Making Gender in the Intersection of the Human and the Divine Thomas Donlin-Smith, Muhammad Shafiq, 2019-02-07 This collection of essays challenges the traditional patriarchal approach to sacred literature by highlighting gender parity in sacred texts and envisioning the rise of the matriarchy in the future The authors redefine Biblical Greek words like *malakoi* and *arsenokoitai* used in condemnation of homosexuality and Quranic words like *darajah* and *qawwamun* used for establishing patriarchy One author reexamines the role of the Nepalese Teej festival of fasting and worship of the god Shiva in promoting male hegemony in Hinduism Other papers examine passages like Proverbs 31 1-31 the stories of Sarah and Rahab in the Bible the role of Mary in the Quran and the Dharmic conversion in chapter 27 of the Lotus Sutra This book makes it clear that sacred literature is subject to human understanding as it evolves through space and time Today as more women are educated and actively engaged in political economic and social life religions are challenged to redefine gender roles and

norms *Inclusion and Sexuality in Catholic Higher Education* Mark A. Jann Aldredge-Clanton, PhD, 2014-10-08 Meet the ministers and laypeople driving foundational Christian theological change and restoring awareness of the sacred value of women and girls The Bible teaches that we are made in the image and likeness of God therefore I must believe that there is a male and female expression of God Claim your divinity and walk in it every day because you are fearfully and wonderfully made Rev Dr Susan Newman Claiming Our Divinity In a world filled with injustice and violence we long for a new sacred symbolism to inspire transformation Our yearning includes a widespread hunger for visions of the Female Divine in church life and worship to restore gender balance and finally achieve just equal and inclusive faith communities This collection of engrossing narratives of women and men trying to change the institutional church and society illuminates how reclaiming multicultural female images of God extends beyond the sanctuary and into the community Whether you are searching for your own place in the church or you want to explore this growing movement these fascinating pioneers invite you to join the adventure of creating rituals that include Her affirming the sacred value of all people and all creation **Jonathan's Loves, David's Laments** Dirk von der Horst, 2017-03-24 Jonathan's Loves David's Laments uses early modern musical interpretations of David's Lament over Saul and Jonathan to deepen the historicist foundations of contemporary feminist and gay relational theologies After laying out how gay theologian Gary David Comstock connects the story of David and Jonathan to the theology of lesbian theologian Carter Heyward the argument interrogates both theological and exegetical problems in making those connections which include contradictory theological stances with regard to modernity and history as well as the indeterminacy of the biblical text Early modern musical interpretations of the text allow for a double move of engaging the texts through a sensual medium thus reinforcing queer possibilities for meaning making from the biblical text and staying attuned to the fact that the

history of interpretation reinforces the indeterminacy of the text thus keeping queer interpretations aware of the relativizing function of historical difference

Altering Nature B. A. Lustig, B.A. Brody, Gerald P. McKenny, 2008-11-01 B Andrew Lustig Baruch A Brody and Gerald P McKenny In this second volume of the Altering Nature project we situate specific religious and policy discussions of four broad areas of biotechnology within the context of our interdisciplinary research on concepts of nature and the natural in the first volume *Altering Nature Concepts of Nature and the Natural in Biotechnology Debates* In the first volume we invited five groups of scholars to explore the diverse conceptions of nature and the natural that shape moral judgments about human alterations of nature as especially exemplified by recent developments in biotechnology A careful reading of such developments reveals that assessments of them whether positive or negative are often informed by different conceptual interpretations of nature and the natural with differing implications for judgments about the appropriateness of particular alterations of nature These varying interpretations of nature and the natural often result from the distinctive perspectives that characterize various scholarly disciplines Therefore in an effort to explore the variety of meanings that attend discussions of the concepts of nature and the natural the contributors to the first volume of *Altering Nature* addressed those concepts from five different disciplinary vantages A first group of scholars analyzed a range of religious and spiritual perspectives on concepts of nature and the natural Their research highlighted the thematic historical and methodological touchstones in those traditions that shape their perspectives on nature

The Embrace of Eros Margaret D. Kamitsuka, 2010-01-19 The topic of sexuality intersects directly with the most contested historical theological and ethical questions of our day In this edgy yet profound volume noted scholars and theologians assay the Christian tradition's classic and contemporary understandings of sex sexuality and sexual identity The project unfolds in three phases contemporary assessments of the Christian tradition new thinking about eros and being human religiously and new perspectives on classic mysteries in light of eros and embodiment

Embracing Disruptive Coherence Kathleen T. Talvacchia, 2019-04-18 Does anyone need to come out anymore Queer theory has challenged the idea of coming out as problematic for its false binary and essentialized version of identity If gender is a socially constructed performativity then what does coming out mean At the same time we live in a society that still struggles with structures of power that define what is considered normal and sanctions those who transgress The intersectionality of gender with race class ethnicity nationality abilities religion age and other positional markers challenge a simplified belief that coming out is not necessary Therefore in the lived experience of many persons coming out still matters This book initiates a different theological conversation about coming out It argues that rather than the declaration of an identity category coming out can

be understood as the erotic ethical practice of truth telling The formation of conscience and moral integrity embody the two pillars of this erotic practice Coming out understood as disruptive coherence is the erotic ethical practice of truth telling grounded in our deepest desires to be known authentically in community *Leaving and Coming Home* David M. Cloutier, 2010-06-04

Development with a Body Andrea Cornwall, Sonia Correa, Susie Jolly, 2013-07-04 We used to talk about development with a human face We should be talking about development with a body Arit Oku Egbas African Regional Sexuality Resource Centre Nigeria Sex and sexuality have always had a place at the heart of the development agenda from concerns regarding population and environment to practices in education and efforts for protecting reproductive health and rights Yet this agenda has largely focused on negative dimensions of sexuality disease risk violation rather than positive aspects including rights to sexual fulfillment wellbeing and pleasure The shift towards a rights based approach to development has brought the human rights dimensions of sexuality into clearer view and consequently the need to address discriminatory laws and violations of the human rights of those whose sexual identity and practices diverge from dominant sexual orders norms This book offers compelling insights into contemporary challenges and transformative possibilities of the struggle for sexual rights It combines the conceptual with the political and offering inspiring examples of practical interventions and campaigns that emphasize the positive dimensions of sexuality It brings together reflections and experiences of researchers activists and practitioners from Brazil India Nigeria Peru Serbia South Africa Turkey the UK and Zambia From political discourse on sex and masculinity to sex work and trafficking from HIV and sexuality to struggles for

legal reform and citizenship the authors explore the gains of creating stronger linkages between sexuality human rights and development

Sexuality and Social Justice in Africa Marc Epprecht,2013-07-11 The persecution of people in Africa on the basis of their assumed or perceived homosexual orientation has received considerable coverage in the popular media in recent years Gay bashing by political and religious figures in Zimbabwe and Gambia draconian new laws against lesbians and gays and their supporters in Malawi Nigeria and Uganda and the imprisonment and extortion of gay men in Senegal and Cameroon have all rightly sparked international condemnation However much of the analysis has been highly critical of African leadership and culture without considering local nuances historical factors and external influences that are contributing to the problem Such commentary also overlooks grounds for optimism in the struggle for sexual rights and justice in Africa not just for sexual minorities but for the majority population as well Based on pioneering research on the history of homosexualities and engagement with current lgbti and HIV AIDS activism Marc Epprecht provides a sympathetic overview of the issues at play and a hopeful outlook on the potential of sexual rights for all
