Understanding Judaism and the Jews in the Gospel of John Nathan Thiel, 2024-10-02 Understanding Judaism and the Jews in the Gospel of John Polemic Tradition and Johannine Self Identity reopens the perennial question of the Fourth Gospel's perplexing characterization of the Jews According to the reigning paradigm the Gospel of John witnesses to a community's burgeoning sense of religious distinctiveness Ethnically Jewish believers in Jesus had begun to forge a new identity in contrast to the Jews Nathan Thiel assesses the weaknesses of the prevailing model arguing that the fourth evangelist still saw himself as living and working within the Jewish tradition Yet if the Gospel of John is the literary product of a self consciously Jewish author why would he speak so often and so critically of the Jews Thiel considers the factors which have conditioned the evangelist's choice of terminology the Gospel's setting its intended audience and above all John's indebtedness to Scripture As a first century Jew well versed in Israel's sacred texts the evangelist has modeled his story of Jesus after patterns familiar to him from the Scriptures Scriptures in which Israelite

authors consistently portray their ancestors as faithless despite God's powerful work on their behalf John is a relentless critic but such cutting theological assessment had long been part of Israel's counterintuitive way of telling its history Gender Complementarity and Christian Personalism Mary Veronica Sabelli, John P. Hittinger, 2025 When in the 1970's Sister Prudence Allen RSM began to investigate philosophical thought on woman the question was considered to be at best a marginal area for philosophical research Rather it was seen as a sociological anthropological psychological or political issue This book confirms that today partly due to Allen's groundbreaking work the complementarity of man and woman is an important and fruitful area of research in philosophy providing an evaluative framework that enriches and challenges many other disciplines No one could have foreseen the centrality of her research for questions of gender theory that are in the third decade of the 21st century in the forefront of public attention In the present volume leading authors in the area of sex gender complementarity reflect upon and further develop various aspects of Allen's research In 14 original scholarly essays some contributors build upon Allen's project of exploring the concept of woman throughout the history of philosophy Others explore the work of 20th century philosophers most of them Christian Personalists whom Allen credits with significant influence on the development of integral gender complementarity such as Karol Wojtya a John Paul II Jacques Maritain Edith Stein Emmanuel Mounier W Norris Clarke SJ and Bernard Lonergan SJ Still other contributors consider Marian spirituality analogies between Benedictine spirituality and the physiological realities of a woman's body during pregnancy seminary education in the writings of Allen and others and the impact of Allen's work on the real lives of women in families the Church and professional life Upon completing her magisterial three volume work *The Concept of Woman* Allen passed the baton to a new generation of scholars stating The next phases will be developed by those who themselves take the argument further and deeper in their own research writing living and lecturing The present volume takes up the baton carrying Allen's work forward and paying tribute to the lifetime achievement of a great scholar **The Oxford Dictionary of the Christian Church** Frank Leslie Cross, Elizabeth A. Livingstone, 2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics

teachers and students of church history and theology as well as for the general reader **Karol Wojtyla's Philosophical Legacy** Nancy Mardas, Agnes B. Curry, George F. McLean, 2008 **Revisiting Mister Rogers' Neighborhood** Kathy Merlock Jackson, Steven M. Emmanuel, 2016-02-17 During its 33 season run Mister Rogers Neighborhood 1968 2001 left an indelible mark on millions of children and their caregivers Perhaps no series in the history of children s television has done more to develop the identity and ethics of the child More than a decade after Fred Rogers death he continues to attract an audience online Yet despite the show s lasting impact it has been largely ignored by scholars This collection of new essays focuses on Rogers contributions to children s lives to the media and to American culture at large The contributors discuss his stance on the individual and the perception of self his ideas about meaningful participation in a community and his use of television Clearly Mr Rogers ideas still strongly resonate **The Bloomsbury Guide to Christian Spirituality** Peter Tyler, Richard Woods, 2012-10-25 Introduction to Christian spirituality with scholarly input Each article is by a leading academic and explains the subject matter in an accessible and open fashion **Theological Studies** William James McGarry, John Courtney Murray, 2004 International Philosophical Quarterly , 2003
