The Edinburgh Lectures on Mental Science - The Original Classic Edition from 1909 Thomas Troward, 2018-11-25

The Edinburgh Lectures On Mental Science Thomas Troward. First published in 1909. Some people possess the power of visualization or making mental pictures of things in a greater degree than others, and by such this faculty may advantageously be employed to facilitate their realization of the working of the Law. The law is always the same; that our Thought forms a spiritual prototype which, if left undisturbed, will reproduce itself in external circumstances; the only difference is in the sort of prototype we form, and thus evil is brought to us by precisely the same law as good. The Spirit of Life seeking expression in individual lives can have no other intention towards them than that they might have life, and that they might have it more abundantly. To suppose the opposite would be a contradiction in terms.
