Economic History Of Britain Since 1700 Vol 3 1939 199:

Ideas and Economic Crises in Britain from Attlee to Blair (1945-2005) Matthias Matthijs, 2012-08-21 During the period from 1945 to 2005 Britain underwent two deep seated institutional transformations when political elites successfully challenged the prevailing wisdom on how to govern the economy Attlee and Thatcher were able to effectively implement most of their political platforms During this period there were also two opportunities to challenge existing institutional arrangements Heath's U turn in 1972 signalled his failure to implement the radical agenda promised upon election in 1970 whilst Tony Blair's New Labour similarly failed to instigate a major break with the Thatcherite settlement Rather than simply retell the story of British economic policymaking since World War II this book offers a theoretically informed version of events which draws upon the literatures on institutional path dependence economic constructivism and political economy to explain this puzzle It will be of great interest to both researchers and postgraduates with an interest in British economic history and the fields of political economy and economic crisis more widely
