**'Modernist' Women Writers and Narrative Art**

Kathleen Wheeler, 1994-09 This book is an examination of the narrative strategies and stylistic devices of modernist writers and of earlier writers normally associated with late realism In the case of the latter Edith Wharton Kate Chopin and Willa Cather are shown to have engaged in an ironic critique of realism by exploring the inadequacies of this form to express human experience and by revealing hidden and contradictory assumptions By drawing upon insights from feminist theory deconstruction and revisions of new historicism and by restoring aspects of formalist analysis Kathleen Wheeler traces the details of these various dialogues with the literary tradition etched into structural stylistic and thematic elements of the novels and short stories discussed These seven writers are not only discussed in detail they are also related to a literary tradition of dozens of other women writers of the twentieth century as Jean Rhys Katherine Mansfield Stevie Smith and Jane

Bowles are shown to take the developments of the earlier three writers into full modernism **Edith Wharton in France** Claudine Lesage,2018-10-23 Using previously unexamined and untranslated French sources Claudine Lesage has illuminated the intertwined characters and important relationships of Wharton s French life The bulk of the new material comes from the daybooks of Paul and Minnie Bourget Wharton s letters in French to L on B lugou and the author s personal research in Hy res Highlights include letters used in Wharton s divorce proceedings and a mysterious autobiographical essay written by Wharton s lover Morton Fullerton Most significantly Wharton s friendship with B lugou absent from most Wharton biographies is for the first time fully recounted through their extensive intimate correspondence The year 1907 was a milestone in Edith Wharton s life and work Unlike Joseph Conrad who had virtually overnight forsaken his native land for an adopted one Mrs Wharton s transition required several years of shuttling back and forth across the Atlantic At first all of Europe beckoned to her but from 1907 on Wharton would claim Paris and after the war the French countryside as her home All the while her work long regarded as being exclusively American followed a similar trajectory Edith Wharton Janet Beer Goodwyn,2016-07-27 in this study Goodwyn sets the standard for Wharton criticism Judith E Funston American Literature Janet Goodwyn sets out by looking at Wharton s appropriation of different cultures to nail the canard that she was but a pale imitator of Henry James Hermione Lee Times Literary Supplement The Land of Letters was henceforth to be my country and I gloried in my new citizenship So Edith Wharton described her elation upon the publication of her first collection of short stories her nationality was henceforth writer and as such she moved with ease between landscapes between cultures and between genres in the telling of her tales In this acclaimed study of Wharton s work the discussion is shaped by her use of specific landscapes and her consistent concern with ideas of place the American s place in the Western world the woman s place in her own and in European society and the author s place in the larger life of a culture Her landscapes both actual and metaphorical give structure and point to the individual texts and to the whole body of her work

**A Critical Study of Edith Wharton's Short Stories and Nouvelles** Florence Joan Voss Greenwood,1961 The Sense of Society Gordon Milne,1977 Combines a historical survey of the American novel of manners with concentrated attention on the major practitioners of the genre James Howells Wharton Glasgow Marquand and Auchincloss *The Descent of Love* Bert Bender,2015-11-16 Upon its publication in 1871 Charles Darwin s *The Descent of Man and Selection in Relation to Sex* sent shock waves through the scientific community and the public at large In an original and persuasive study Bert Bender demonstrates that it is this treatise on sexual selection rather than any of Darwin s earlier works on evolution that provoked the most immediate and vigorous response from American fiction writers These authors embraced and incorporated Darwin s theories insights and language creating an increasingly dark and violent view of sexual love in American realist literature In *The Descent of Love* Bender carefully rereads the works of William Dean Howells Henry James Elizabeth Stuart Phelps Sarah Orne Jewett Kate Chopin Harold Frederic Charles W Chesnutt Edith Wharton and Ernest

Hemingway teasing from them a startling but utterly convincing preoccupation with questions of sexual selection Competing for readership as novelists who best grasped the real nature of human love these writers also participated in a heated social debate over racial and sexual differences and the nature of sex itself Influenced more by *The Descent of Man* than by the *Origin of Species* Bender's novelists built upon Darwin's anthropological and zoological materials to anatomize their character's courtship behavior returning consistently to concerns with physical beauty natural dominance and the power to select a mate Bringing the resources of the history of science and intellectual history to this the first full length study of the impact of Darwin's theories in American literature Bender revises accepted views of social Darwinism American literary realism and modernism in American literature forever changing our perceptions of courtship and sexual interaction in American fiction from 1871 to 1926 and beyond
