## **Economic Life In Korea:**

*The Quality of Life in Korea* Doh Chull Shin, Conrad P. Rutkowski, Chong-Min Park, 2013-04-17 This is the first volume ever published to examine the objective and subjective qualities of Korean life from both comparative and dynamic perspectives. It presents non-Western policy alternatives to enhancing the quality of citizens' lives, distinguishing Korea as an Asian model of economic prosperity and political democracy. The book is intended for academics, policy makers, and the general public interested in recent developments in Korea.

**A Contemporary Portrait of Life in Korea** Jibum Kim, 2023-10-20 This book delves into the values, attitudes, and behaviours of Koreans over the course of the past twenty years. Compiled by leading Korean scholars, the book uses the Korean General Social Survey (KGSS), the most comprehensive source of information detailing recent continuity and change in Korea, and addresses a diverse wide range of topics such as nationalism, familism, social inequality, politics, religion, welfare, trust, attitudes towards North Korea, and attitudes towards sex. These issues, in continuously shaping and influencing the lives of Koreans, deserve further examination so as to fully grasp a deeper understanding of Korean contemporary culture. Each chapter covers an overview of background information about the chapter subject and then compares Korean attitudes to those of other countries, drawing on cross-national data derived from sources such as the International Social Survey Programme (ISSP) and the East Asian Social Survey (EASS). It collates this data and then unpacks it to demonstrate trends and how they are impacted by stability or change. Despite the rapid economic development and democratization in Korea, it remains difficult to pinpoint common denominators regarding recent social trends in Korea, and there are surprisingly few books that present a current, nuanced, and empirically substantiated scholarly depiction of Koreans and their social issues. This book fills this gap in serving as an indispensable reference for students and scholars interested in the diverse issues in Korean society.

**The Politics of Economic Reform in South Korea** Tat Yan Kong, 2013-10-11 One of the most comprehensive texts on the political economy of Korea available. Up to date, goes up to 1999.

**Marxist Perspectives on South Korea in the Global Economy** Martin Hart-Landsberg, Seongjin Jeong, Westra Richard, 2017-03-02 This volume brings together work by international scholars to provide a unique analysis of the past, present, and possible future trajectory of Korea's political economy from a distinctly Marxist perspective. The volume differentiates the Marxian approach to the political economy of Korean development from the Keynesian social democratic approach that currently dominates the critical literature. In doing so, the volume provides a unique view of the development of the South Korean Economy.

*Social and Economic Policies in Korea* Dong-Myeon Shin, 2003-12-08 The sustained remarkable economic growth in the East Asian countries (Japan, South Korea, Taiwan, Hong Kong, and Singapore) has brought about a great deal of debate over the role of the state in the market and society. Shin analyses the dynamic process of state interventions in the economy and social affairs in Korea from the early 1960s until the present, with special reference to five policy areas: macro-economic policy, industrial policy, social security policy, labour policy, and education and training policy.

Social and Economic Policies in Korea develops a unique explanation about the development of Korean social policy using the concepts of policy idea policy network and policy linkages to examine the causes patterns and consequences of state interventions in the economy and social affairs over time It should interest students and researchers of East Asian studies social policy and development studies      **Policy and Economic Performance in Divided Korea during the Cold War**

**Era: 1945-91** Nicholas Eberstadt,2010-03-16 In Policy and Economic Performance in Divided Korea during the Cold War Era 1945 91 Eberstadt presents an impressive compilation of hard to find comparative data on economic performance for the Democratic People s Republic of Korea DPRK or North Korea and the Republic of Korea ROK or South Korea over two critical generations By a number of indicators Eberstadt argues Kim Il Sung s North Korea actually outperformed South Korea for much of this period not only in the years immediately following partition but perhaps also into the 1970s      **An Agenda for**

**Economic Reform in Korea** Kenneth Judd,Young-Ki Lee,2013-11-01 An Agenda for Economic Reform in Korea looks at Korea s economic problems from the perspective of the American experience with economic reforms and sheds new light on the problems of economic reform facing nations all over the world The authors examine such issues as corporate governance social welfare labor relations and other pressing challenges and suggest a new vision for the Korean economy      **Policy and**

**Economic Performance in Divided Korea During the Cold War Era** Nick Eberstadt,2010 Nicholas Eberstadt presents an impressive compilation of hard to find comparative data on economic performance for North Korea and South Korea over two critical generations      *Korea's Democratization* Samuel S. Kim,2003-05-19 Table of contents      **Funeral Rites in**

