McCheyne's Dundee Bruce McLennan,2018-02-15 In the mid nineteenth century Dundee was gradually establishing itself as Scotland's third largest city with a rapidly expanding economy What most attracted observers attention however was the religious revival that began in the Fall of 1839 under the leadership of two relatively young and inexperienced ministers Robert Murray McCheyne 1813 1843 and William Chalmers Burns 1815 1868 In McCheyne's Dundee historian Bruce McLennan ably traces the story of revival in this industrial Scottish seaport After looking at the social and economic conditions of the city as well as the significant religious issues of the day he then considers McCheyne and Burns their backgrounds their brief ministries in Dundee and their impact as God's instruments of great spiritual blessing to the people of that city McLennan concludes with an analysis of the reactions to the revival both approbation and opposition and the awakening's long term effects which could still be seen a generation later Table of Contents 1 Dundee in the 1830s and 1840s 2 Two Background Religious Issues of the Times 3 Breaking Up the Fallow Ground McCheyne's Early Years in Dundee Preparing for Revival 4 That Memorable Field Burns's Seven Months in Dundee 5 McCheyne's Last Years in Dundee Continuing Evidence of Revival 6 McCheyne and the Lambs 7 Responses to the Revival Opposition and Approbation 8 Aftermath

Place, Pedagogy and Play Matluba Khan,Simon Bell,Jenny Wood,2020-08-03 Place Pedagogy and Play connects landscape architecture with education psychology public health and planning Over the course of thirteen chapters it examines how design and research of places can be approached through multiple lenses of pedagogy and play and how children as competent social agents are engaged in the process of designing

their own spaces and brings a global perspective to the debate around child friendly environments Despite growing evidence of the benefits of nature for health wellbeing play and learning children are increasingly spending more time indoors Indeed new policy ideas and public campaigns suggest how children can become better connected with nature yet linking outdoor space to pedagogy is largely overlooked in research By focusing on three themes within these debates place and play place and pedagogy and place and participation this book explores a variety of angles to show that best practice requires dialogue between research disciplines designers educationists and psychologists and a move beyond seeing the spaces children inhabit as the domain only of childhood professionals Through illustrated case studies this book presents a wider picture of the state of childhood today and offers practical solutions and further research avenues that promote a more holistic and internationally focused perspective on place pedagogy and play for built environment professionals Chapter 12 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
