Revisited Martha H. Patterson,2008 In North America between 1894 and 1930 the rise of the New Woman sparked controversy on both sides of the Atlantic and around the world As she demanded a public voice as well as private fulfillment through work education and politics American journalists debated and defined her Who was she and where did she come from Was she to be celebrated as the agent of progress or reviled as a traitor to the traditional family Over time the dominant version of the American New Woman became typified as white educated and middle class the suffragist progressive reformer and bloomer wearing bicyclist By the 1920s the jazz dancing flapper epitomized her Yet she also had many other faces Bringing together a diverse range of essays from the periodical press of the late nineteenth and early twentieth centuries Martha H Patterson shows how the New Woman differed according to region class politics race ethnicity and historical circumstance In addition to the New Woman s prevailing incarnations she appears here as a gun wielding heroine imperialist symbol assimilationist icon entrepreneur socialist anarchist thief vamp and eugenicist Together these readings redefine our understanding of the New Woman and her cultural impact *Gordon Conway* Raye Virginia Allen,1997 Gordon Conway
