Edith Wharton Traveller In The Land Of Letters:

Edith Wharton Janet Goodwyn,1989-12-11 A study of Wharton s work which discusses her novels and travel books according to their specific geography or landscape rather than the date of composition Emphasis is placed on Wharton s concern with America s place in the Western world and women s place in European society Edith Wharton, Traveller in the Land of Letters Janet Beer,1995 *Edith Wharton* Janet Beer Goodwyn,2016-07-27 in this study Goodwyn sets the standard for Wharton criticism Judith E Funston American Literature Janet Goodwyn sets out by looking at Wharton s appropriation of different cultures to nail the canard that she was but a pale imitator of Henry James Hermione Lee Times Literary Supplement The Land of Letters was henceforth to be my country and I gloried in my new citizenship So Edith Wharton described her elation upon the publication of her first collection of short stories her nationality was henceforth writer and as such she moved with ease between landscapes between cultures and between genres in the telling of her tales In this acclaimed study of Wharton s work the discussion is shaped by her use of specific landscapes and her consistent concern with ideas of place the American s place in the Western world the woman s place in her own and in European society and the author s place in the larger life of a culture Her landscapes both actual and metaphorical give structure and point to the individual texts and to the whole body of her work **The Architectural Imagination of Edith Wharton** Annette Benert,2007 Edith Wharton has recently returned to prominence as a major American novelist But few have taken her architectural work as seriously as she herself took it or noticed its effects on her career Two early architectural books and three travel works give sustained critical attention to the built environment Early novels graphically portray the physical miseries of the poor and marginalized and their course in hierarchies of class and gender By contrast her letters consistently celebrate the tastes and manners of the elite At its best her fiction embodies this tension the beauty and grace of elegant houses and public spaces juxtaposed to their effects on those under their control This book tracks Wharton s literary and architectural work in tandem revealing their complex relationship It also foregrounds the odd symmetry of her career which began and ended in fierce attachment to traditional values moved from delight in Italy to despair for France and centered on the brilliantly crafted structures and spaces of the prewar novels Annette Larson Benert is Associate Professor of English at DeSales University **Edith Wharton Abroad** Edith Wharton,1996-08-15 These carefully chosen selections from Edith Wharton s travel writing convey the writer s control of her craft Wharton disliked the generality of guidebooks and focused instead on the parentheses of travel the undiscovered hidden corners of Europe Morocco and the Mediterranean Included is an excerpt from Wharton s unpublished memoir The Cruise of Vanadis as well as front line depictions of Lorraine and the Vosges during World War I Photos Pastoral Cosmopolitanism in Edith Wharton's Fiction Margarida Cadima,2023-07-11 American novelist Edith Wharton 1862 1937 is best known today for her tales of the city and the experiences of patrician New Yorkers in the Gilded Age This book pushes against the grain of critical orthodoxy by prioritizing other species of spaces

in Wharton's work For example how do Wharton's narratives represent the organic profusion of external nature Does the current scholarly fascination with the environmental humanities reveal previously unexamined or overlooked facets of Wharton's craft I propose that what is most striking about her narrative practice is how she utilizes adapts and translates pastoral tropes conventions and concerns to twentieth century American actualities It is no accident that Wharton portrays characters returning to or exploring various natural localities such as private gardens public parks chic mountain resorts monumental ruins or country estate follies Such encounters and adventures prompt us to imagine new relationships with various geographies and the lifeforms that can be found there The book addresses a knowledge gap in Wharton and the environmental humanities especially recent debates in ecocriticism The excavation of Wharton's words and the background of her narratives with an eye to offering an ecocritical reading of her work is what the book focuses on **'Modernist'**

Women Writers and Narrative Art K. Wheeler, 1994-08-16 This book is an examination of the fiction of Edith Wharton Willa Cather Kate Chopin Jean Rhys Stevie Smith Katherine Mansfield and Jane Bowles with a view to clarifying the narrative strategies these women adopt to establish in varying degrees a critique of realism and its hidden dualistic patriarchal assumptions about life literature and society While examining the literary conventions and the innovations of various texts

Kathleen Wheeler is careful to respect the particularity and individuality of each of these writers The New Edith Wharton Studies Jennifer Haytock, Laura Rattray, 2020 Uncovers new evidence and presents new ideas that invite us to reconsider our understanding Edith Wharton's life and career **Mobile Narratives** Eleftheria Arapoglou, Mónika Fodor, Jopi

Nyman, 2013-08-15 Emphasizing the role of travel and migration in the performance and transformation of identity this volume addresses representations of travel mobility and migration in 19th 21st century travel writing literature and media texts In so doing the book analyses the role of the various cultural ethnic gender and national encounters pertinent to narratives of travel and migration in transforming and problematizing the identities of both the travelers and travelees enacting in the borderzones between cultures While the individual essays by scholars from a wide range of countries deal with a variety of case studies from various historical spatial and cultural locations they share a strong central interest in the ways in which the narratives of travel contribute to the imagining of ethnic encounters and how they have acted as sites of transformation and transculturation from the early nineteenth century to the present day In addition to discussing textual representations of travel and migration the volume also addresses the ways in which cultural texts themselves travel and are reconstructed in various cultural settings The analyses are particularly attentive to the issues of globalization and migration which provide a general frame for interpretation What distinguishes the volume from existing books is its concern with travel and migration as ways of forging transcultural identities that are able to subvert existing categorizations and binary models of identity formation In so doing it pays particular attention to the performance of identity in various spaces of cultural encounter ranging from North America to the East of Europe putting particular emphasis on the representation of
