Education In The New Age:

Education in the New Age Bailey, Alice A, Djwhal Khul, 2012-05-14 Education should be a continuous process from birth to death It is essentially a process leading to reconciliation of the human and divine elements in the constitution of a human being Right relationship between God and man spirit and matter the whole and the part should be a prime objective of educational techniques *Sir George Trevelyan, Residential Adult Education and the New Age* Sharon Clancy, 2023-11-29 This book examines the development of British post Second World War short term residential adult education through the lens of the Shropshire Adult Education College 1948 1976 and the tenure of Sir George Trevelyan as its first warden Trevelyan is acknowledged as the godfather of new age spiritualism in the UK and is credited with the development of eclectic and esoteric learning opportunities in arts traditional crafts culture and ecology Embodying the spirit of a new national drive for optimism and enterprise in the post war period Trevelyan and his contemporaries at other colleges took risks and innovated in new pedagogical approaches to adult education capturing the imagination of hundreds of students before being stifled by an increasingly restrictive policy framework and financial strictures The book considers the ideological drivers and tensions behind this unique form of education its inception evolution and virtual demise and seeks to learn from its complex history to inform education in the future *Encyclopedia of New Age Beliefs* John Ankerberg, John Weldon, 1996 This comprehensive indexed volume includes short one page listings of pertinent facts about a particular movement its founder how it claims to work scientific evaluations done and its potential dangers Some topics covered are angels visualization shamanism hypnosis new age medicine and martial arts *Education in the New Age. (Second Edition.)*. Alice Bailey, 1954 Handbook of New Age Daren Kemp, James R. Lewis, 2007 The Handbook of New Age is a comprehensive survey of alternative spiritualities their history their global impact their cultural influence and how they are understood by scholars Chapters by many of the leading scholars of the movement give the latest analysis of contemporary spiritual trends and present up to date observations of the interaction between the New Age movement and many different fields of knowledge and research **New Age Spirituality** Duncan Sheldon Ferguson, 1993-01-01 A collection of essays explores the psychological sociological historical and philosophical aspects of the New Age movement and assesses its strengths and weaknesses Science in the New Age David J. Hess, 1993 In Science in the New Age David Hess explores ideologies of the paranormal in the United States He offers a map of the labyrinth of views put forward by parapsychologists and skeptical debunkers spirit channelers and crystal healers Hollywood poltergeist scripts and prophets of the New Age Adopting a cultural perspective Hess moves beyond the question of who is right or wrong to the cultural politics of how each group constructs its own boundaries of true and false knowledge Hess begins by looking at each group s unique version of knowledge science and religion and at its story about the other groups Comparing the various discourses texts writers and groups as cultures he shows how skeptics parapsychologists and New Agers may disagree vehemently with each other but

end up sharing many rhetorical strategies metaphors models values and cultural categories Furthermore he argues their shared paraculture has a great deal in common with the larger culture of the United States The dialogue on the paranormal Hess concludes has as much to do with gender power and cultural values as it does with spirits extrasensory perception and crystal healing

Religion and American Education Warren A. Nord, 2014-07-01 Warren Nord's thoughtful book tackles an issue of great importance in contemporary America the role of religion in our public schools and universities According to Nord public opinion has been excessively polarized by those religious conservatives who would restore religious purposes and practices to public education and by those secular liberals for whom religion is irrelevant to everything in the curriculum While he maintains that public schools and universities must not promote religion he also argues that there are powerful philosophical political moral and constitutional reasons for requiring students to study religion Indeed only if religion is included in the curriculum will students receive a truly liberal education one that takes seriously a variety of ways of understanding the human experience Intended for a broad audience Nord's comprehensive study encompasses American history constitutional law educational theory and practice theology philosophy and ethics It also discusses a number of current controversial issues including multiculturalism moral education creationism academic freedom and the voucher and school choice movements

Controversial New Religions James R. Lewis, Jesper Aa. Petersen, 2014-07-16 Written by established scholars as well as younger experts in their field this updated and revised second edition of *Controversial New Religions* offers a scholarly dispassionate look at the new religious groups that have generated the most attention in the media and general public
