Bureau of Naval Personnel,1948 **Jane Austen and Mozart** Robert K. Wallace,2009-01-01 Literary critics such as Virginia Woolf and Lionel Trilling had noted intuitive affinities between the art of Jane Austen and that of Mozart but this 1983 book was the first to compare their artistic style and individual works in a comprehensive way Extended comparisons are of course difficult because of the intrinsic differences between prose fiction and instrumental music In Jane Austen and Mozart Robert K Wallace has succeeded in making illuminating comparisons of spirit and form in the work of these two artists His book celebrates the achievements of Austen and Mozart by comparing their stylistic significance in the history of their separate arts and by offering comparisons of three Austen novels with three Mozart piano concertos In exploring precise similarities between the two artists Wallace shows how the art and criticism of one field can illuminate the art and criticism of another Above all Jane Austen and Mozart attempts to show the degree to which three masterpieces by each artist have comparable meaning and value **Fatal Self-Deception** Eugene D. Genovese,Elizabeth Fox-Genovese,2011-10-24 Slaveholders were preoccupied with presenting slavery as a benign paternalistic institution in which the planter took care of his family and slaves were content with their fate In this book Eugene D Genovese and Elizabeth Fox Genovese discuss how slaveholders perpetuated and rationalized this romanticized version of life on the plantation Slaveholders paternalism had little to do with ostensible benevolence kindness and good cheer It grew out of the necessity to discipline and morally justify a system of exploitation At the same time this book also advocates the examination of masters relations with white plantation laborers and servants a largely unstudied subject Southerners drew on the work of British and European socialists to conclude that all labor white and black suffered de facto slavery and they championed the South s Christian slavery as the most humane and compassionate of social systems ancient and modern Research Relating to Children ... Stages of European Romanticism Theodore Ziolkowski, 2018 Employs an innovative approach by stages to offer a unified vision of European Romanticism over the half century of its growth and decline Romanticism was a truly European phenomenon extending roughly from the French Revolution to the 1848 revolutions and embracing not only literature and drama but also music and visual arts Because of Romanticism s vast scope most treatments have restricted themselves to single countries or to specific forms notably literature art or music This book takes a wider view by considering in each of six chapters representative examples of works from across Europe and across a range of the arts that were created in a single year For instance in the first chapter focusing on the year 1798 Beethoven s Path tique sonata Wordsworth and Coleridge s Lyrical Ballads Tieck s novel Franz Sternbalds Wanderungen and Goya s painting El sue o de la raz n The following chapters treat works from the years 1808 1818 1828 1838 and 1848 This approach by stages makes it possible to determine characteristics of six stages of Romanticism in its historical and

intellectual context and to note the conspicuous differences between these stages as European Romanticism developed for example the waxing and waning of religious themes the shifting visions of landscape the gradual ironic detachment from early Romanticism In sum the volume offers a unified vision of European Romanticism in all its aesthetic forms over the half century of its growth and decline Theodore Ziolkowski is Professor Emeritus of German and Comparative Literature Princeton University
