Education And Counseling For Childbirth:

Education and Counseling for Childbirth Sheila Kitzinger, 1977 **Supporting Women for Labour and Birth** Nicky Leap, Billie Hunter, 2016-06-10 Fear of childbirth the increasing use of epidurals and soaring caesarean section rates are the focus of much apprehension debate and controversy in contemporary maternity care Across the world support in labour has been shown to reduce obstetric interventions and improve outcomes for women and babies yet women often report feeling unhappy with the support they receive This textbook provides a clear and practical guide to supporting women in labour looking at a range of techniques and approaches that promote a safe and positive experience of birth for women and their families Written by two highly experienced midwifery authors this text draws on up to date research identifying how evidence can be applied to everyday practice It includes narratives from women and practitioners including midwives doulas childbirth educators and students These are used to illustrate a range of situations where the quality of support is central to the quality of the experience and outcome **Supporting Women for Labour and Birth** encourages readers to reflect on their experiences and examine the evidence provided by both research and the experiences of women and practitioners in order to explore how this could be incorporated into their practice The only book to deal directly with the practical and emotional issues associated with labour support it is an ideal text for student midwives and an important reference for practising midwives doulas and other childbirth practitioners *A Holistic Guide To Embracing Pregnancy, Childbirth, And Motherhood* Karen Salt, 2002-12-18 A nurturing and empowering guide for the mother to be interested in a holistic pregnancy and birth experience Better Health for Our Children: Major findings and recommendations United States. Select Panel for the Promotion of Child Health, 1981 **Prenatal and Postnatal Care** Robin G. Jordan, Cindy L. Farley, Karen Trister Grace, 2018-04-03 Prenatal and Postnatal Care The second edition of the comprehensive and award winning text on prenatal and postnatal care The updated edition of Prenatal and Postnatal Care offers a comprehensive text for the care of the woman during the childbearing year The expert author team presents information needed to master foundational knowledge in anatomy physiology psychology culture the structure of preconception prenatal and postnatal care as well as the management of common health problems This edition has been revised throughout and contains six new chapters on the following topics prenatal ultrasound triage of the pregnant woman assisting women to develop confidence for physiologic birth pregnancy after infertility oral health and issues around diversity and inclusion in prenatal and postnatal care Additional highlights include new and updated content on pregnant women in the workplace prenatal genetic testing trauma informed care and transgender pregnancy care The second edition also includes commonly used complementary therapies and offers more detailed information on shared decision making and planning for birth Prenatal and Postnatal Care Provides expanded faculty resources with case studies and test questions for each chapter Offers a comprehensive text that covers essential aspects of prenatal and postnatal care of the childbearing woman Builds on the edition that won the Book of the

Year award from the American College of Nurse Midwives ACNM in 2015 This revised authoritative text is an ideal resource for midwifery nurse practitioner and physician assistant students and healthcare providers working with pregnant and postpartum women
