Evangelism and Social Concern in the Theology of Carl F. H. Henry Jerry M. Ireland, 2015-06-01 How do evangelism and social concern relate to one another in the mission of the church How should the Old Testament's emphasis on social justice inform the praxis of modern believers Does the Bible emphasize individual salvation or does it teach a broader more inclusive concept Theologians missiologists pastors and educators have wrestled with these questions for centuries But especially since the early part of the twentieth century this debate has increasingly become a point of contention among evangelical Christians with few indications that a consensus may soon be forthcoming Yet few have offered so thorough an answer to these questions as has Carl F H Henry Henry's regenerative model of evangelism and social concern stands on the shoulders of Augustine and many others and offers what may be the best way forward This book explores Henry's thoughts on this subject and sets him in dialogue with numerous others who have written on these topics Thus it will prove a valuable resource for all interested in this topic

Models of Evangelism Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it's through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model

landscape of the Moldovan Evangelical and Orthodox churches and their historical approaches to mission His evaluation emphasizes the need for a biblical foundation to mission for Eastern European Evangelical churches This book s message is a timely scholarly reminder of the need to pursue holistic mission if the church of Jesus Christ is to be an authentic and effective vessel to bring transformation to people s lives and society **For the Love of God** Jerry M. Ireland,2017-03-23

Eschatology and Ecology Paul Hang-Sik Cho,2011-05-01 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the otherworldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge The Church and Cultures Louis J. Luzbetak,2015-03-31 Why should the church be concerned about cultures Louis J Luzbetak began to answer this question twenty five years ago with the publication of *The Church and Cultures An Applied Anthropology for the Religious Worker* Reprinted six times and translated into five languages it became an undisputed classic in the field Now by popular demand Luzbetak has thoroughly rewritten his work completely updating it in light of contemporary anthropological and missiological thought and in face of current world conditions Serving as a handbook for a culturally sensitive ministry and witness *The Church and Cultures* introduces the non anthropologist to a wealth of scientific knowledge directly relevant to pastoral work

Shapiro, 2005-06-03 The topics of Edward Shapiro s book span the gamut of the American Jewish experience from the politics of American Jews the nature of American Jewish identity relations between Jews and blacks and Jews and American capitalism He discusses writer Herman Wouk Patrick Buchanan and the Jews John Higham s interpretation of American anti-Semitism Nathan Glazer s view of American Orthodoxy and the Jewishness of Sidney Hook Of particular interest is the author s exploration of how American Jews have reconciled their dual identities as Americans and as Jews These solutions has shaped the way Jews have voted prayed earned a living married and chosen a profession America Shapiro argues has truly been different for Jews but this difference has shaped the history of America s Jews in unexpected and ironic ways The fact that Jews have risen rapidly up the economic and social ladder and have become politically influential has not eliminated their insecurity and the sense they have of themselves as a marginal group God's Missionary People Charles E. Van Engen, 1991-09 A world claiming theology of the church draws on ancient and modern thoughts The author focuses on how the church can grow to become in reality God s missionary people **Mission in Context** John Corrie, Cathy Ross, 2016-07-22 Stimulated by Andrew Kirk s mission theology this book brings fresh theological reflection to a wide range of mission issues A formidable group of international missiologists are drawn together to explore current reflections on a wide range of issues including poverty and injustice environmentalism secularism the place of scripture in a pluralist culture science and faith liberation theology oppression and reconciliation and much more Kirk s influence and reputation is international and extends to South America USA Eastern Europe Africa and SE Asia Latin American mission has been especially enriched by Kirk s innovative thinking on revolutionary politics contextualisation and holistic mission This is an indispensable resource of up to date missiological reflections for all involved in mission at every level **Introduction to**

The American City and the Evangelical Church Harvie M. Conn, 1994 *The Politics of Plunder* Doug Bandow, 1990-01-01 This slashing critique charges that the federal government and interest groups have badly mismanaged the political process for private ends Transcending conventional ideologies Bandow sees the root of the problem as our failure to honor the Founding Fathers' intention to establish a limited government with severely circumscribed powers in all areas People abuse power it is human nature Only limited state authority will keep the political process from disintegrating into petty fighting among factions each competing for its own limited self interest The demise of the original restraints has created an overgrown federal government that is ever more wasteful inefficient and unjust Doug Bandow spares no sacred cows He considers state interference in the free market responsible for an ethic of legalized theft which allows interest groups to use the state to enrich themselves through subsidies competitive restrictions and other protectionist measures He sees a judiciary that has aided the other branches of government in manipulating human conduct and restricting personal freedom for both liberal and conservative reasons And in foreign policy he sees the development of an interventionist consensus whereby Washington attempts to remake foreign nations in its image through military intervention and foreign aid with disastrous results *The Politics of Plunder* is written by an insider who combines theoretical and analytical skill with practical political experience Bandow served in the most conservative administration of recent years yet freely criticizes the nostrums of the Right He is an evangelical Christian yet dislikes the tactics of the Religious Right His unique background campaign worker lawyer presidential aide magazine editor policy analyst and journalist enables him to go far beyond the usual Washington commentary Bandow's objective is to develop a new political perspective that transcends both conservative and liberal boundaries and emphasizes individual liberty skepticism of state power and tolerance of others Those interested in the world of ideas will find this an accessible practical guide to libertarian thought Those interested in the world of public policy will
