given for individuals but for this group seeking information on this ancient and legendary land **Edgar Cayce: The "Sleeping" Medium & Spiritual Discernment** John Weldon, 2013-02-09 Edgar Cayce 1877-1945 was one of the most famous trance mediums in the world and the best known psychic in America's history. Not commonly placed under those occult classifications, he is commonly referred to in a more soothing category as the sleeping prophet. Through entering a self-induced hypnotic trance, he produced over 14,300 health and spiritual readings, one of the largest psychic libraries in history, allegedly from his unconscious mind and/or the supposed akashic records. Uniquely, he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine. His influence has extended to millions of people. This book takes a critical look at the life, readings, and health/spiritual impact of Edgar Cayce. It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil's playground. Ironically, this is the very thing Cayce himself had worried about in reference to the readings.

Edgar Cayce's Tales of Ancient Egypt John Van Auken, 2011-09 John Van Auken combines the collection of Egyptian past lives found in the Cayce readings with Egyptian legends that appear in papyri on temple walls and in pyramid texts for a complete picture that reveals the full story of priestesses, healers, female pharaohs, and gods among humans. This book includes more than 80 illustrations with Cayce's insights into the pyramids, ancient flight, the Hall of Records, the Great Initiate, and the seven stages of soul growth.

Psychic Sense Edgar Cayce, 2006 Beyond our five senses lies a powerful, often unused sixth sense. In this book, America's greatest psychic, Edgar Cayce, teaches us how to awaken and apply our psychic sense in our daily lives, physically, mentally, and spiritually. Cayce's famous psychic discourses provide some of the best insights and tips for developing our latent psychic abilities. He explains how we can see beyond our limited eyes, ears, and other physical senses. Cayce describes how the sixth sense operates and how to understand its messages and imagery. He educates us on the ways of the psychic sense as well as how to make practical use of this sense in our lives, relationships, and careers.

In Touch with the Light Kieth VonderOhe, 1989-06 An excerpt from the Cayce readings and a practical application for each day of the year.

The Power of Your Mind Edgar Cayce, 2010-03 Edgar Cayce's rare mind, tuned to the Universal Mind, gives us extraordinary insights into the power of our own minds. In this fascinating book, Cayce illustrates how thoughts are things that may become crimes or miracles in our lives. He explains how, by changing our thinking patterns, we can change our life for the better. He also gives a unique view into our mind at sleep, describing the influences motivating our dreams and visions and showing us how to better interpret them. He clarifies why the dreaming mind is so much more important to us than we realize. He also addresses the need to move away from a too self-centered consciousness, opening up to a larger consciousness with powerful intuition and precognition.
