Milani,2014-10-14 Sufism formed one of the cultures of resistance which has existed in the social fabric of Persia since antiquity Such resistance continues to manifest itself today with many looking to Sufism as a model of cooperation between East and West between traditional and modern Sufism in the Secret History of Persia explores the place of Sufi mysticism in Iran s intellectual and spiritual consciousness through traditional and contemporary Sufi thinkers and writers Sufism in the Secret History of Persia examines the current of spirituality which extends from the old Iranian worship of Mithra to modern Islam This current always contains elements of gnosis and inner knowing but has often provided impetus for socio political resistance The study describes how these persisting pre Islamic cultural and socio religious elements have secretly challenged Muslim orthodoxies and continue to shape the nature and orientation of contemporary Sufism **The Gospel of**

Nietzsche s Zarathustra takes an interdisciplinary approach to Nietzsche s Thus Spoke Zarathustra focusing on the philosophical function of its literary techniques and its fictional mode of presentation It argues that the fictional format is essential to Nietzsche s philosophical message in his work Part of that message is Nietzsche s alternative to the Western worldview as developed by Plato s dialogues and the Christian Gospel which he presents through the teachings of his hero Zarathustra Another part of that message is that any doctrine including those of Zarathustra himself has an ambivalent nature Although doctrinal formulations are designed to preserve and communicate philosophical insights they can become dead formulas out of touch with the live philosophical discoveries that they aimed to capture Thus Spoke Zarathustra explores Zarathustra s own vulnerability to this risk and his way of regaining real connection with living wisdom The doctrine of eternal recurrence which is particular prominent in Zarathustra is a case in point The doctrine is offered in opposition to the worldview that Nietzsche associates with the Christian doctrine of sin which in his view promotes a view of this life as

devoid of intrinsic value However certain ways of adhering to this doctrine themselves rob life of its value The book also defends the importance of Part IV of Thus Spoke Zarathustra which many scholars have seen as unimportant by comparison with the first three parts Nietzsche s Zarathustra argues that Part III would not have been a culmination for the work and that Part IV is essential to Nietzsche s project Part IV s allusions to Apuleius The Golden Ass an ancient Menippean satire suggest that it should be read as a satire in which Zarathustra falls into and recovers from folly It is thus the culminating statement of the point that there is always a discrepancy between the living philosophical insight and any attempt to articulate it

Quest George Robert Stow Mead,1911 Friedrich Nietzsche and Weimar Classicism (Studies in German Literature, Linguistics, and Culture) Paul Bishop,Roger H. Stephenson,2005 The book provides an overview of related scholarly literature discusses Nietzsche s aesthetic theory in The Birth of Tragedy recounts the composition of Thus Spoke Zarathustra and offers an interpretation of the aesthetic gospel in this centeal work A concluding chapter explores the continuities in aesthetic theory from Leucippus to Ernst Cassirer By demonstrating the constitutive function of the aesthetics of Weimar classicism in his philosophy this book opens up a fresh and original perspective on reading Nietzsche

BOOK JACKET **What is Nietzsche's Zarathustra?** Heinrich Meier,2021-03-02 Thus Spoke Zarathustra is Nietzsche s most famous and most puzzling work one in which he makes the greatest use of poetry to explore the questions posed by philosophy But in order to understand the movement of this drama we must first understand the character of its protagonist we must ask What Is Nietzsche s Zarathustra Heinrich Meier attempts to penetrate the core of the drama following as a guiding thread the question of whether Zarathustra is a philosopher or a prophet or if he is meant to be both whether Zarathustra is able to unite philosopher and prophet in himself Via a close reading that uncovers the book s hidden structure Meier develops a highly stimulating and original interpretation of this much discussed but still ill understood masterwork of German poetic prose In the process he carefully overturns long established canons in the academic discourse of Nietzsche interpretation The result is a fresh and surprising grasp of Nietzsche s well known teachings of the overman the will to power and the eternal return

A New Politics for Philosophy George A. Dunn,Mango Telli,2022-11-16 A New Politics for Philosophy Perspectives on Plato Nietzsche and Strauss presents meticulous readings of key philosophical works of towering figures from both the classical and modern intellectual traditions Protagoras Aeschylus Xenophon Plato Nietzsche and Leo Strauss Inspired by the scholarship of Laurence Lampert this international group of scholars explores questions of the nature or identity of the philosopher The chapters touch on topics ranging from Plato s Charmides Aeschylus Prometheia Trilogy Xenophon s Hiero or Tyrannicus Nietzsche s Thus Spoke Zarathustra and Ecce Homo Nietzsche s Plato whether Nietzsche thought of himself as a modern day Socrates philosophy s relationship to science the function of the noontide image in the center of Part IV of Nietzsche s Zarathustra a re evaluation of the young Nietzsche s break from the spell of Schopenhauer the dramatic date of the conversation presented in Plato s Republic Leo Strauss s account of the modern break with classical

political philosophy and Nietzschean environmentalism The book also includes an interview with Laurence Lampert
