The Economies of Africa and Asia in the Inter-war Depression (Routledge Revivals) Ian Brown, 2014-11-13 The great inter war depression has long been seen as an unprecedented economic disaster for the peoples of the non European world This book with its detailed assessment of the impact of the depression on the economies of Africa and Asia challenges the orthodox view and is essential reading for those with a teaching or research interest in the modern economic history of those continents Established specialists in the modern economic history of parts of Africa or Asia put forward a number of revisionist arguments They show that some economies were left essentially unscathed by the depression and that for many export dependent peasant communities which did face a severe drop in cash income as world commodity prices collapsed from the late 1920s there was a range of important responses and reactions by which they could defend their economic welfare For many peasant communities the depression was not a disaster but an opportunity Africa, Asia, and South America Since 1800 A. Research Libraries, 1979 *Byzantine Jewry in the Mediterranean Economy* Joshua Holo, 2009-11-12 Using primary sources Joshua Holo uncovers the day to day workings of the Byzantine Jewish economy in the middle Byzantine period Built on a web of exchange systems both exclusive to the Jewish community and integrated in society at large this economy forces a revision of Jewish history in the region Paradoxically the two distinct economic orientations inward and outward simultaneously advanced both the integration of the Jews into the larger Byzantine economy and their segregation as a self contained body economic Dr Holo finds that the Jews routinely leveraged their internal even exclusive systems of law and culture to break into occasionally to dominate Byzantine markets In doing so they challenge our concept of Diaspora life as a balance between

the two competing impulses of integration and segregation The success of this enterprise furthermore qualifies the prevailing claim of Jewish economic decline during the Commercial Revolution Development and Diffusionism J. Dibua,2015-12-04
This book deconstructs the neopatrimonial paradigm that has dominated analysis of Nigerian and African development It shows that by denying agency to Nigerian societies and devaluing indigenous culture and local realities Eurocentric diffusionism played a significant role in the failure of development planning *A General History of Europe* James Harvey Robinson,James Henry Breasted,Emma Peters Smith,1921
