Jones, 2013-06-17. A wonderfully international and up to date perspective on strategic environmental assessment of land use plans by leading experts in the field. Strategic Environmental Assessment and Land Use Planning covers not only how much such SEAs are carried out and in what context but whether they are effective and why. It provides invaluable insights for practitioners and researchers in this rapidly evolving field. Riki Therivel, author of Strategic Environmental Assessment in Action. Strategic Environmental Assessment and Land Use Planning provides an authoritative international evaluation of the SEA of land use plans. The editors place the SEA of land use plans in context and uniquely qualified contributors then evaluate systems in Canada, Denmark, Germany, Hong Kong, Hungary, Ireland, The Netherlands, New Zealand, Portugal, South Africa, Sweden, the United Kingdom, the United States and the World Bank. These chapters provide a description of the context in each country, a case study of the use of SEA in land use planning and an evaluation of each SEA system against a set of generic criteria specially designed to analyse different aspects of SEA. The contributors critically review each SEA system, SEA process and SEA outcome and conclude by summarizing their findings. The editors draw the various national perspectives together in a final chapter and derive widely applicable conclusions about SEA and land use planning. This book is a core text for all students in environmental assessment, land use planning, environmental science, environmental management, development studies, geography, landscape design and law and engineering. It is also essential reading for all governments and environmental regulators, academics, researchers and environmental and planning consultants worldwide who are involved in SEA research practice and training. American Monetary Policy Adjustment and Its Impacts Liu

Weiping, 2024-01-16. This book reviews the historical evolution of U.S. monetary policy and then uses various methods such as mathematical models and econometric analysis to study the impact of U.S. monetary policy adjustments on the domestic economy and the spillover effects on the world economy. Finally, it summarizes the challenges faced by the Chinese economy in the post financial crisis era and proposes relevant countermeasures and suggestions for China to respond to U.S. monetary

policy adjustments      **Knowing the Salween River: Resource Politics of a Contested Transboundary River** Carl Middleton, Vanessa Lamb, 2019-08-12 This open access book focuses on the Salween River shared by China Myanmar and Thailand that is increasingly at the heart of pressing regional development debates The basin supports the livelihoods of over 10 million people and within it there is great socio economic cultural and political diversity The basin is witnessing intensifying dynamics of resource extraction alongside large dam construction conservation and development intervention that is unfolding within a complex terrain of local national and transnational governance With a focus on the contested politics of water and associated resources in the Salween basin this book offers a collection of empirical case studies that highlights local knowledge and perspectives Given the paucity of grounded social science studies in this contested basin this book provides conceptual insights at the intersection of resource governance development and politics of knowledge relevant to researchers policy makers and practitioners at a time when rapid change is underway Fills a significant knowledge gap on a major river in Southeast Asia with empirical and conceptual contributions Inter disciplinary perspective and by a range of writers including academics policy makers and civil society researchers the majority from within Southeast Asia New policy insights on a river at the cross roads of a major political and development transition      **OECD Green Growth Studies**
