popularize the religion in the West The work was assembled from existing English translations of Buddhists texts with significant amendments and reworkings His selection of texts favoured Buddhism as a philosophy without any supernatural elements While criticized by contemporary scholars this interpretation proved popular in the West It proved a popular success with a number of reprintings It also influenced the development of Buddhist modernism in East Asia notably in a Japanese translation of the book by D T Suzuki ILLUSTRATED The Gospel of Buddha, Compiled from Ancient Records Paul Carus,2014-02-17 Rejoice at the glad tidings The Buddha our Lord has found the root of all evil he has shown us the way of salvation The Buddha dispels the illusions of our mind and redeems us from the terror of death The Buddha our Lord brings comfort to the weary and sorrow laden he restores peace to those who are broken down under the burden of life He gives courage to the weak when they would fain give up self reliance and hope Ye that suffer from the tribulations of life ye that have to struggle and endure ye that yearn for a life of truth rejoice at the glad tidings There is balm for the wounded and there is bread for the hungry There is water for the thirsty and there is hope for the despairing There is light for those in darkness and there is inexhaustible blessing for the upright The Gospel of Buddha Olga Kopetzky,Paul Carus,2020-12-21 The Gospel of Buddha was first published in 1894 It soon became a worldwide bestseller completely eclipsing the one previous attempt to popularize Buddhism in the West Sir Edwin Arnold s The Light of Asia Carus collected accounts of the life and teaching of the Buddha from many sources and fashioned a coherent and gripping narrative which would be understood by Americans as very much like a Christian gospel The Gospel of Buddha was quickly translated into Japanese and other Eastern languages and was taken up by teachers in the Buddhist world This Gospel tells the story of the Prince Siddhattha raised by his parents to be ignorant of all evil and suffering and then was traumatically confronted by the spectacle of old age sickness and death Giving up his family and his kingdom to seek Enlightenment Siddhattha became a holy man asking questions of religious authorities and practicing abstention Then he found Enlightenment and became the Buddha when he understood the Four Noble Truths and became a travelling preacher spreading the word of the new religion based on freedom from suffering by renunciation of the ego **The Gospel of Buddha, Compiled From Ancient Records** Paul Carus,O (Olga) Kopetzky,2025-03-29 The Gospel of Buddha compiled from ancient records by Paul Carus offers a profound introduction to the core teachings of Buddhism This meticulously prepared volume presents a comprehensive overview of the Buddha s sermons and essential principles drawing directly from Buddhist scripture As a foundational text for understanding Buddhism the book explores the philosophical underpinnings of the faith and provides insights into the life and teachings of Gautama Buddha Carus s compilation makes the wisdom of the Buddha accessible illuminating key concepts and narratives central to Buddhist belief Readers seeking a deeper understanding of Buddhist philosophy and the Buddha s message will find this work a valuable and enduring resource Dive into the heart of Buddhism with this important collection of sacred writings This work has been selected by scholars as being culturally important and is part of the knowledge base of

The Gospel of Buddha, the Religion of the Samurai Joseph Lumpkin,2019-11-09 This volume contains two related books The Gospel of Buddha was written in 1894 book by Paul Carus and Religion of the Samurai A Study of Zen Philosophy and Discipline in China and Japan written by Kaiten Nukariya in 1913 The Gospel of Buddha was written in 1894 book by Paul Carus It was a significant force in introducing Buddhism to the West and is still used as a teaching tool by some Asian sects The book is It was modeled on the New Testament Gospels in form and function and tells the story of Buddha through parables Carus's introduction to Buddhism combines various sayings stories and historical accounts of the Buddha's life into a captivating narrative which resonates with Western readers The gospel tells the story of Siddhattha a young prince who became so disillusioned with the world he felt compelled to give up family and fortune to seek inner peace and fulfillment Siddhartha became a humble and holy man who would change the world by articulating the underlying causes of suffering and by describing a path of escape from human misery Upon his enlightenment and releases suffering he announced the Four Noble Truths and became known as the Buddha The Religion of the Samurai A study of Zen Philosophy and Discipline in China and Japan written by Kaiten Nukariyao narrows the focus of Buddhism in general down to a study of Zen Buddhism

The approaches and techniques of Zen are discussed along with its effects on the Samurai culture Zen was uniquely suited to the Samurai The philosophy teaches and imparts high moral principles selflessness and mindset focused on the perfect execution of intent and technique When combined with martial arts the result was the strict control over body and mind and a spiritual vehicle needed for both warrior and monk The cultivation of the Zen philosophy resulted in serenity and peace even in the face of certain death Zen is not a religion It is a philosophy which can be applied to life in general or even as an integral connection to the daily practice of religion The practice of Zen encourages one to disregard the transient world with its ever changing demands and expectations and instead embrace the eternal nature of man found within each atom of time

This is to become Enlightened **The Gospel of Buddha** Paul Carus,1895 *The Gospel of Buddha* Paul Carus,2017-10-14 Originally published in 1894 this book was one of the first introductions of Buddhism to the West In particular the topic is approached from a Christian point of view showing parallels between the teachings of the two faiths and between their respective holy figures This edition contains the beautiful original images and is often recommended to Christians wishing to learn more about the teachings of Buddhism Paul Carus had an obvious and deep respect for Buddhism and other Eastern traditions and that shines through in this work It contains fine descriptions of the Four Noble Truths and the Eightfold Path as well as many parables of the Buddha Where documents have been translated while they would doubtless have been translated differently these days they have been done so with great sensitivity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Buddha's Gospel Lindsay Falvey,2002 Described as unique and a great service to understanding this book is intended for three groups Western Buddhists that bulk of the West that have no religious affiliation yet know there is something more to life and Buddhists in Asia who follow the encounter of the dharma with the West It highlights the pervasive similarities in the teachings of Jesus and the Buddha as they were probably originally presented In its six chapters and appendix it compares the two great teachers the Buddha and Jesus briefly charts the process by which experts have produced words readily attributed to Jesus and presents a Buddhist imitation of these words based on the hypothetical Sayings of Jesus It then considers congruence between the Buddha's and Jesus teachings before offering both Buddhist and Christian interpretations An appendix re presents the Buddhist imitation of Jesus words as a continuous text Dr Falvey introduces his work Jesus speaking the Buddha's words exudes audacity and ignorance yet this work essentially wrote itself as a product of my socialization a modicum of Christian theological study and its explication through three decades of casual

association with Thai Buddhism Differences between the two traditions such as Christianity relying on a God while Buddhism denies the existence of a God proved themselves facile upon consideration of the metaphorical intent of teachings of both traditions **The Gospel of Buddha** Paul Carus,1997 The Gospel of Buddha Paul Carus,O. Kopetzky,2014-03 This Is A New Release Of The Original 1915 Edition **The Gospel of Buddha** Paul Carus,1894
