

# Political Economy

*[pə-'li-ti-kəl i-'kă-nə-mē]*

An interdisciplinary branch of the social sciences that focuses on the interrelationship between political and economic systems.

# Economic Approach To Politics

**Helene P. M. Johansen**

## **Economic Approach To Politics:**

**The Economic Approach to Politics** Kristen R. Monroe, Kristen Renwick Monroe, 1991  
**The Economic Approach to Politics** Bruno Leoni, 1961  
**Politics in the Dutch Economy** Bart Snels, 2018-12-20 First published in 1999 this volume surveys economic theories of political mechanisms as well as political theories of the influence of the institutional context in which decisions about social economic policies are being made In the first half of the seventeenth century the Dutch Republic emerged as one of Europe s leading maritime powers The political and military leadership of this small country was based on large scale borrowing from an increasingly wealthy middle class of merchants manufacturers and regents This volume presents the first comprehensive account of the political economy of the Dutch republic from the sixteenth to the early nineteenth century Building on earlier scholarship and extensive new evidence it tackles two main issues the effect of political revolution on property rights and public finance and the ability of the nation to renegotiate issues of taxation and government borrowing in changing political circumstances  
**The Economic Approach** Gary S. Becker, Julio J. Elias, Kevin M. Murphy, 2023-08-16 A revealing collection from the intellectual titan whose work shaped the modern world As an economist and public intellectual Gary S Becker was a giant The recipient of a Nobel Prize a John Bates Clark Medal and a Presidential Medal of Freedom Becker is widely regarded as the greatest microeconomist in history After forty years at the University of Chicago Becker left a slew of unpublished writings that used an economic approach to human behavior analyzing such topics as preference formation rational indoctrination income inequality drugs and addiction and the economics of family These papers unveil the process and personality direct critical curious that made him a beloved figure in his field and beyond The Economic Approach examines these extant works as a capstone to the Becker oeuvre not because the works are perfect but because they offer an illuminating instructive glimpse into the machinations of an economist who wasn t motivated by publications Here and throughout his works an inquisitive spirit remains remarkable and forever resonant  
**The Economic Approach to Human Behavior** Gary S. Becker, 2013-02-06 Since his pioneering application of economic analysis to racial discrimination Gary S Becker has shown that an economic approach can provide a unified framework for understanding all human behavior In a highly readable selection of essays Becker applies this approach to various aspects of human activity including social interactions crime and punishment marriage fertility and the family and irrational behavior Becker s highly regarded work in economics is most notable in the imaginative application of the economic approach to a surprising breadth of human activity Becker s essays over the years have inevitably inspired a surge of research activity in testimony to the richness of his insights into human activities lying outside the traditionally conceived economic markets Perhaps no economist in our time has contributed more to expanding the area of interest to economists than Becker and a number of these thought provoking essays are collected in this book Choice Gary Becker was awarded the Nobel Prize in Economic Science in 1992  
**The Economic Approach to Public Policy** Ryan Amacher, Robert D.

Tollison, Thomas D. Willett, 2019-06-30 Can traditional economic theory help to solve today's vexing social problems This unique collection of thirty six papers strongly suggests that it can The economic approach is applied imaginatively by the authors to a wide range of contemporary issues such as crime higher education the environment revenue sharing equity justice and the distribution of income The articles also deal with governmental behavior and the role of the economist as governmental adviser Shaped during the preparation and teaching of college classes the book is well suited for courses in principles of economics microeconomics price theory and public policy development and analysis It should also prove a useful reference work for policy makers      **Political Competition and Economic Regulation** Peter Bernholz, Roland

Vaubel, 2007-06-07 Organized readable technically sound and comprehensive from both theoretical and empirical standpoints this book summarizes a vast amount of institutional historical and descriptive detail Using case studies from the US Canada Germany and Switzerland as well as the European Union and the global economy this is the first book of its kind to e

**Competition Policy and the Economic Approach** Josef Drexler, Wolfgang Kerber, Rupprecht Podszun, 2011-01-01 This outstanding collection of original essays brings together some of the leading experts in competition economics policy and law They examine what lies at the core of the economic approach to competition law and deal with its normative and institutional limitations In recent years the more economic approach has led to a modernisation of competition law throughout the world This book comprehensively examines for the first time the foundations and limitations of the approach and will be of great interest to scholars of competition policy no matter what discipline Competition Policy and the Economic Approach will appeal to academics in competition economics and law policy makers and practitioners in the field of antitrust competition law as well as postgraduate students in competition law and economics Those interested in the interplay of law and economics in the field of competition will also find this book invaluable      The Political Economy Of International

