House. Committee on Appropriations. Subcommittee on Interior, Environment, and Related Agencies, 2015 Ever After Barry Singer, 2021-09-15 Written by Barry Singer one of contemporary musical theater's most authoritative chroniclers Ever After was originally published in 2003 as a history of the previous twenty-five years in musical theater on and off Broadway. This new edition extends the narrative taking readers from 2004 to the present. The book revisits every new musical that has opened since the last edition with Barry Singer once again as guide. Before Ever After appeared in 2003 no book had addressed the recent past in musical theater history an era Singer describes as ever after musical theater's many golden ages. Derived significantly from Singer's writings about musical theater for the New York Times New York Magazine and The New Yorker Ever After captured that era in its entirety from the opening of *The Act* on Broadway in October 1977 to the opening of *Avenue Q* Off Broadway in March 2003. This new edition brings Ever After up to date from *Wicked* through *The Book of Mormon* to *Hamilton* and beyond. Once again this is the first book to cover this new pre-pandemic age of the Broadway musical. And once again utilizing his recent writing about musical theater for HuffPost and Playbill Barry Singer's viewpoint is comprehensive and absolutely unique.

Brill's Companion to the Reception of Sophocles, 2017-04-03 Brill's *Companion to the Reception of Sophocles* offers a comprehensive account of the influence, reception, and appropriation of all extant Sophoclean plays as well as the fragmentary Satyr play *The Trackers* from Antiquity to Modernity across cultures and civilizations encompassing multiple perspectives and within a broad range of cultural trends and manifestations: literature, intellectual history, visual arts, music, opera, and dance, stage, and cinematography. A concerted work by an international team of specialists in the field, the volume is addressed to a wide and multidisciplinary readership of classical reception studies from experts to non-experts. Contributors engage in a vividly and lively interactive dialogue with the Ancient and the Modern which while illuminating aspects of ancient drama and highlighting their ever-lasting relevance offers a thoughtful and layered guide of the human condition.

Great North American Stage Directors Volume 5 Joan Herrington, 2024-01-25 Richard Schechner, Lee Breuer, and Anne Bogart share a spirit of profound adventure and that adventure is the redefinition of theatre itself. They are rare hybrids: the confluence of their theatrical roles as directors, scholars, theorists, and teachers has placed them among the most influential thinkers/practitioners of their generation. This book reveals the ways in which their consistent inquiry enabled them to re-examine, re-frame, and re-invent their own practice. The essays in this volume explore the ways in which Schechner, Breuer, and Bogart have established

powerful legacies of consistently innovative theatre most often created in the company of an ensemble of collaborative artists. Their influence is undeniable in the reformulation of theatre practices from the 1970s onward. The Great North American Stage Directors series provides an authoritative account of the art of directing in North America by examining the work of twenty-four major practitioners from the late 19th century to the present. Each of the eight volumes examines three directors and offers an overview of their practices, theoretical ideas, and contributions to modern theatre. The studies chart the life and work of each director, placing his or her achievement in the context of other important theatre practitioners and broader social history. Written by a team of leading experts, the series presents the genealogy of directing in North America while simultaneously chronicling crucial trends and championing contemporary interpretation. Crossroads in the Black Aegean Barbara Goff, Michael Simpson, 2007-11-15. A study of African rewritings of Greek tragedy, this title asks why the plays of Sophocles' Theban Cycle are so often adapted by dramatists of African descent and how plays that dilate on the power of the past can articulate the postcolonial moment. **Getting Off** Lee Breuer, 2019-07-16. Since he first arrived on the New York art theatre performance scene in 1970, Lee Breuer has been at the forefront of the American theatrical avant-garde, creating challenging works both independently and with Mabou Mines, the company he co-founded with JoAnne Akalaitis, Philip Glass, Ruth Maleczek, and David Warrilow. By blending disciplines and techniques from widely different cultures, he has created a unique performance genre fusing sound and musical components, visual arts, and arresting movement, dance, puppetry into a groundbreaking form. Breuer's work as a director includes radical adaptations of major works such as his celebrated stagings of *The Lost Ones* by Samuel Beckett, *The Gospel at Colonus* inspired by Sophocles, a gender-reversed *King Lear*, and a revolutionary reinterpretation of Ibsen with Mabou Mines. *DollHouse*. Breuer has also been a prolific writer who redefines the concept of character and the use of biography in such works as *The Shaggy Dog Animation*, *A Prelude to Death in Venice*, *Hajj Ecco Porco*, and *La Divina Caricatura* in a distinctive American voice. In this volume, theatre historian and journalist Stephen Nunns has assembled a unique look into one of contemporary theatre's most singular creative minds. Using interviews and excerpts from Breuer's writings with added historical commentary, the thrilling result is equal parts autobiography, artistic manifesto, and critical exploration. Extensively illustrated with photographs of his work from around the world, this is a one-of-a-kind portrait of the artist and theatrical activist at work. **Beyond the Boundaries** Theodore Shank, 2002. An update of this popular history of experimental American theater. The Oxford Handbook of Greek Drama in the Americas Kathryn Bosher, Fiona Macintosh, Justine McConnell, Patrice Rankine, 2015-11-05. The Oxford Handbook of Greek Drama in the Americas is the first edited collection to discuss the performance of Greek drama across the continents and archipelagos of the Americas from the beginning of the nineteenth century to the present. The study and interpretation of the classics have never been restricted by geographical or linguistic boundaries, but in the case of the Americas, long colonial histories have often imposed such boundaries arbitrarily. This volume tracks networks across continents and oceans and uncovers the ways

in which the shared histories and practices in the performance arts in the Americas have routinely defied national boundaries. With contributions from classicists, Latin American specialists, theatre and performance theorists and historians, the Handbook also includes interviews with key writers including Nobel Laureate Derek Walcott, Charles Mee and Anne Carson, and leading theatre directors such as Peter Sellars, Carey Perloff, Hector Daniel Levy and Heron Coelho. This richly illustrated volume seeks to define the complex contours of the reception of Greek drama in the Americas and to articulate how these different engagements at local, national or trans-continental levels, as well as across borders, have been distinct both from each other and from those of Europe and Asia.
