Educational Innovation In Economics And Business Vol 2 In Search Of Quality:

Educational Innovation in Economics and Business II Dirk T. Tempelaar, Finn Wiedersheim-Paul, Elving Gunnarsson, 2012-12-06 This volume consists of the revised versions I of a selection of papers of the second EDINEB conference held in Uppsala from 17 19 August 1995 As with the first edition the conference and these proceedings are rooted in the participant s involvement with EDucational INnovation in Economics and Business The thematic focus is quality audit quality assessment and quality improvement all of them collected in the theme In Search of Quality For the first EDINEB conference which took place in Maastricht December 1993 Problem Based Learning was chosen as leading theme The introduction of problem based learning in the curriculum of any faculty is to be regarded as a major innovation in the educational system In contrast the dedication to the search of quality in education resulted in a large variety of case studies and theoretical contributions on educational innovations aiming at increasing the quality of teaching and learning This contrast between the one major step and the many small steps has been the decisive factor for the editors to compose these proceedings as a kind of allegory of Robert M Pirsig s famous novel Zen and the art of Motorcycle Maintenance an Inquiry into Values ZAMM Of course on top of the very obvious reason that the conference had been saddled with a theme that is identical to the title that many critics probably those who aren t so fond of motorcycling used to rename ZAMM The SAGE Handbook of Management Learning, Education and Development Steven J Armstrong, Cynthia V Fukami, 2009-05-07 The scholarship of management teaching and learning has established itself as a field in its own right and this benchmark handbook is the first to provide an account of the discipline Original chapters from leading international academics identify the key issues and map out where the discipline is going Each chapter provides a comprehensive and critical overview of the given topic area highlights current debates and reviews the emerging research agenda Chapters embrace the study of organizations as a whole the concepts of individual and collective learning the delivery of formal management education and the facilitation of management development Through consideration of these themes the Handbook analyzes promotes and critiques the contribution of management learning education and development to management understanding It will be an invaluable point of reference for all students and researchers interested in broadening their understanding of this exciting and dynamic new field International Journal of Production Economics ,2002 **Research Handbook on Quality, Performance and Accountability in Higher Education** Ellen Hazelkorn, Hamish Coates, Alexander C.
