Edgar Cayce And The Eternal Feminine:

Edgar Cayce and the Eternal Feminine Lynn Rogers, 2004-05 Rogers explores the Eternal Feminine and Edgar Cayce From Creation Myths Twin Souls and Goddess practices Rogers offers insight into the causes of oppression of women in search of gender justice Rogers presents the Circle of Light Ritual and interviews engaged in The Work This book is a shining star

Goddesses for Every Day Julie Loar, 2011 Throughout time people have turned to goddesses as symbols of what they seek from abundance to healing from protection to passion Building on the resurgence of interest in the Divine Feminine Julie Loar presents the qualities and origins of an international array of these deities along with powerful suggestions for putting their attributes to practical use In a daily reflection format she gracefully aligns the goddesses with the cycles of nature and the signs of the zodiac If you are struggling to attain a goal call on the Nepalese goddess Chomolungma as the sherpas climbing Mount Everest have done for generations Or for good luck invoke the Roman goddess Fortuna the inspiration behind gambling s wheel of fortune With 366 goddesses to choose from you will find a deity to call upon for every aspiration and need

The Return of Mother God Tony Scazzero, 2023-01-20 Most people become upset and even angry when it s suggested that the God they know as Lord and Father might also be called God the Mother Yet a society that reveres the feminine creates beauty love and equality More importantly the return of Mother God is needed as conferring with Her will improve our thinking to better handle the challenges of life The future prosperity of all countries would be ensured if men and women equally shared tasks working side by side It doesn t take a genius to figure out that humanity will benefit from a kinder gender balanced divinity Since God is the male female parent of all mankind until the Divine Mother is welcome back into our hearts humanity cannot fulfil their potential Mother God brings the highest awareness with limitless nurturing

What If God Has a Vagina? John Casperson, 2020-04-01 Stars and galaxies atoms and molecules all created so to render a divine arena for God to love man and for man to love God Atoms and molecules of our bodies observe the same physical laws as those stars of the cosmos Yet divinity rests not with the stars but within each of us whose spirit seeks to touch them In the twenty first century it is now more appropriate to equate gender identity with a spiritual hemisphere masculine or feminine than merely biological plumbing genitalia I think too that the Golden Rule Do unto others as you would have them do unto you falls short of the mark unless the statement applies to animals and plants Misogyny the hatred of women Or more provocatively is misogyny the hatred of being attracted to women Evil resides within one s own mind and is pointed toward other people as hate envy bigotry racism etc The mind is a wonderful window for the sun to shine in but only works if the shades are open Men and women participate in the game of sex the board is the same but men bring checkers and women bring chess pieces The most marvelous sex organ isn t between the legs it s between the ears Let s be clear worship is not love Worship is idolatry love is love We seek expression sexual or otherwise without hindrance to seek and discover self our unique identity our inner yearning to reach for infinity left behind yet achingly just ahead Our souls strive

for freedom and in so doing What we commonly call man the eating drinking counting man does not as we know him represent himself Him we do not respect But the soul whose organ he is would make our knees bend When it breathes through his intellect it is genius When it breathes through his will it is virtue When it flows through his affection it is love Walt Whitman

The Palgrave Handbook of Africa and the Changing Global Order Samuel Ojo Oloruntoba, Toyin Falola, 2021-11-22 This handbook fills a large gap in the current knowledge about the critical role of Africa in the changing global order By connecting the past present and future in a continuum that shows the paradox of existence for over one billion people the book underlines the centrality of the African continent to global knowledge production the global economy global security and global creativity Bringing together perspectives from top Africa scholars it actively dispels myths of the continent as just a passive recipient of external influences presenting instead an image of an active global agent that astutely projects soft power Unlike previous handbooks this book offers an eclectic mix of historical contemporary and interdisciplinary approaches that allow for a more holistic view of the many aspects of Africa's relations with the world

