The Thirty Years War: My Life Reporting on Education Richard Garner, 2016-11-14
Richard Garner has spent 36 years reporting on education working for the Times Educational Supplement The Mirror and The Independent In The Thirty Years War he retraces the steps of his career examining the policies personalities success stories and outright failures of the UK education scene from the 1980s to the present day Richard gives his verdict on the 16 Education Secretaries he has seen come and go and offers an insider's view of the major issues and events of his time in office ranging from the fight to abolish corporal punishment to the rise of the academy movement and now the Government's move to open new grammar schools It is a story of power policies and personalities and how the events of the past three decades have shaped the education sector in the UK today
Education Across the United Kingdom 1944-2017 Robert McCloy, 2018-09-06 This book provides a comprehensive understanding of how education has developed over the last 70 years within the United Kingdom As education in Wales and Scotland continues to develop following increasing devolution the contributors draw from personal accounts and practical experience to provide a comparison and evaluation of these differences A critical stage in the history of education has been reached particularly in light of the decision for Britain to leave the European Union the authors explore the emergent fault lines and identify practical reforms While this book will undoubtedly be of interest to educational historians it will also be a valuable reference point for educationalists practitioners and politicians The contributors unpick the larger role of education in the United Kingdom and propose practical ways forward amid a time of crisis

School Governance Jacqueline Baxter, 2016-03-29
What impact have the unprecedented and rapid changes to the structure of education in England had on school governors and policy makers And what effect has the intensifying media and regulatory focus had on the volunteers who take on the job Jacqueline Baxter takes the 2014 Trojan Horse scandal in which it was alleged that governors at 25 Birmingham schools were involved in the Islamisation of secular state schools as a focus point to examine the pressures and challenges in the current system Informed by her twenty years experience as a school governor she considers both media analysis and policy as well as the implications for the future of a democratic system of education in England

Education Dept,1920 *School Government Chronicle and Education Authorities' Gazette* ,1907 **Patterns of Education in the British Isles** Robert Bell,Nigel Grant,2025-04-01 First published in 1977 Patterns of Education in the British Isles is the first modern discussion of the educational systems of the British Isles and the ways in which they influence each other It is no arid account of administrative structures but the first major attempt to set the systems in their cultural political and historical context and to relate them to each other The book discusses the extravagant claims sometimes made for Scottish education the often neglected merits of Irish education and the fortunes of the Celtic languages it examines the peculiar problems of the remote areas the offshore islands and the politics of the educational profession Although particularly concerned with the non English systems of these islands it also considers their relationships with education in the rest of Europe and the world beyond **The Conservative Party and the Destruction of Selective Education in Post-War Britain** Piers Legh,2023-01-26 The book tells the untold story of the Conservative Party s involvement in terms of stance and policy in the destruction of selective state education from 1945 up to the present day Close consideration is paid to their attitudes and prejudices towards education both in power and in opposition Legh examines the Party s responses to the pressure for comprehensive schooling and egalitarianism from the Labour Party and the British left In doing so Legh defies current historiography to demonstrate that the Party were not passive actors in the advancement of comprehensive schooling The lively narrative is moved along by the author s critical examination of the Education Ministers throughout this period Florence Horsbrugh and David Eccles serving under Churchill and Eden and also Quintin Hogg and Geoffrey Lloyd under Macmillan as well as Edward Boyle and Margaret Thatcher under Edward Heath Legh s detailed research utilises a range of government documents personal papers parliamentary debates and newspapers to provide this crucial re assessment of the Conservative Party and selective education and in doing so questions over simplistic generalisations about wholesale support for selective education policy It reveals instead questioning compromises and disagreements within the Party and its political and ideological allies The result is a stimulating revival of existing scholarship which will be of interest to scholars of British education and politics Education pamphlets ,1926 **Routledge Library Editions: Education Management** Various,2021-07-29 Reissuing works originally published between 1975 and 1997 this collection includes books covering all aspect of managing schools from primary to further education With an international selection of authors some volumes present case studies while others address wider areas of concern in the management of educational institutions Individual volumes concern special schools and specific types such as the grant maintained system in the UK Topics cross over from finance to staff development to politics and governance to innovation This is an excellent varied set for any education management bookshelf **Education** ,1902