**Contemporary Korea** Gil-Soo Han,2019-05-22 This book explores 21st century Korean society on the basis of its dramatically transforming and rapidly expanding commercial funeral industry With insights into contemporary Confucianism shamanism and filial piety as well as modernisation urbanisation the division of labour and the digitalisation of consumption it is the first study of its kind to offer a sophisticated integrated sociological analysis of how the commodification of death intersects with capitalism popular culture and everyday life in contemporary Korea Through innovative analyses of funeral advertising and journalism screen and literary representations of funerals online media consumer accounts of using funeral services and other sources it offers a complex picture of the widespread effects of economic development urbanisation and modernisation in South Korean society over the past quarter century In the aftermath of the Korean economic miracle novel ways of paying respect to deceased kin have emerged using Max Weber s concept of pariah capitalism Gil Soo Han shows how the heightened obsession with and boom in the commodification of death in Korea reflects radical transformations in both capital and culture Winner of Korean Education Minister s Book Prize 2020      *North Korea in a Nutshell* Kongdan Oh,Ralph Hassig,2021-06-11 Explore North Korea one of the most secretive countries in the world This thoughtful book provides a concise introduction to North Korea Two leading experts Kongdan Oh and Ralph Hassig trace the country s history from its founding in 1948 and describe the many facets of its political economic social and cultural life The authors

illuminate a hidden nation dominated by three generations of the secretive Kim regime a family dynasty more suited to the Middle Ages than the contemporary era North Korea has a robust if outmoded military force including a growing arsenal of weapons of mass destruction to deter and defend against foreign attacks and to maintain independence and isolation from the rest of the world The struggling economy disconnected from the global marketplace operates under harsh international sanctions All North Koreans from the highest party cadres to the youngest children living in prison camps are essentially servants of the leader Despite Kim Jong un s despotic control the authors argue that North Korea cannot continue on its current path indefinitely Kim treats even his closest associates harshly and the gap is widening between his elite supporters numbering a million or so and the other twenty four million North Koreans The economic and technological gap between South Korea and North Korea is increasing as well and younger people are becoming disenchanted as they gradually learn more about the outside world

*South Korea* Andrea Matles Savada, William Shaw, 1997-07 Describes and analyzes South Korea s political economic social and national security systems and institutions Examines the inter relationships of those systems and the ways they are shaped by cultural factors Provides a basic understanding of the observed society striving for a dynamic portrayal Particular attention is devoted to the people who make up the society their origins dominant beliefs and values their common interests and the issues on which they are divided the nature and extent of their involvement with national institutions and their attitudes toward each other and toward their social system and political order

**One Korea** Shepherd Iverson, 2013-09-06 Peaceful Korean reunification would end a growing nuclear threat ease regional and geopolitical tensions and bring about significant economic growth and cooperation in resource rich Northeast Asia The central assumption of this book is that peace and reunification can be achieved by changing the underlying incentive structure for all North Koreans and by offering its leaders a safe honorable and profitable way out of a deteriorating situation Economic stagnation and increased awareness of the better life beyond their borders has led to growing dissent inside North Korea while dynastic transition and the rise of a new generation of leaders may have opened a new opportunity for political acquiescence The book outlines a Korean Peace Fund strategy that provides for global elites corporations and governments to raise 300 billion to give to North Korean power elites military officers and common people if they agree to reunify under South Korean political leadership Kim Jong un would likely be hailed worldwide for participating in a win win face saving resolution

The Making of Modern Korea Adrian Buzo,2004-08-02 This new revised edition of this popular text provides an accurate balanced and readable history of Korea from 1910 to the present day     Korea 1991 Michael J. Mazarr,2019-03-13 This book is the product of a continuing joint effort by the Korea Institute for Defense Analyses and the Washington based Center for Strategic and International Studies to find roads to a lasting settlement of the dangerous intra Korean confrontation

Korea Hermann Lautensach,2012-12-06 Lautensach s Korea is a regional geography the most comprehensive one ever written on Korea in a western language It was written before the country was divided and provides a wealth of information on the entire country particularly on the north something that has been difficult to obtain in the West in the past forty years Unfortunately only very few volumes survived the end of World War II so that it has been very difficult to get hold of the book Lautensach s Korea is considered a classical example of regional geography     *Korea's Foreign Policy Dilemmas*

Sung-Hack Kang,2010-12-13 Koreans historically consider their country as a victim of foreign powers sometimes seeing themselves as a shrimp among whales In fact Korea s national status has to a great extent been determined by the historical rivalries between the great powers This collection of essays produced over time by one of Korea s leading political scientists probes many of the fundamental post Korean War issues South Korea has wrestled with in the context of its foreign policy positions not least the question of how it actually defines its foreign policy its relationship with the United States and the ever present security issues Other essays examine the role of the US on the Korean peninsula after the end of the Cold War

what policy directions South Korea should take towards North Korea what is North Korea's security policy and what are the conditions for reunification This thought provoking volume provides a valuable overarching framework towards a more informed understanding of how South Korea's relationship with the outside world has evolved in the twentieth century and the manner in which it is likely to do business in the twenty first *Korean Survey*, 1952