Edgar Cayce and the Kabbalah John Van Auken, 2010 John Van Auken combines his love of Kabbalah with his 40 years of studying the psychic readings of world famous seer Edgar Cayce to take us on a mind expanding journey through creation and the higher levels of our consciousness Van Auken's easy writing style helps to shed light on the most complicated concepts in Kabbalah making it easier to grasp the five divisions of our being the four planes of existence the seven heavens the ten emanations and the twenty two channels of the Infinite Creative Consciousness We also learn how to expand our minds to perceive these realms to journey through them and to remain sane healthy and active in our present life Van Auken brings in insights from Buddhism Hinduism Taoism and even ancient Egyptian theology and includes Gnosticism and Neo Platonism in this multi dimensional vista A reading journey into Edgar Cayce and the Kabbalah offers you a personal road map to higher consciousness and a happier more fulfilling life

The Power of Coincidence Frank Joseph, 2009-03-01 A valuable guide book that leads us step by step into communication with our deeper subconscious nature and nudges open the gate to our inner self Dale Graff Frank Joseph boldly and eloquently connects us to a larger world Thomas Ropp We have all experienced inexplicable coincidences such as thinking about an old friend before the phone rings and it happens to be that old friend The Power of Coincidence reveals that such events are not random but crucial pieces in the puzzle of our lives Author Frank Joseph shows us how to recognize instances of meaningful coincidence or synchronicity as it was called by Jung and the guidance they offer in finding our true path in life Includes instructions on how to keep a personal journal of meaningful coincidences revealing the significant patterns and cycles within your life

Pagan Portals - The Fallen Women of Mythology Lady Haight-Ashton,2024-09-27

Women have traditionally been written out of history But throughout ancient myths stories and legends there is a power in rediscovering the experiences of the many fallen women who have been hidden from the annals of the past Portrayed to us as enigmatic Goddesses devout saints scandalous sinners and infamous biblical whores their storylines of inequity were scorned or in many instances disregarded altogether to gather the dust of antiquity They are the hidden gems of the ancient world and it is time to awaken their voices For within every account of a fallen woman whether Divine or human there is another very fascinating side to their story

Historical Dictionary of New Religious Movements George D. Chryssides,2012 New religious

movements commonly known as cults are defined as organizations that have arisen within the last 200 years. Most treatments of these movements have typically resorted to sensationalism rather than objectivity and New religious movements tend to receive negative media publicity. Despite their unfavorable portrayal in popular culture, however, new religious movements are a global phenomenon and much remains to be studied about these movements. In this newly updated second edition of the *Historical Dictionary of New Religious Movements*, George D. Chryssides traces the rise and development of new religious movements throughout the world. An updated introduction summarizes the phenomenon of new religious movements and lays out the changes to the dictionary since the 2001 edition, while the main body of the dictionary consists of close to 600 cross-referenced entries on key figures, ideas, themes, and places related to various new religious movements. An index organizes the information in the dictionary, and a comprehensive bibliography leads the researcher to further sources. This book is an excellent access point for students, researchers, and anyone wanting to know more about new religious movements.

The to Z of New Religious Movements George D. Chryssides, 2006-04-17. Alongside the older and more established religions, there are hundreds, indeed thousands, more which have recently emerged. These new religious movements or NRMs, for lack of a better name, are not only numerous; they are also extremely varied and stem from a wide array of sources. They run the gamut from small to large and all possess a tendency to constantly expand. And while their potential for good is considerable, more often than not, it is their abuses that are noticed. Still, writing them off as sects is too easy, especially when they are as poorly understood as they often are. *The A to Z of New Religious Movements* is a major contribution to understanding these new and formative religions. While leaving any evaluation to the reader, it offers brief descriptions of well over a hundred NRMs in the dictionary section, along with information on the founders and leaders and also their roots in Christianity, Buddhism, Hinduism, Islam, and other more traditional religions. The impact of modern philosophy and science are also weighed. Since their roots often lay further back, the chronology starts in the 18th century and continues to the present, and the introduction attempts the arduous task of defining and categorizing the NRMs. The extensive bibliography provides further reading.
