives that contemporary readers can understand as queer as they stray outside of or aggressively reject normative life paths including heterosexual romance marriage and reproduction and emphasize individuals present desires over future plans The book's analysis of many of Poe's best known works including *The Raven* *The Fall of the House of Usher* *The Black Cat* *The Masque of the Red Death* and *The Murders in the Rue Morgue* show that his attraction to the liberation of queerness is accompanied by demonstrations of extreme anxiety about the potentially terrifying consequences of non normative choices While Poe never resolved the conflicts in his thinking this book argues that this compelling imaginative tension between queerness and temporal normativity is crucial to understanding his canon

Edgar Allan Poe David Ketterer, 1989 **A Mystery of Mysteries** Mark Dawidziak, 2023-02-14 An Agatha Edgar Anthony Macavity and Ohioana Award nominee *A Mystery of Mysteries* is a brilliant biography of Edgar Allan Poe that examines the renowned author's life through the prism of his mysterious death and its many possible causes It is a moment shrouded in horror and mystery Edgar Allan Poe died on October 7 1849 at just forty in a painful utterly bizarre manner that would not have been out of place in one of his own tales of terror What was the cause of his untimely death and what happened to him during the three missing days before he was found delirious and in great distress on the streets of Baltimore wearing ill fitting clothes that were not his own Mystery and horror Poe who remains one of the most iconic of American writers died under haunting circumstances that reflect the two literary genres he took to new heights Over the years there has been a staggering amount of speculation about the cause of death from rabies and syphilis to suicide alcoholism and even murder But many of these theories are formed on the basis of the caricature we have come to associate with Poe the gloomy eyed grandfather of Goth hunched over a writing desk with a raven perched on one shoulder drunkenly scribbling his chilling masterpieces By debunking the myths of how he lived we come closer to understanding the real Poe and uncovering the truth behind his mysterious death as a new theory emerges that could prove the cause of Poe's death was

haunting him all his life In a compelling dual timeline narrative alternating between Poe s increasingly desperate last months and his brief but impactful life Mark Dawidziak sheds new light on the enigmatic master of macabre **Edgar Allan Poe in the Mid-twentieth Century** J.