Organizations Roland Vaubel, Thomas D Willett, 2019-10-16 The idea for this volume was conceived by Frederick Praeger founder of Westview Press who asked Roland Vaubel if he would put together a collection of chapters on the public choice approach to the study of international organizations Vaubel felt it would be useful to have a coeditor from the United States and Thomas D Willett enthusiastically agreed to take on these duties      *Approaches to Economic Geography* Ray

Hudson, 2016-06-10 The last four decades have seen major changes in the global economy with the collapse of communism and the spread of capitalism into parts of the world from which it had previously been excluded Beginning with a grounding in Marxian political economy this book explores a range of new ideas as to what economic geography can offer as it intersects with public policy and planning in the new globalised economy Approaches to Economic Geography draws together the formidable work of Ray Hudson into an authoritative collection offering a unique approach to the understanding of the changing geographies of the global economy With chapters covering subjects ranging from uneven development to social economy this volume explores how a range of perspectives including evolutionary and institutional approaches can further

elucidate how such economies and their geographies are reproduced Subsequent chapters argue that greater attention must be given to the relationships between the economy and nature and that more consideration needs to be given to the growing significance of illegal activities in the economy The book will be of interest to students studying economic geography as well as researchers and policy makers that recognise the importance of the relationships between economy and geography as we move towards a sustainable future economy and society

### **Principles and Pluralist Approaches in Teaching**

**Economics** Samuel Decker, Wolfram Elsner, Svenja Flechtner, 2019-06-28 This volume is a state of the art compilation of diverse and innovative perspectives principles and a number of practiced approaches of fields courses and methods of pluralist economics teaching It fosters constructive controversy aiming to incite authors and commentators to engage in fruitful debate The complex economic problems of the 21st century require a pluralist real world oriented and innovative discipline of economics capable of addressing and teaching those complex issues to students from diverse perspectives This volume addresses a number of key questions Which models could be taught outside the equilibrium and optimality paradigm Which methods could help to improve our understanding of the complex globalized economy How can qualitative and quantitative methods be combined in a fruitful way to analyze complex economic problems How can the academic isolation of mainstream economics that has developed over many decades be overcome despite its attempted transdisciplinary imperialism What role should knowledge from other disciplines play in teaching economics and what is the relevance of transdisciplinarity Through examining these issues the editors and authors have created a pluralist but cohesive book on teaching economics in the contemporary classroom drawing from ideas and examples from around the world Principles and Pluralist Approaches in Teaching Economics is a unique collection of diverse perspectives on the methodology and applications of pluralist economics teaching It will be a great resource for those teaching economics at various levels as well as researchers and intermediate and advanced students searching for pluralism in economics

### **Contemporary Political**

**Theory** J. C. Johari, 1987 Political Economy of Palestine Alaa Tartir, Tariq Dana, Timothy Seidel, 2021-05-18 This book explores the political economy of Palestine through critical interdisciplinary and decolonial perspectives underscoring that an approach to economics that does not consider the political a de politicized economics is inadequate to understanding the situation in occupied Palestine A critical interdisciplinary approach to political economy challenges prevailing neoliberal logics and structures that reproduce racial capitalism and explores how the political economy of occupied Palestine is shaped by processes of accumulation by exploitation and dispossession from both Israel and global business as well as from Palestinian elites A decolonial approach to Palestinian political economy foregrounds struggles against neoliberal and settler colonial policies and institutions and aids in the de fragmentation of Palestinian life land and political economy that the Oslo Accords perpetuated but whose histories of development over all of Palestine can be traced back for over a century The chapters in this book offer an in depth contextualization of the Palestinian political economy analyze the political economy of

integration fragmentation and inequality and explore and problematize multiple sectors and themes of political economy in the absence of sovereignty

**New Approaches to Economic Challenges Beyond Growth Towards a New Economic Approach** OECD,2020-09-11 As the world's leading intergovernmental forum on economic policy the OECD has a central role to play in creating a new economic narrative OECD Secretary General Angel Gurr therefore invited a high level group of experts to contribute their proposals on what needs to change in economic policy and policymaking This report summarises their conclusions

