## **Edinburgh Festival A Pictorial Celebration:**

**The Edinburgh Festival** Robbie Jack, Owen Dudley Edwards, 1990-01-01      *Edinburgh's Festivals* David Pollock, 2023-08-04 In August 1947 an migr Austrian opera impresario launched the Edinburgh International Festival of Music and Drama to heal the scars of the Second World War through a celebration of the arts At the same time a socialist theatre group from Glasgow and other amateur companies protested their exclusion from the festival by performing anyway inventing the concept of fringe theatre Now the annual celebration known collectively as the Edinburgh Festival is the largest arts festival in the world incorporating events dedicated to theatre film art literature comedy dance jazz and even military pageantry It has launched careers from Peter Cook and Dudley Moore in Beyond the Fringe to Phoebe Waller Bridge with Fleabag mirrored the political and social mood of its times shaped the city of Edinburgh around it and welcomed a huge all star cast including Orson Welles Grace Kelly Yehudi Menuhin and Mark E Smith s The Fall and many many more This is its story      Fringe and Fortune Wesley Monroe Shrum, Jr., 2021-03-09 Why does the distinction between high and popular art persist in spite of postmodernist predictions that it should vanish Departing from the conventional view that such distinctions are class related Wesley Shrum concentrates instead on the way individuals form opinions about culture through the mediation of critics He shows that it is the extent to which critics shape the reception of an art form that determines its place in the cultural hierarchy Those who patronize lowbrow art stand up comedy cabaret movies and popular music do not heed critical opinions nearly as much as do those who patronize highbrow art theater opera and classical music Thus the role of critics is crucial to understanding the nature of cultural hierarchy and its persistence Shrum supports his argument through an inquiry into the performing arts focusing on the Edinburgh Fringe the world s largest and most diverse art festival Beginning with eighteenth century London playhouses and print media where performance art criticism flourished Shrum examines the triangle of mediation involving critics spectators and performers The Fringe is shown to parallel modern art worlds where choices proliferate along with the demand for guidance Using interviews with critics and performers analysis of audiences and published reviews as well as dramatic vignettes Shrum reveals the impact of critics on high art forms and explores the status bargain in which consumers are influenced by experts in return for prestige      **Punch** ,1990
