books in the English language **The Last Prophecy** Murat Ukray,2021-04-16 Do the number Pi contain everything within Such as your date of birth your date of death even the date of the Doomsday Well what if someone knew that a long time ago and coded it somewhere Could someone else have discovered America in the Middle Ages before Columbus Well what if this mysterious person is really a great Oracle who has to hide his talent and what if his purpose of going there is not to discover a new continent but to solve one of the world s greatest secrets the Secret of a Mayan prophetic calendar that explains when the Doomsday in a Mayan pyramid is coming The Mayans actually calculated the date of the Doomsday as 13 0 0 0 0 Baktun and they encoded it into a giant calendar Well what did that actually mean 13 Baktun was actually a giant code in which the Mayans who were also adept at mathematics placed the true date of the Doomsday into the number Pi and it indicated a date

that was not 2012 but further Did the Mayans come up with this information themselves or did they get it from a lost civilization far more advanced than themselves called Atlantis Now everything was ready he was about to find out which date actually 13th Baktun coincide with that is the biggest secret of human history hidden in the Mayan Calendar which is impossible to solve by calculating the hidden code in the number of Pi 13th Baktun 13 3333 366 6666 day 4903rd code The 4903rd number of the Pi number Coincide with the year 2222 In 1500 on a dark night in a farmhouse near Granada in Southern Spain a gray colored 1 meter extraterrestrial creature who called himself Alien in his notes stood in front of the door with two letters containing a series of prophecies about the future of the world and a mysterious map with a place marked on it and with a huge picture that consisted of 100 scrambled numbers of some cryptic complex numbers and writing of future dates and he was staring at Bruno with his big black eyes In fact this number picture which is a giant Anagram was a small piece of a giant spiral that began with 3 14 and extending to infinity in which the histories of all the past and future events in the world were encoded Alien suddenly threw the things in his hand towards him and began to run rapidly through the cornfield towards the lights descending from the sky 1 km away As he began to run the flying object began to quickly descend from the sky and disappeared into the darkness Bruno first glanced toward the direction of the alien and went with fearful eyes The chain of events that began in medieval Spain with a dramatic and bitter life and death struggle in the Inquisition led Bruno and his sister Sofia on a dangerous and long journey from Andalusia to a Mayan temple in Mexico the center of the Mayan civilization and it would eventually end with their execution But the Great Prophecy that was announced would bring an end not only for the church or for them but also the whole world this time Because The Last Prophecy was leading humanity to the end of its story the Doomsday which started with the expulsion from Heaven Where did humanity come from where are we going You will find the answer to this question in The Last Prophecy