The Political Economy of Low Carbon Resilient Development Susannah Fisher,Neha Rai,2016-10-04 Over the last decade policies and financing decisions aiming to support low carbon resilient development within the least developed countries have been implemented across several regions Some governments are steered by international frameworks such as the UN Framework Convention on Climate Change UNFCCC while others take their own approach to planning and implementing climate resilient actions Within these diverse approaches however there are unspoken assumptions and normative assessments of what the solutions to climate change are who the most appropriate actors are and who should benefit from these actions This book examines the political economy dynamics or the underlying values knowledge discourses resources and power relationships behind decisions that support low carbon resilient development in the least developed countries While much has been written on the politics of climate change this book will focus on the political economy of national planning and the ways in which the least developed countries are moving from climate resilient planning to implementation The book will use empirical evidence of low carbon resilient development planning in four countries Bangladesh Ethiopia Rwanda and Nepal Different approaches to low carbon resilience are critically analysed based on detailed analysis of key policy areas This book will be of great interest to policy makers practitioners students and scholars of climate change and sustainable development

*21st Century Political Science: A Reference Handbook* John T Ishiyama,Marijke Breuning,2010-10-22 Via 99 entries or mini chapters the SAGE 21st Century Reference Series volumes on political science highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century 21st Century Political Science A Reference Handbook serves as an authoritative reference source that meets students research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or a research handbook chapter An editorial advisory board comprised of eminent scholars from various subfields many of whom are also award winning teachers selected the most important general topics in the discipline The two volumes are divided into six major parts 1 General Approaches of Political Science 2 Comparative Politics 3 International Relations 4 Political Science Methodology 5 Political Thought and 6 American Politics A section on identity politics includes chapters on topics such as Race Ethnicity and Politics Gender and Politics Religion and Politics and LGBT Issues Queer Theory This two volume resource makes fairly complex approaches in political science accessible to advanced undergraduate and beginning graduate

students     *The New Global Politics of the Asia Pacific* Michael K. Connors, Rémy Davison, Jörn Dosch, 2004-08-12 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company     **Relational Political Marketing in Party-centred Democracies** Helene P. M. Johansen, 2012 This book offers a critical study of the way in which traditional market logic derived from mainstream economics and managerial marketing is commonly applied to democratic politics within both political science and the rapidly expanding field of political marketing Offering a re conceptualisation of the political spheres in terms of markets which addresses the theoretical inadequacies of prior research this book examines some of the most important practical implications that this alternative approach to party centred politics may have for the marketing efforts of contemporary membership parties     *The Political Economy of Aid in Palestine* Sahar Taghdisi-Rad, 2010-10-04 This book examines the nature of donor operations in Palestine and questions the viability of aid as an instrument of economic development in conflict zones It highlights the political and ideological determinants of aid allocation and effectiveness arguing that aid to Palestine cannot bring about significant improvement as long as the Palestinian economy is fundamentally affected by Israeli occupation settlement and blockade     **Political Economy for Public Policy** Ethan Bueno de Mesquita, 2016-08-23 The ideal introductory textbook to the politics of the policymaking process This textbook uses modern political economy to introduce students of political science government economics and public policy to the politics of the policymaking process The book s distinct political economy approach has two virtues By developing general principles for thinking about policymaking it can be applied across a range of issue areas It also unifies the policy curriculum offering coherence to standard methods for teaching economics and statistics and drawing connections between fields The book begins by exploring the normative foundations of policymaking political theory social choice theory and the Paretian and utilitarian underpinnings of policy analysis It then introduces game theoretic models of social dilemmas externalities coordination problems and commitment problems that create opportunities for policy to improve social welfare Finally it shows how the political process creates technological and incentive constraints on government that shape policy outcomes Throughout concepts and models are illustrated and reinforced with discussions of empirical evidence and case studies This textbook is essential for all students of public policy and for anyone interested in the most current methods influencing policymaking today Comprehensive approach to politics and policy suitable for advanced undergraduates and graduate students Models unify policy curriculum through methodological coherence Exercises at the end of every chapter Self contained appendices cover necessary game theory Extensive discussion of cases and applications
