**The Gospel According to the Harvard Business School** P. Cohen,1975      **The Gospel According to the Harvard Business School** Peter Cohen,1974      *Voltaire's Bastards* John Ralston Saul,2013-07-02 Argues that blind faith in reason has resulted in problems in every phase of social life suggests reason is an administrative method rather than a moral force and proposes some solutions      **Manufacturing Morals** Michel Anteby,2024-05-31 Corporate accountability is never far from the front page and as one of the world s most elite business schools Harvard Business School trains many of the future leaders of Fortune 500 companies But how does HBS formally and informally ensure faculty and students embrace proper business standards Relying on his first hand experience as a Harvard Business School faculty member Michel Anteby takes readers inside HBS in order to draw vivid parallels between the socialization of faculty and of students In an era when many organizations are focused on principles of responsibility Harvard Business School has long tried to promote better business standards Anteby s rich account reveals the surprising role of silence and ambiguity in HBS s process of codifying morals and business values As Anteby describes at HBS specifics are often left unspoken for example teaching notes given to faculty provide much guidance on how to teach but are largely silent on what to teach **Manufacturing Morals** demonstrates how faculty and students are exposed to a system that operates on open ended directives that require significant decision making on the part of those involved with little overt guidance from the hierarchy Anteby suggests that this model which tolerates moral complexity is perhaps one of the few that can adapt and endure over time **Manufacturing Morals** is a perceptive must read for anyone looking for insight into the moral decision making of today s business leaders and those influenced by and working for them      *Managing Elites* Debra J. Schleef,2006 How does one become a member of an elite profession **Managing Elites** examines how elites in training contest rationalize and ultimately enthusiastically embrace their dominant positions in society Using interviews with 79 law and MBA students the author argues that elite socialization requires both accommodation and resistance to professional ideologies Students develop a collective cynicism about elements of their education learning that their discipline imparts esoteric knowledge but also claiming that they didn t learn anything They struggle with the idea that fellow students are all equally intelligent and therefore deserving of elite status and the continuing emphasis on activities that sort students Students resist that paths to success promoted by school cultures investment banking consulting or becoming partner in a large law firm Such cynicism is indeed ultimately revealed to be temporary as most students end up in full support of these jobs of least resistance Their critiques do however create tensions between competition and cooperation between the individual and the collective and between egalitarianism and elitism Part of elite socialization is learning to deal with these tensions or more specifically to hold contradictory ideals at the same time      *Harvard Business School Bulletin* ,2003      **The Bloomsbury Reader in the Study of Religion and Popular Culture** Lisle W. Dalton,Eric Michael Mazur,Richard J. Callahan, Jr.,2021-12-16 This is the first anthology to trace broader themes of
