**Encyclopedia of Healing** Reba Karp, 1988-04 Edgar Cayce used his psychic trances to diagnose and treat illnesses from arthritis to epilepsy This guide provides an easily accessible reference to 9000 of his readings covering nearly 200 ailments and their treatments **An Edgar Cayce Encyclopedia of Foods for Health and Healing** Brett Bolton, 1997 This

comprehensive catalog of every food and beverage mentioned in the Edgar Cayce readings has more than 2 500 entries It contains an index by food and illness as well as dietary advice on numerous disorders Divination Through the Ages Ellen Wallace Douglas, 2012-09-04 Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace **The Creation of Health** Caroline Myss, C. Norman Shealy,

M.D., 2009-09-23 A collaboration between a traditionally trained physician and a medical intuitive The Creation of Health illuminates the deep connection between emotional dysfunction and physical illness It describes the role that emotional disturbances play in the most common diseases and ailments from the common cold to arthritis diabetes heart disease and cancer After providing an introduction to intuitive medicine and its history method of diagnosis and relationship to traditional medicine Myss and Shealy detail the deeper emotional and psychic reasons why illness develops in the body Dr Shealy offers a traditional account of a particular disease or ailment while Dr Myss sheds light on the deeper causes through her corresponding energy analysis Confirming the link between illness and emotion The Creation of Health puts forth a groundbreaking vision of holistic healing *Edgar Cayce: The "Sleeping" Medium & Spiritual Discernment* John

Weldon, 2013-02-09 Edgar Cayce 1877 1945 was one of the most famous trance mediums in the world and the best known psychic in America s history Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as the sleeping prophet Through entering a self induced hypnotic trance he produced over 14300 health and spiritual Readings one of the largest psychic libraries in history allegedly from his unconscious mind and or the supposed akashic records Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine His influence has extended to millions of people This book takes a critical look at the life readings and health spiritual impact of Edgar Cayce It illustrates the timely warning of the old adage that the road to hell

may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground. Ironically this is the very thing Cayce himself had worried about in reference to the Readings.

**Alternative Medicine and Spinal Cord Injury** Laurance Johnston, 2005-11-01. Studies indicate that 40% of Americans use some form of alternative medicine for individuals with long term disabilities. Learning about their options is even more critical. Written by the former director of the Spinal Cord Research and Education Foundation of the PVA, this is the first book to cover alternative therapies for spinal cord injury. From acupuncture to laser based therapies, herbal medicine, homeopathy, craniosacral therapy, magnetic healing, and more, the book empowers readers by providing clear, reliable information on alternative choices to traditional health care. Equipping readers to make more informed decisions about their own health care. Tailoring information to meet the specific needs of the approximately 450,000 individuals living with a spinal cord injury. Providing healing modalities that minimize the risks that are especially relevant to people with SCI, like overmedication, hospitalization, and life threatening infections. For those who have been forced to rely on the advice of the traditional medical specialist for their health care, this book opens a broad array of holistic options. It is essential for anyone suffering from a spinal cord injury, their families, friends, caregivers, and health care providers.

**My Healing Heart** Rosalie B. Kahn, 2011-09. My Healing Heart is the simple, true story of Rosalie's search for God and love. Her quest began early in life, catalyzed by a painful childhood marked by sexual and emotional abuse. As this story unfolds, you are given a window into Rosalie's trials, tribulations, and joys during her lifelong search for love and truth. It's her story, but it's also your story. If you suffered from abuse or some other form of betrayal, no one taught you how to make sense of what happened. No one showed you how to heal. No one gave you a map of how to communicate your feelings without harming yourself or others in the process. My Healing Heart will help you to understand through Rosalie's challenges, heartaches, and personal healings that you have a multitude of resources for overcoming your own obstacles. You will learn through her experiences and through her wisdom gained from applying the philosophies and teachings of respected spiritual masters like Edgar Cayce, the sleeping prophet. You will also share her journey across several continents during her twenty-six year career in the US Foreign Service. After reading My Healing Heart, you will have no doubt that your heart can also be healed.
