**Becoming Just** S T Kimbrough, 2022-08-31 The poems in this collection ask How can we become just people What is

human justice Is there a justice that is equal and or appropriate for all human beings How can an individual in action speech and behavior be just How does one think of oneself as just in interaction with others These poems also address prevalent injustices to children and of society s frequent denial of its responsibility to them the privileged and the underprivileged Further how do we wish to live in a society isolated completely independent self centered Living in a society implies association with others How do we wish to relate to others The poems query how will the governments under which we live initiate and execute just rule and governance for all citizens The book concludes with a lyrical case study of apartheid especially in Israel that claims to be a democracy Some of the poems acknowledge that the US s democracy has failed in many ways and has an ongoing need of recovering the principles of justice and equality Americans know well the meaning of ethnic cleansing in their own land The poems here make no claim at successful resolutions to the issues raised They do point to the ongoing need of repentance for wrongs done and for steering a steady course to guarantee the rights of freedom and justice for all people

beach removing his shirt acting like he is going swimming trying to deceive her Stumbling in the sand with his bummed up wooden foot attached to his leg Thinking she might get offended by such a strap on his leg Hell she is still looking and smiling too Removing his musket and sword wading nonchalantly into the waters edge Turning looking down the beach she appears to be riding back toward him Daring not to look up to soon looking down at the waves motion Captain steps out a little farther to lure her to him water covers his lower leg and she has her horse pass him by splashing water upon him Thinking she was coming to see him Notwithstanding she went past him toward the end of the beach cove peering back from afar Peeping up yet flabbergasted he hears the horse coming back Whew Proudly lowering his head down never looking up at her coming toward him yet snickering beneath his breath Suddenly a horse's leg appears beside him Pretending to raise up his brow staring into the face of a beautiful creature as God ever created Reminiscent of younger days while opening gape mouthed Hello Sinyorita he clamors Dumbfounded he starts saying hello Smilingly she pulls the horse's reins up turning counterclockwise The stallion's head swishes past his face throwing the white foamy froth from his mouth onto Captain's shirt front Who are you she asked Captain Kismias he jests As the black stallion stammers out a snort while stepping backwards while she pulls the horse's head back tightening the reins Slapping the leather strap onto the horse's butt her beauty stuck inside his head She rides in a fury down the beach as fast as her horse can run She is evaluating me Swearing she is Captain said aloud to himself Watching from the corner of his eye I'll not let her see me wanting her he thought Suddenly she disappeared in the distance as if the sand swallowed her up like a mirage Pulling hard as he can his wooden foot is hung in the deep sand He is almost falling down damn the water is covering him pulling and pulling the sand finally with some suction releases the strapped foot Walking gimp legged back from the waters edge Walking slowly down the beach thinking about the rest of the journey and drying his wooden foot Even though memorizing the treasure map on the bottom of his bright green inscribed carved wooden foot yet weary of it fading in the salt water walking back to the red tavern finding himself lying in the loft soft hay resting again The night here was spent uselessly can not remember if I performed well or not Suppose it doesn't matter anyway she probably won't be coming back here yet do vaguely remember yelling out yippie y yaw last night Then falling to the floor kind of like fainting Oh

**Religious Authority and Political Thought in Twelver Shi'ism** Hamid Mavani, 2013-06-26 Ranging from the time of the infallible Imams to the contemporary era this book provides a comprehensive overview of Shi'i religious and political authority focusing on Iran and Lebanon without limiting the discourse to Khomeini's version of an Islamic State Utilising untapped Arabic and Persian sources Hamid Mavani provides a detailed nuanced and diverse theoretical discussion on the doctrine of leadership Imamate in Shi'ism from traditional theological philosophical and mystical perspectives This theoretical discussion becomes the foundation for an analysis of the

transmission of the Twelfth Imam's religious and political authority vis vis the jurists during his Greater Occultation Bringing the often overlooked diversity within the Shi'i tradition into sharp focus Religious Authority and Political Thought in Twelver Shi'ism discusses what constitutes an Islamic state if there is such a notion as an Islamic state Hamid Mavani further explores the possibility of creating a space for secularity facilitating a separation between religion and state and ensuring equal rights for all This book argues that such a development is only possible if there is a rehabilitation of ijtihad If this were to materialise modern religious social economic political and cultural challenges could be addressed more successfully This book will be of use to scholars and students with interests ranging from Politics to Religion to Middle East Studies

Re-Envisioning Education Rajni Shankar-Brown, 2022-09-01 With increasing diversity and widening disparities in the United States and globally there are significant challenges and opportunities throughout the educational landscape Today's educational stakeholders particularly public school administrators and teachers must re-envision education and collectively build equity-centered systems structures and practices Confronting systemic inequality in education can be a daunting task but it is nonetheless imperative Connecting theory to practice this book aims to promote inclusive educational excellence and will offer valuable insights and inspiration to a wide range of educational stakeholders Affirming diversity and advancing social justice requires dismantling oppressive customs and structures inside and outside of the classroom fostering an equitable school culture building inclusive learning environments and increasing collective efficacy through best practice Creating healthier schools and communities requires authentically investing in and supporting historically and socially marginalized students and families Rooted in social justice and weaving together diverse voices from the field of education this edited volume will examine equity-focused pre-K-12 pedagogical practices and showcase high-impact initiatives Educators play a vital role in ensuring positive student outcomes and success but often report feeling inadequately prepared for current challenges Unfortunately growing challenges are contributing to turnover rates and shortages as well as perpetuating social inequities among pre-K-12 students instead of dismantling them A research study by the National Association of Secondary School Principals NASSP and the Learning Policy Institute LPI reveals that public schools with higher percentages of low-income students and students of color are more likely to experience administrative and teacher turnover which compounds equity issues affecting already vulnerable students This edited volume will provide educational stakeholders i.e. school administrators teachers service providers parents guardians nonprofit leaders community members with a deeper understanding of pedagogical practices that affirm diversity and promote social justice while offering a current view of educational inequalities juxtaposed with an urgent call to action School districts across the United States must recognize inequalities and provide increasingly diverse students with needed support and resources particularly as social disparities continue to widen and adversely impact millions of students Through a collection of diverse voices from the field of education university educators pre-K-12 district leaders schools administrators and teachers Nonprofit leaders serving

children and youth this book will illuminate current social inequalities impacting pre K 16 students establish the need to affirm diversity and advance social justice share practical examples of transformative initiatives including mindful school family community partnerships feature evidence based pedagogical practices and provide an array of helpful resources for 21st century educational stakeholders      *American Leader* ,1916      **Proceedings of the Oregon Bar Association**
